and they also have a different effect Therefore there are situations in which a magic chant is the appropriate thing to do and situations in which a spoken spell is the right thing to do or going into silence These reflections are complemented by about 90 examples of spell chants from various cultures *The Quadrilog* Kenneth Hagen,1994 **Cantonese Love Songs** Peter Morris,1992-01-01 This collection of 97 Cantonese love songs aims to give a wider audience the opportunity of reading these songs in English The author investigates the language and social background of the songs and provides cross references to Chinese and Western literature The Chinese text of the poems is also included *Uniform Trade List Annual* ,1989
