Picard, Thomas M. Mogale, Caitlin C. Corrigan, 2024-09-10 This book examines the nature of the 1994 political transition in South Africa and its impact on post apartheid South Africa Specifically it examines the failures of liberalism within the context of the transitional process that led to the institution if not the practice of a non racial state in 1994 The term liberal is an eclectic term defining a several of views political and economic We use the term here within context but essentially define it as a commitment to open views the

willingness to consider change and to value basic human rights The nature of institutional change in South Africa as it moved towards a democratic state would influence whether South Africa would succeed as a newly industrializing pluralist democratic country or collapse into yet another African failed state As South Africa moves toward its fourth decade of majority rule the view towards the future is much less promising than it was in 1994 Turning and Turning Judith February,2018-08-01 South Africans often are deeply polarised in our perspectives of the present and the past Our ways of seeing are fraught with division and we fail to understand the complexities when we do not see what lies beneath the surface There is no denying that the Jacob Zuma presidency took a significant toll on South Africa exacerbating tensions and exposing the deep fractures that already exist in our society along the lines of race class and even ethnicity The Zuma years were marked by cases of corruption and state capture unprecedented in their brazenness and increased social protests many of which were accompanied by violence aggressive public discourse lack of respect for reason and an often disturbing resistance to meaningful engagement Importantly those years also placed enormous pressure on our democratic institutions many of which still bear the scars and challenged the sovereignty of the Constitution itself As an analyst and governance specialist at the Institute for Democracy in South Africa IDASA for twelve years February has had a unique perch *Turning and turning* is a snapshot of her IDASA years and the issues tackled which included work on the arms deal and its corrosive impact on democratic institutions IDASA s party funding campaign which February helped lead as well as work on accountability and transparency Combining analytical insight with personal observations and experience February highlights the complex process of building a strong democratic society and the difficulties of living in a constitutional democracy marked by soaring levels of inequality There is a need to reflect on and learn from the country s democratic journey if citizens are to shape our democracy effectively and to fulfill the promise of the Constitution for all South Africans *South African Horror Cinema* Calum Waddell,2025-08-21 This is the first study to explore South Africa both in horror cinema and as a formidable producer of celluloid scares From framing the notorious apartheid system as a mental asylum in the groundbreaking and criminally underseen Jannie Totsiens Jans Rautenbach 1970 to such seventies exploitation shockers as *The Demon* Percival Rubens 1979 through to the blockbuster hit *District 9* Neill Blomkamp 2009 and beyond this book suggests that South Africa should finally obtain its rightful place in the canon of wider genre studies and horror cinema fandom Taking in the 80s nightmares of Darrell Roodt and concluding with an analysis of the recent boom period in South African fright films including discussion of such contemporary efforts as *The Tokoloshe* Jerome Pikwane 2018 and the Troma esque leanings of *Fried Barry* Ryan Kruger 2020 *South African Horror Cinema* focuses on ever changing identities and perspectives and embraces the frequently carnivalesque and grotesque elements of a most unique lineage in macabre motion pictures *Last Call for the Dining Car* Michael Kerr,2011-08-15 Ever since Paul Theroux embarked in London on the first train of his Great Railway Bazaar railways have been a rich source for the best travel writing This is truer than ever in the twenty

first century As the environmental implications of relentless air travel cast an ominous shadow over the prospect of foreign adventure the opportunity to jump on a train at St Pancras and be whisked straight to the continent offers a wonderful alternative Train travel has assumed a new pragmatic importance as well as romance which is no doubt why so many more tour companies are offering a great train ride as part of their holiday itineraries Now Michael Kerr the Telegraph's deputy Travel Editor has burrowed deep in the newspaper's archives and collected together the very best of its writings about the railway here are journeys non stop from London to Vladivostok across the Canadian Rockies the first train to traverse Australia from Darwin to Alice Springs and on the teeming crawling travelling adventure of Indian railways In scenes much more familiar to the British commuter Boris Johnson discovers his inner McEnroe thanks to signal failure in the Midlands and Michael Palin samples the delights of British Rail Inter City This is an anthology that will appeal to the railway buff and the armchair traveller alike to anyone who has ever Inter railed in their youth and everyone nostalgic for the days when the only way to cross a continent was by train

Sunrise on the Southbound Sleeper Michael Kerr, 2011-10-01 An exceptionally well chosen collection the book itself amounts to a pleasurable journey punctuated by pithy profound anecdotal nuggets Time Out Railway termini wrote E M Forster are our gates to the glorious and the unknown Through them we pass out into adventure and sunshine Now in this new collection of great journeys from the pages of the Daily and Sunday Telegraph Michael Kerr follows up his bestselling anthology Last Call for the Dining Car with another feast for the armchair rail traveller The train sliding out of the station can take you back into the past in the company of John Betjeman on the Great Western or into an ominous future now that China has a line across the permafrost to Tibet The sunshine may be the late afternoon glow on a freight train between LA and Seattle or the sea light bathing the Cornish coast alongside the branch line to St Ives The adventure may even be dodging death on the train itself as Dervla Murphy does on the antiquated rolling stock of Cuba Sometimes too the train tracks people's lives on a journey into their deepest secrets Nicholas Shakespeare travelling around France pieces together the story of what happened to his aunt who was stranded there on the brink of war in 1937 Pamela Petro rattling down the Pacific coast of the US confronts the demons that have been haunting her since a train crash a quarter of a century ago From Sandi Toksvig's commuter train to Alexander McCall Smith's night train from the Indian Pacific to the Maharajas Express Sunrise on the Southbound Sleeper is a first class ticket to ride all the best trains in the world Sublime Michael Kerr has chosen some great writers and they whisk you to the four corners of the earth The romance and excitement of train travel is captured on each page This is a treasure of travel writing Patrick Neale The Bookseller A serendipitous collection for rainy nights fuelling sleep with dreams of escape The Scotsman

Because it's Saturday Gavin Bell, 2020-08-10 Because it's Saturday is a

compelling portrait of life in the professional grass roots of football far from the glitz and glamour of Premier League superstars Why does anyone travel from Grimsby to Accrington on a wet Tuesday night in November to watch players battling on a muddy pitch with more gusto than grace How do teams survive in half empty stadia and how does a Cotswolds village side owned by an ex hippy challenge the likes of Luton for promotion Award winning writer Gavin Bell spoke to the owners managers players and supporters of eight lower league sides over the course of a season to discover the fierce passions and loyalties that sustain clubs unlikely to win anything other than the devotion of their fans Going beyond the fields of dreams Bell explores the communities for whom these clubs are more than football teams From gritty northern towns blighted by post industrial decline to ivory towers of academia and a seaside resort riven by a fans civil war it s a rollercoaster ride of a season

African Masculinities L. Ouzgane,R. Morrell,2005-03-15 While masculinity studies enjoys

considerable growth in the West there is very little analysis of African masculinities This volume explores what it means for an African to be masculine and how male identity is shaped by cultural forces The editors believe that to tackle the important questions in Africa the many forms of violence wars genocides familial violence and crime and the AIDS pandemic it is necessary to understand how a combination of a colonial past patriarchal cultural structures and a variety of religious and knowledge systems creates masculine identities and sexualities The work done in the book particularly bears in mind how vulnerability and marginalization produce complex forms of male identity The book is interdisciplinary and is the first in depth and comprehensive study of African men as a gendered category **The British National Bibliography** Arthur James Wells,2000 **ICTR 2019 2nd International Conference on Tourism Research 2020** Cristina Sousa,Isabel Vaz de Freitas ,Jorge Marques,2019-03-14 Issues in Cultural Tourism Studies Melanie K. Smith,2015-10-14 The third edition of Issues in Cultural Tourism Studies provides a vital framework for analysing the complexity of cultural tourism and its increasing globalization in existing as well as emergent destinations of the world It focuses in particular on the need for even more creative tourism strategies to differentiate destinations from each other using a blend of localized cultural products and innovative global attractions The book explores many of the most pertinent issues in heritage arts festivals indigenous ethnic and experiential cultural tourism in urban and rural environments alike Since the second edition of this book there have been many important developments in this field and this third edition has been completely revised and updated to include New content on demand and motivation for cultural tourism sustainable cultural tourism and ethnic cultural tourism New and updated case studies from an even wider global perspective A revised up to date framework for global cultural tourism studies in the light of recent research publications and industry developments New pedagogical features within the text to aid understanding and critical thinking including questions at the end of case studies and a further reading section At the interface between the global and the local a sustainable and people centred approach to cultural tourism planning and development is advocated to ensure that benefits are maximized for local areas a sense of place and identity are retained and the tourist experience is enhanced to the full The text is unique in that it provides a summary and a synthesis of all of the major issues in global cultural tourism which are presented in an accessible way using a diverse range of international case studies It is essential and valuable reading for all tourism students **Turkey, Power and the West** Ali Bilgic,2016-09-29 During the leadership of Recep Tayyip Erdo an and the AKP the Turkish government shifted from a reactive to an activist foreign policy As a result many in the West increasingly began to see Turkey as a key actor in the international relations of the region and indeed the wider international stage Turkey and the West offers a unique approach to this transformation and considers questions of Turkish national identity and its relations with the West through the lens of gender studies From the Ottoman Empire to the present day the book constructs an image of Turkish foreign policy as reflecting a gendered insecurity one of a non Western Turkish masculinity subordinated to a Western hegemonic masculinity and shows how

Turkey's subordination has in turn been internalised by its own politicians. Across a diverse range of sources Bilgic takes advantage of new theories such as critical security studies CSS to paint a picture of a Turkish republic anxious to make its mark on the world stage yet perennially insecure about its position as a global power. Turkey and the West is essential for students and researchers interested in Turkish politics and the international relations of the Middle East as well as those with an interest in gender and identity studies.
