capabilities From the inception of his birth Nigel was deemed a child of mystery and remarkable talent He had visions in the world that many people including his family could not believe At a young age he was able to tell vivid stories of his dreams and imaginations to his family that at times appeared to be seemingly real Even in school he developed the ability to read and write much quicker than others who were not able to at his level Who knew that one day this young boy would rise above it all Only time will give an account to what kind of man Nigel would grow up to be as he get over the spirits that followed the family for most of his young life Incredibly his family dug deeper to explore the visions and talent this youngster possessed They would later realize that there is more to his talents that set him apart from other children They would later find out most of his talents would stem from spirits teaching him the basic principles of learning to read and write Soon enough the thoughts of dealing and finding ways to evade ghost would overwhelm them The spirits would haunt them everywhere they traveled However despite all their fears casted by ghosts Nigel was the least fearful of the crack walls the rising bed and the falling clock Ultimately their vision and hope to rise against it all will one day become a possibility **Official Reports of the Debates of the House of Commons of the Dominion of Canada** Canada.
