Song Of Eros Ancient Greek Love Poems:

The Song of Eros, 1991 In new translations these eighty poems offer a thought provoking reminder of the vagaries of love as captured through the wit and insight of the poets of Greek antiquity All the emotions and experiences associated with love rejection infatuation ecstasy desperation loneliness are rendered accessible to contemporary readers through lively translations into modern English of works dating from the seventh century B C to the sixth century A D Featured are selections from the more than 4 000 epigrams that make up the Greek Anthology a collection compiled in the tenth century by the Byzantine scholar Kephala Also included are works by the early iambic and elegiac poet Archilochos and the lyric poems of Sappho and Anakreon Illustrations accompany the poetry capturing both the flavor of the age and the theme of the texts jacket Song of Songs Adele Berlin, 2025-01-07 Berlin approaches the Song of Songs as a Jewish Hellenistic work of love poetry She notes Greek ideas throughout the book and shows how they have been adjusted into Jewish thought and literary forms Going beyond previous studies this volume emphasizes that the Song's blending of the Jewish and the Greek is part of its literary virtuosity Stung with Love: Poems and Fragments of Sappho Sappho, 2009-08-06 More or less 150 years after Homer's Iliad Sappho lived on the island of Lesbos west off the coast of what is present Turkey Little remains today of her writings which are said to have filled nine papyrus rolls in the great library at Alexandria some 500 years after her death The surviving texts consist of a lamentably small and fragmented body of lyric poetry among them poems of invocation desire spite celebration resignation and remembrance that nevertheless enables us to hear the living voice of the poet Plato called the tenth Muse This is a new translation of her surviving poetry *A Companion to the Greek Lyric Poets* Douglas E. Gerber, 1997 This handbook is a guide to the reading of elegiac iambic personal and public poetry of early Greece Intended as a teaching manual or as an aid for advanced undergraduate and graduate students it presents the major scholarly debates affecting the reading of these poetic texts such as the effect of genre the question of the poetic persona or the impact of modern literary theory Greek Love Songs and Epigrams from the Anthology, 1911 **Love's Rite** R. Vanita, 2005-10-20 This is the first book to examine the same sex weddings and same sex couple suicides reported in India over the last two decades Ruth Vanita examines these cases in the context of a wide variety of same sex unions from Fourteenth century narratives about co wives who miraculously produce a child together to Nineteenth century depictions of ritualized unions between women to marriages between gay men and lesbians arranged over the internet Examining the changing legal literary religious and social Indian and Euro American traditions within which same sex unions are embedded she brings a fresh perspective to the gay marriage debate suggesting that same sex marriage dwells not at the margins but at the heart of culture Love's Rites by Ruth Vanita is a finalist for a Lambda Literary Award **Love Poems** Peter Washington, 1993-11-02 A gorgeously jacketed hardcover anthology of passionate love poems from around the world and through the ages It has often been said that love both sacred and profane is the only true subject of the lyric poem Nothing

better justifies this claim than the splendid poems in this volume which range from the writings of ancient China to those of modern day America and represent at its most piercing a universal experience of the human soul This collection includes poems by John Donne Christina Rossetti W H Auden Edna St Vincent Millay Robert Graves e e cummings Dorothy Parker William Shakespeare Sappho Bhartrhari Anna Akhmatova and W B Yeats among many others Everyman's Library pursues the highest production standards printing on acid free cream colored paper with full cloth cases with two color foil stamping decorative endpapers silk ribbon markers European style half round spines and a full color illustrated jacket

Fain, 2010 This volume presents a selection of Greek epigrams in verse translation including many from the recently discovered Milan papyrus The poets represented are Anyte Leonidas of Tarentum Asclepiades Posidippus Callimachus Theocritus Meleager Philodemos and Lucilius

Selected Poems Sophocles, 2018-06-26 Sophocles tragedies from Antigone to Oedipus Tyrannus are filled with highly wrought vivid and emotionally powerful poetry Yet most translations sacrifice the poetry to convey only the sense of the lines as dramatic speech This is the first book in English to present Sophocles exclusively as a poet and the only volume to reveal the full force and beauty of his verse With a fresh and consistent attention to structure language and rhythm across Sophocles writings Reginald Gibbons has translated a selection of odes from Sophocles surviving plays as well as fragments from his lost works What emerges is a genuinely new sense of a Sophocles who was as much poet as dramatist Bringing the Greek poet and his world surprisingly close to us these translations also restore a sense of the long continuity of poetry Complete with an introduction this edition reveals Sophocles poetic brilliance as never before *Panorama of the Classical World* Nigel Spivey, Michael Squire, 2011-03 This imaginative approach to the era in which Western civilization was born is a thorough and thoroughly accessible synthesis of the Greek Roman and Etruscan worlds spanning the period from Late Geometric Greece in around 700 b c to the rule of Constantine in the early 4th century a d The authors incorporate important developments in recent scholarship including ideas of gender war and pacifism imperialism and dissent political propaganda economy cultural identity racism hygiene and diet and public and private uses of space The book highlights the modern relevance of classical antiquity from its influence on contemporary politics to the representation of the female body in Western art and concludes by charting the history of classical civilization The extensive reference section includes biographies an introduction to classical mythology a glossary of technical terms and vase shapes as well as a timeline map bibliography and index **Archaic and Classical Choral Song** Lucia Athanassaki, Ewen Bowie, 2011 This book addresses the performance and dissemination of Greek poems of the seventh to the fifth centuries BC whose premieres were presented by a chorus singing in a ritual context or in secular celebrations of athletic victories It explores how choruses presented themselves individuals and communities roles in funding performances and securing the circulation of texts how performances continued inside and outside family and city whether chorally or in symposia with the consequence that Athenian theatre audiences could be expected to appreciate allusion to or reworking of such poetic forms in tragedy and comedy and how such performances contributed to transmission of the poems texts until they were collected by Hellenistic scholars
