Youth and Suicide in American Cinema Alessandra Seggi, 2022-10-27 This book explores the depiction of suicide in American youth films from 1900 to 2019 Anchored in Sociology this multidisciplinary study investigates the causes and consequences of suicide and uncovers the socio cultural context for the development of youth film and suicide While such cinematic portrayals seem to privilege external explanations of suicide versus internal or psychological ones overall they are neither rich nor sensitive Most are simplistic limited or at the very least unbalanced At times they are flatly controversial In light of this overall problematic depiction of suicide this book offers a proactive approach to empower young audiences a media literacy strategy to embrace while watching these films
