Something To Be Desired 1st Edition:

Men Beyond Desire David Greven, 2025-01-10 This book explores the construction of male sexuality in nineteenth century American literature and overturns longstanding views Far from desiring heterosexual sex and wishing to bond with other men through fraternity the male protagonists of classic American literature mainly want to be left alone Greven makes the claim that American men eschewing both marriage and male friendship strive to remain emotionally and sexually inviolate Examining the work of traditional authors Hawthorne Poe Melville Cooper Irving Stowe Greven discovers consistently resistant portrayals of male characters who defend their individuality through a lockdown on sexuality Objects of desire from both women and other men the inviolate males discussed in this study disrupt established gendered and sexual categories inspiring fresh analysis of the era and its literary depiction of American manhood This second edition of *Men Beyond Desire* 2005 expands the analysis of male sexuality to include discussions of developments in the field of masculinity studies It includes a new introduction that introduces the complementary figure of the victim monster and revisits the work of Leslie Fiedler and a new chapter that focuses on Melville's tale *Bartleby the Scrivener* 1856 Chapter 4 expands the analysis of the intersections among free love health reform and male sexuality in *The Blithedale Romance* 1852 and chapter 9 expands the discussion of *Billy Budd Sailor* to address questions of race and the role of the Handsome Sailor **Discourses of Desire**

Linda Kauffman, 2019-06-30 In *Discourses of Desire* Linda S Kauffman looks at a neglected genre the love letters written by literary heroines Tracing the development of the genre from Ovid to the twentieth century novel Kauffman explores through provocative and incisive readings the important implications of these amatory discourses for an understanding of fictive representation in general Among the texts Kauffman treats are Ovid's *Heroides* Heloise's letters to Abelard *The Letters of a Portuguese Nun* *Clarissa* *Jane Eyre* *The Turn of the Screw* *Absalom Absalom* and *The Three Marias* *New Portuguese Letters* Drawing on the work of such theorists as Todorov Genette Barthes Bakhtin Lacan and Derrida Kauffman demonstrates how the codes of love shape intertextual dialogues among these works in which each innovation in the genre is simultaneously a response to and a departure from the one preceding it Throughout she pays particular attention to the unsettling questions that the genre's shared thematic preoccupations and formal characteristics pose for concepts of gender authorship genre and mimesis Drawing on poststructuralism and psychoanalytic criticism to extend the boundaries of feminist theory Kauffman makes a significant contribution to contemporary critical discussions of writing and gender mimesis and narrative discourse and poetics and politics Her book broad in its scope and far reaching in its implications will be valuable reading for anyone interested in feminist criticism literary theory and literary history Routledge Library Editions: The History of Economic Thought Various Authors, 2022-07-30 The volumes in this set originally published between 1925 and 1990 draw together research by leading academics in the area of the history of economic thought The volumes encompass many different schools of economic thought with a focus on individual economic thinkers such as Friedrich Hayek Adam Smith and

Piero Sraffa This set will be of interest to students of economics particularly students of the history of economic thought

The Death of Desire M. Guy Thompson, 2016-07-07 A stunning exploration of the relation between desire and psychopathology The Death of Desire is a unique synthesis of the work of Laing Freud Nietzsche and Heidegger that renders their often difficult concepts brilliantly accessible to and usable by psychotherapists of all persuasions In bridging a critical gap between phenomenology and psychoanalysis M Guy Thompson one of the leading existential psychoanalysts of our time firmly re situates the unconscious what Freud called the lost continent of repressed desires in phenomenology In so doing he provides us with the richest most compelling phenomenological treatment of the unconscious to date and also makes Freud's theory of the unconscious newly comprehensible In this revised and updated second edition to the original published in 1985 M Guy Thompson takes us inside his soul searching seven year apprenticeship with radical psychiatrist R D Laing and his cohorts as it unfolded in counterculture London of the 1970s This rite de passage culminates with a four year sojourn inside one of Laing's post Kingsley Hall asylums where Laing's unorthodox conception of treatment dispenses with conventional boundaries between doctor and patient In this unprecedented exploration Thompson reveals the secret to Laing's astonishing alternative to the conventional psychiatric and psychoanalytic treatment schemes Movingly written and deeply personal Thompson shows why the very concept of mental illness is a misnomer and why sanity and madness should be understood instead as inherently puzzling stratagems that we devise in order to protect ourselves from intolerable mental anguish The Death of Desire offers a provocative and challenging reappraisal of depth psychotherapy from an existential perspective that will be of interest to psychoanalysts psychotherapists philosophers social scientists and students of the human condition

An American Dictionary of the English Language Noah Webster, 1841 **The Publishers Weekly**, 1928 Actions and Objects from Hobbes to Richardson Jonathan Kramnick, 2010-08-30 How do minds cause events in the world How does wanting to write a letter cause a person's hands to move across the page or believing something to be true cause a person to make a promise In Actions and Objects Jonathan Kramnick examines the literature and philosophy of action during the late seventeenth and early eighteenth centuries when philosophers and novelists poets and scientists were all concerned with the place of the mind in the world These writers asked whether belief desire and emotion were part of nature and thus subject to laws of cause and effect or in a special place outside the natural order Kramnick puts particular emphasis on those who tried to make actions compatible with external determination and to blur the boundary between mind and matter He follows a long tradition of examining the close relation between literary and philosophical writing during the period but fundamentally revises the terrain Rather than emphasizing psychological depth and interiority or asking how literary works were understood as true or fictional he situates literature alongside philosophy as jointly interested in discovering how minds work

Emblems of Desire Maurice Scève, 2003 Introduced and annotated by the prize winning translator Richard Sieburth this bilingual selection from Scève's *Dieux d'Amour* are love poems for the intellectual **Oscar Wilde, Wilfred Owen, and Male Desire**

James Campbell,2015-09-08 This book reads Oscar Wilde as a queer theorist and Wilfred Owen as his symbolic son It centers on the concept of male procreation or the generation of new ideas through an erotic but non physical connection between two men and it sees Owen as both a product and a continuation of this Wildean tradition **Thinking without Desire** Panu

Minkkinen,1999-09-01 The book is an attempt to evaluate the reception of Continental philosophy phenomenology hermeneutics deconstruction etc within mainstream jurisprudence The book claims that the reduction of philosophy to social theory can only be accomplished by impoverishing the impetus of philosophical thinking and consequently by transforming critique into criticism and the philosophy of law into legal theory The response developed in this book is the creation of a metaphysical understanding of law or in other words what Aristotle called a first philosophy In addition to philosophy proper the classics of Antiquity the great German philosophers contemporary French thinking the book covers a wide range of jurisprudential literature These include the neo Kantian philosophers of law whose thinking is allegedly at the root of legal positivism but special emphasis is also given to existential philosophers of law deeply inspired by the hermeneutical phenomenology of Martin Heidegger Lastly the book encourages specifically philosophical approaches in law to the thinking of French contemporaries whose work has inspired critical legal scholarship during the past ten years Objects of Our

Desire Salman Akhtar,2007-12-18 What makes something sexy Why are some things regarded as sacred and others profane Why do mourners face such difficulty in parting with their beloved s possessions Why do we often feel distraught when we lose something even when the object has little real value We spend our lives in a meaningful dialogue with things around us Sometimes the conversation is loud as in a collector s passion for coins or art More often the exchange is subtle and muted even imperceptible We are surrounded by things and they affect our emotions and impact our thoughts The arrival of a dozen flowers from a lover or a letter from a grandchild makes our day an old photo album or an afghan knitted by a favorite aunt offers comfort when we are troubled From exploring what makes something beautiful to why we place such value on antiques and artifacts from the past Objects of Our Desire offers insights both deep and delightful into the ways we invest things with meaning and the powerful roles they play in our lives Notice the inviting contours of that sofa the glint of a knife s edge the sparkle of a diamond ring Feel the softness of the pashmina around that woman s milky shoulders Look at the majesty of a large jet plane Take in the somberness of a gravestone Put on an old pair of shoes Clutch a warm mug of freshly brewed coffee Sit on a rocking chair Feel the sumptuous leather seats of a new car We are surrounded by things We are involved with them indebted to them We speak to things and things speak to us To say that we are interdependent is banal Let us be courageous Let us admit it we are lovers From Objects of Our Desire **The Idea of Luxury** Christopher J.

The Language of Desire Daniel Eggers,2021-06-08 Expressivism has been dominating much of the metaethical debate

of the past three decades The aim of this book is to address a number of questions that have been neglected in the previous discussion These primarily concern the psychological commitments and the methodological status of expressivism as well as important differences and similarities between the approaches of the classic expressivists Ayer Stevenson Hare Blackburn und Gibbard *From Phenomenology to Thought, Errancy, and Desire* B.E. Babich, 2013-04-17 For both continental and analytic styles of philosophy the thought of Martin Heidegger must be counted as one of the most important influences in contemporary philosophy In this book essays by internationally noted scholars ranging from David B Allison to Slavoj Zizek honour the interpretive contributions of William J Richardson s pathbreaking *Heidegger Through Phenomenology to Thought* The essays move from traditional phenomenology to the idea of essential another thinking the questions of translation and existential expressions of the turn of Heidegger s thought the intersection of politics and language the philosophic significance of Jacques Lacan and several essays on science and technology All show the influence of Richardson s first study A valuable emphasis appears in Richardson s interpretation of Heidegger s conception of *die Irre* interpreted as Errancy set in its current locus in a discussion of Heidegger s debacle with the political in his involvement with National Socialism

The Price of Desire Dick Ferguson, 2025-09-28 A Life of Beautiful Lies A Collision of Shattered Truths Richard Croft 36 is the picture of success a wealthy businessman with a stunning wife a glittering penthouse and the Midas touch that turns every ambition into reality But beneath this gilded surface lies a man consumed by a deeper more insatiable hunger Richard is a virtuoso of desire a master architect of secret lives and he has built his world upon a foundation of breathtaking deception He is married to Sarah intelligent and elegant the anchor of his respectable public life Yet he is also the devoted lover of Julien a handsome and passionate 23 year old French architecture student who offers Richard an escape into a world of art and visceral passion Simultaneously he is the intellectual soulmate to Chloe a beautiful and perceptive 24 year old literature student whose poetic nature he cultivates with romantic gifts and profound attention For years Richard maintains this delicate triple life with the precision of a conductor leading a complex symphony He moves between his wife his male lover and his female lover using his wealth charm and an uncanny ability to make each one feel uniquely seen and adored He funds Julien s education and whisks him away on luxurious trips He fuels Chloe s intellectual dreams with rare first editions and intimate conversations He assures Sarah of his devotion with lavish gifts and carefully constructed lies about late nights at the office He thrives on the complexity believing his special talent allows him to gift happiness to all three satisfying his own profound needs for adoration passion and intellectual intimacy But such an intricate web is destined to tear A credit card charge for a hotel she didn t visit makes Sarah question the man she thought she knew A misplaced receipt and a glimpse of a text message seed doubt in Chloe s trusting heart A notification for an expensive poetic gift not meant for him ignites Julien s fiery suspicion The separate worlds Richard so carefully curated begin to brush against each other creating cracks in his perfect facade As the three lovers start their own quiet investigations Richard s meticulously planned schedule

becomes a minefield of near misses and escalating lies The gifts and grand gestures that once secured devotion now seem like evidence of a crime The man who controlled everything finds the threads of his empire slipping through his fingers leading to an inevitable devastating confrontation that will leave no life untouched The Price of Desire is a sweeping 42 chapter novel that delves deep into the heart of forbidden romance the addictive thrill of secrecy and the devastating cost of living a lie This is more than a story of scandal it is a profound exploration of identity the masks we wear and the fragile resilience of the human heart in the face of ultimate betrayal Follow the journeys of Sarah Julien and Chloe as they pick up the pieces of their shattered realities seeking a path to redemption and a new definition of love after the beautiful illusion has crumbled to dust

King James and Letters of Homoerotic Desire David M. Bergeron, 2002-04 What can we know of the private lives of early British sovereigns Through the unusually large number of letters that survive from King James VI of Scotland James I of England 1566 1625 we can know a great deal Using original letters primarily from the British Library and the National Library of Scotland David Bergeron creatively argues that James correspondence with certain men in his court constitutes a gospel of homoerotic desire Bergeron grounds his provocative study on an examination of the tradition of letter writing during the Renaissance and draws a connection between homosexual desire and letter writing during that historical period King James commissioner of the Bible translation that bears his name corresponded with three principal male favorites Esm Stuart Lennox Robert Carr Somerset and George Villiers Buckingham Esm Stuart James older French cousin arrived in Scotland in 1579 and became an intimate adviser and friend to the adolescent king Though Esm was eventually forced into exile by Scottish nobles his letters to James survive as does James hauntingly allegorical poem Phoenix The king's close relationship with Carr began in 1607 James letters to Carr reveal remarkable outbursts of sexual frustration and passion A large collection of letters exchanged between James and Buckingham in the 1620s provides the clearest evidence for James homoerotic desires During a protracted separation in 1623 letters between the two raced back and forth These artful self-conscious letters explore themes of absence the pleasure of letters and a preoccupation with the body Familial and sexual terms become wonderfully intertwined as when James greets Buckingham as my sweet child and wife King James and Letters of Homoerotic Desire presents a modern spelling edition of seventy-five letters exchanged between Buckingham and James Across the centuries commentators have condemned the letters as indecent or repulsive Bergeron argues that on the contrary they reveal an inward desire of king and subject in a mutual exchange of love

'Surfacing' the Politics of Desire Rajeshwari Suryamohan Vallury, 2008-01-01 Surfacing the Politics of Desire re-examines the myths of masculine desire in order to challenge this premise placing literature at the centre of recent feminist debates over the ontology and politics of sexual difference

Impossible Desire and the Limits of Knowledge in Renaissance Poetry Wendy Beth Hyman, 2019-04-04 Impossible Desire and the Limits of Knowledge in Renaissance Poetry examines the limits of embodiment knowledge and representation at a disregarded nexus the erotic carpe diem poem in early modern England These macabre

seductions offer no compliments or promises but instead focus on the lovers anticipated decline and quite stunningly given the Reformation context humanity's relegation not to a Christian afterlife but to a Marvellian desert of vast Eternity In this way a poetic trope whose classical form was an expression of pragmatic Epicureanism became during the religious upheaval of the Reformation an unlikely but effective vehicle for articulating religious doubt Its ambitions were thus largely philosophical and came to incorporate investigations into the nature of matter time and poetic representation Renaissance seduction poets invited their auditors to participate in a dangerous intellectual game one whose primary interest was expanding the limits of knowledge The book theorizes how Renaissance lyric's own fragile relationship to materiality and time and its self-conscious relationship to making positioned it to grapple with these impossible metaphysical and representational problems Although attentive to poetics the book also challenges the commonplace view that the erotic invitation is exclusively a lyrical mode Carpe diem's revival in post-Reformation Europe portends its radicalization as debates between man and maid are dramatized in disputes between abstractions like chastity and material facts like death Offered here is thus a theoretical reconsideration of the generic parameters and aspirations of the carpe diem trope wherein questions about embodiment and knowledge are also investigations into the potentialities of literary form
