Adams It is great reading and could be the text book for Political Science 101 After carefully developing the title character

Adams provides a simple insight into what has gone wrong with the U S political system and what it will take to fix it Adams weaves the lesson into a fascinating story about a retired everyman J T Spencer who is suddenly thrust into the national limelight of presidential politics As the story unfolds you find your self worrying not only about our hero but the fate of our country as well J T Spencer's presidential campaign was more than a political phenomenon It was a clear indication of the level of social unrest that existed through out the entire country But three truly unique circumstances had to come together at the same time to create the perfect political storm of social rebellion. The first was the public s pervasive lack of trust in the entire political system a distrust that had been building since Watergate and had reached critical mass during the last two administrations The second factor was one of simple technology The spread of personal computers and the ever increasing number of people whose primary source of information was the internet made possible a new type of grass roots campaign The third and final factor was the intense media scrutiny focused on presidential candidates Every aspect of the lives of public figures especially those who would aspire to public office and political leadership was fair game for the Dragonman Ted Lazaris, 2004-06 The Butterfly Within is a novel about self discovery resolving internal evening news issues and taking responsibility for one s actions A young woman reflects on her childhood in order to grasp a better understanding of how she came to be who she is She also struggles to empower herself and break the cycles of self destruction and low self esteem that have plaqued her family for generations iPhone: The Missing Manual David Pogue, 2018-11-06 The iPhone XS XS Max and XR aren t just faster and more powerful than ever they re also better at all of the things you use an iPhone for With the latest edition of this bestselling guide you get a funny gorgeously illustrated guide to the tips shortcuts and workarounds that will turn you into an iPhone master This easy to use book will also get you up to speed on all iOS 12 features including new Siri shortcuts Group FaceTime and improved parental controls Missing Manual series creator and former New York Times columnist David Pogue helps you accomplish everything from web browsing to watching videos You ll get up to speed on features such as Dual SIM Support that lets you use two lines on one phone and True Tone technology that adjusts the display to your environment Pick up this beautiful full color book and learn how to get the most out of your iPhone Peggy and Me Miranda Hart, 2016-10-06 FROM NATIONAL TREASURE and star and creator of the award winning BBC sitcom Miranda comes Miranda Hart's heart warming and hilarious account of life with her beloved dog Peggy a gorgeous white bichon frise Hilariously funny and often moving memoir we loved every word Heat Open honest her misadventures are hilariously described charming and funny Daily Express Hello dear book browser and welcome to Peggy the way they have a light covering of dog hair all over their clothes and sofas and worse an alarming comfort and ease around excrement But I now get why people become so mad about their hounds It wasn t instant love I have to admit Getting a puppy when I was at a low ebb in my life wasn t easy there was a lot of challenging what I call dog administration dog min and the humiliating first trip to the vet still haunts me It s been a bumpy old road but Peggy has been lovingly by my side through some life changing moments and I wouldn t have coped without her Most surprisingly she has taught me a huge amount not how to get an old pie packet out of a bin and lick it I could already do that but real lessons about life and love and trust and friendship Put aside any doggy reservations and come walkies with Peggy and me

The

The latest case is about graffiti defacing the local temple and Zack wonders why his dad is making such a big deal about it

After all it s not like it s a murder But what makes this hate crime a real shocker for Zack is that he knows the guy who

committed it a fellow lacrosse player and a good student who s never been in trouble And it s only when Zack tries to get to
the bottom of this senseless act that he fully understands the terror these vicious scrawls evoke When a sickness that once
swept the world killing millions rear its ugly head in a quiet community and turns friend against friend it s a very big deal

"We, the People" Leo Huberman,1940 On Madness Richard G. T. Gipps,2022-09-08 Can we reach the psychotic subject in their delusion Psychopathological theorists often try to find a way to characterise this subject s inner predicament so that their opaque utterances and actions will now rationally hang together In this pathbreaking work philosopher and clinical psychologist Richard G T Gipps demonstrates how such efforts at rational retrieval actually result in us setting our face against the psychotic subject in their distress Bringing together patient memoir psychopathological observation and philosophical thought Gipps offers a profound alternative On the one hand he shows how by appreciating just why we can t locate rational order within psychotic thought we can better understand what it is to suffer delusion and psychosis On the other he recovers for us the value of such expressive motivational and symbolic forms of understanding as only become available once we ve been turned away at reason s door In such ways Gipps not only solves the psychopathological problem of delusion but also shows us how to bear a truer witness to the psychotic subject in their brokenness pain and despair

Potato People Jack Schmitt,2019-02-12 The book details the adventures of the eldest son of a working class family from the urban Midwest who enters the army in the late 1960s and is transformed from a naive cowboy idolizer into a devious larcenous gun carrying reprobate He delves into the world of black market activities prostitutes drugs and race relations and emerges a callous man for whom death is divided into two basic classes bodies that are sent away and those that are dismissed as the impersonal enemy Raised in an all white environment and having had only one long term exposure to a person of color during a short period attending a seminary he was taught to treat others fairly or to ignore them if their

behavior warranted it In the army he encounters young men from every part of the country Some require special treatment while others introduce him to layers of the spectrum of life which he did not know existed He receives specialized training and instead of being sent directly to Vietnam is dispatched to Germany to participate in the Cold War in a very active manner While in the army from 1967 to 1970 he wrote over five hundred letters many to a girl with whom relations ended upon his return from Vietnam She gave all the letters back and they stayed on a shelf waiting to fulfill the promise to someday write a book about the things that happened His father also returned the letters that were written to him which described the language used the abuse suffered and the status of race and homosexual relations as well as the horrors of war in no uncertain terms The letters remained untouched for nearly fifty years but he would sometimes recount an incident to friends or family receiving in return an urging to write the stories for them His older daughter chronologically organized the letters while his other daughter edited the manuscript as it was being written. The idea to write this book as well as its title struck while joking with fellow GI s in the barracks about someday telling the world that no one would believe the things they were doing in the name of serving their country They would develop audacious pranks to outdo one another or minimalize a situation and just be glad to live another day They often remarked about spending parents and grandparents tax money on atrocious wastes of effort and material The military personnel during the late 60s fit three distinct categories juicers heads and straights The first included men from every state since almost everyone drank now and then The second referred to the use of acid by some while smokers and dopers fit right in Lastly there were some individuals who preferred not to get wasted by any means Homosexuals and blacks could occupy any of the groups The story details army life for a middle class Midwest man who is introduced to conditions and concepts he had never imagined in Europe then in the States and finally in Vietnam The intended audience is adult mostly because of the language and the portrayal of man's cruelty to man while on the other hand the book is both nostalgic as well as informative Instagram Your Brand 2020 Amie Pendle, 2020-03-09 Stand Up and Stand Out with the Brandographer as she teaches you her online bestie how to dominate social media with a brand that screams YOU Learn everything from how to take your own photos to posting hacks that will get you seen Wanna work with brands as an influencer and grow your following We have you covered there too Unforgettable Characters in the Lives of Ordinary People Steve Feinstein, 2021-11-18 Unforgettable Characters in the Lives of Ordinary People A collection of stories about remarkable individuals and their lasting impact By Steve Feinstein Here is a collection of funny poignant real life stories about the people in our lives that well never forget They are our best childhood friends that amazing boss at your first real job and the father in law who mistakenly turned off your stove when you had a houseful of guests All of it is true and you ll recognize yourself and your characters as you read it Steve s stories grabbed me right away and transported me into his world With his attention to detail descriptive words and enthusiasm I was immersed immediately Each story is a true respite in and of itself with some great laughs along the way Jill R Dorson Editor of RealClearHistory com Steve Feinstein has

created a tapestry of entertainment interwoven among multiple aspects of life If you are a fan of sports music history or just fascinating events and people you will be thoroughly entertained by reading Unforgettable Characters in the Lives of Ordinary People J D Keene critically acclaimed WW2 historical fiction author We the People Michael Raymond, 2008-08-07 When a video from a group called The People turns up following worldwide nuclear attacks everyone thinks Nuclear Terrorism Cliff Tanner CIA specialist uncovers the truth Rather than finding sophisticated terrorists earth is in the early stages of an alien invasion NOTE All royalties donated to Cancer Society A Person of Interest Ardelle Holden, 2018-05-29 Samantha took a taxi from the SkyTrain terminal to Chinatown that blustery night She was happy with the progress she d made on her novel in the two weeks she d been away But the breakup with Don when she d left had not gone well and she cringed at the thought of having to deal with his temper again Tired and soaked to the skin Samantha climbed the stairs to her friend s apartment The door stood ajar which was curious Siobhan should have been at work When Samantha peered in she could just see the outline of two ominous figures skulking in the gloom She gasped and slammed the door shut She could hear their muffled shouts as she flew screaming down the stairs into the street Gripped with fear and shielding her face from the driving rain Samantha dodged between jousting umbrellas and the spray from the headlong rush of the traffic that threatened to thwart her escape A Person of Interest thrills and excites with romance and danger in this debut mystery novel by Ardelle Holden
