Something Going:

Underground Taylor Fleek, 2014-06-11 Technology is in a constant state of flux and religion is being called into question Agent Jack Connors a silent believer and his atheist partner Kate Matthews find themselves undertaking a mission that will change the course of their lives forever While pursuing an illegal arms dealer they are forced to hire soldiers from an enigmatic military research and development company known as Network But the soldiers there are more than they ever expected The Network soldiers are devoid of personality feeling and choice perfectly obedient Once the soldiers have been assigned to kill nothing can stop them All this coincides with the rise of religious restrictions promoted by the peoples servant Senator Randolph Blakard a man who holds the loyalty and love of the people in the palm of his hand But just like the Network soldiers there is more to him than meets the eye Jack finds himself struggling between his duty and his beliefs as secrets about Network and their soldiers culminate into a conspiracy over twenty years in the making Will Jacks faith help him survive the black fires of persecution and show Kate the power of truth Or will she end up like the rest just another empty soul

I USED TO Hate School Dr. Harrison Jones IV, 2019-07-16 Being a teacher is an extremely challenging profession and highly underappreciated Schools are failing left and right and teachers are getting burnt out quicker than ever People are leaving the profession because of low salaries and crazy expectations with standardized testing This book is to help educators reconnect to the real reasons they chose to teach The principles of rigor results rti leadership and reflection implemented with love are essential for success as an educator Along with these principles there were key rules to follow in order to maintain personal career growth and find success in education This book informs educator s on how to practice education with love which is quintessential to any educators progression
