**Life Now** Jansher, 2024-07-30 The capability of today's man has become so narrow that it is painful to imagine Today's human life is reduced to working eating

sleeping and reproducing First they placed today s man in a certain place then gave him the wrong values National values patriotism ideological values They caught him at a certain point They closed all avenues for him They took away his chances Today s man knows nothing about life He sees nothing of creation Today s man never knows how far the beauty of nature and divine creation is spread He knows nothing Because his whole life is spent fighting over things that are all lies and illusions his life is wasted fighting and struggling with his comrades He never gets anywhere That is why he is in agony Then few people take advantage of the facilities and the nations beat each other over the head they are busy enjoying life and creation The sole mission of humanity today is to provide land for certain groups to live on Human slavery today has become so brilliant that it has almost assumed the color of sanctity and godliness In the name of knowledge and education he learns the art of slavery in the first half of his life and in the second half he does his slavery They call it alive

**Why Do the Heathen Rage?** Ayodeji Awe,2020-10-06 Why do the Heathen Rage is a perplexity that presents a melting pot of the supernatural and the natural Regarding this monumental collision of Donald Trump and the Left the celestial teleprompter displays the central insight that whenever the son of man sights the serpent he goes after its head while the serpent in return pursues his heels It s a dog fight The God factor in Trump coupled with the imposing octagonal causation of hatred no doubt conspicuously prime timed him for which the Heathen the cartel of the Democrats and the Liberal Mainstream Press could not resist going after him like in a mad vengeance But God is unequivocally committed to His own agenda for which Trump is a major character He therefore zeroes his eyes on the detractors calls them out for their atrocities warns them to repent and possibly fall in line He further embraces the supporters encouraging them to keep the faith stand tall and kneel only to Almighty God They must keep up with support of the President and return him to the White House in November 2020 that the good works in progress may continue Finally He prophesies an assurance to America as a nation that He will not renege on his covenant with the Pilgrim forefathers Ultimately Coronavirus wears off the experiential peace of God returns ushering in normalcy while America remains an icon and a place most coveted and sought on earth

*The History of Street Gangs in the United States* James C. Howell, 2015-06-09 This book is an historical account of the emergence of youth gangs and the transformation of these into street gangs in the United States The author traces the emergence of these gangs in the four major geographical regions over the span of two centuries from the early 1800s to 2012 The author s authoritative analysis explains gang emergence and expansion from play groups to heavily armed street gangs responsible for a large proportion of urban crimes including drive by shootings that often kill innocent bystanders Nationwide street gangs now account for 1 in 6 homicides each year and for 1 in 4 in very large cities In recent years the number of gangs gang members and gang homicides

increased even though the U S has seen a sharp drop in violent and property crimes over the past decade The author s historical analysis reveals the key contributing factors to transformation of youth gangs including social disorganization that occurred following large scale immigration early in American history and urban policies that pushed minorities to inner city areas and public housing projects This analysis includes the influence of prison gangs on street gangs The first generation of prison gangs emerged spontaneously in response to dangers inside prisons The second generation was for many years extensions of street gangs that grew enormously during the 1980s and 1990s particularly in large urban areas in which public housing projects have served as incubators for street gangs The third generation of prison gangs is extremely active in street level criminal enterprises in varied forms often highly structured and well managed organizations that are actively involved in drug trafficking In recent years returning inmates are a predominant influence on local gang violence Now prison gangs and street gangs often work together in street level criminal enterprises This book identifies the most promising ways that gang violence can be reduced The best long term approach is a combination of gang prevention intervention and suppression strategies and programs Targeted suppression of gang violence is imperative Street workers that serve as violence interrupters can break the cycle of contagious gang violence
