Song Of Napalm:

Song of Napalm Bruce Weigl, 1994-01-21 *Song of Napalm* is more than a collection of beautifully wrought heartwrenching and often very funny poems. It is a narrative the story of an American innocent's descent into hell and his excruciating return to life on the surface. Weigl may have written the best novel so far about the Vietnam War and along the way a dozen truly memorable poems. Russell Banks

Song of Napalm Weigl, 1991-10-01 **The American Novel of War** Wallis R. Sanborn, III, 2012-10-30 In song verse narrative and dramatic form war literature has existed for nearly all of recorded history. Accounts of war continue to occupy American bestseller lists and the stacks of American libraries. This innovative work establishes the American novel of war as its own sub genre within American war literature creating standards by which such works can be classified and critically and popularly analyzed. Each chapter identifies a defining characteristic analyzes existing criticism and explores the characteristic in American war novels of record. Topics include violence war rhetoric the death of noncombatants and terrain as an enemy

Edinburgh Companion to Twentieth-Century British and American War Literature Adam Piette, 2012-03-07 The first reference book to deal so fully and incisively with the cultural representations of war in 20th century English and US literature and film. The volume covers the two World Wars as well as specific conflicts that generated literary and imaginative

Archeology of the Circle Bruce Weigl, 1999-04-19 A tough and honest collection by one of America's foremost poets of the combat experience. A treasure of wonderful simplicity and complex beauty. Clarence Major author of *Configurations*. With *Song of Napalm* Bruce Weigl established himself as a poet of incomparable power and lyric fury whose work stands as an elegy to the countless lives dramatically altered by war. *Archeology of the Circle* brings together the major work of this major American poet. Collected here for the first time from eight volumes of poetry spanning two decades. *Archeology of the Circle* charts Weigl's literary arc toward a hard bitten and sensuous lyric. Out of the horror of individual experience he has fashioned poetry that offers solace to the disillusioned and bears transcendent resonance for all of us. *Archeology of the Circle* illustrates Bruce Weigl's remarkable creative achievements and signifies his own personal salvation through his writing. Few poets of any generation have written so searingly into the trauma of war inscribing its wound while refusing the fragile suture of redemption. Here is the haunted utterance of diasporic selfhood a poetry of aftermath and consequence an answer to the call for an ethos of infinite obligation. In this and in the breadth of his accomplishment Bruce Weigl is one of the most important poets of our time. Carolyn Forché author of *The Country Between Us*

Inheriting the War: Poetry and Prose by Descendants of Vietnam Veterans and Refugees Laren McClung, 2017-11-07 Descendants of Vietnam veterans and refugees confront the aftermath of war and in verse and prose deliver another kind of war story. Gotera, 1994 Although poets have written about warfare since at least the time of Homer the Vietnam war has struck many observers as being immune to the interpretations of poetry and myth Lyric poetry of a traditional kind writes one critic has proved inappropriate to communicate the character of the Vietnam war its remoteness its jargonized recapitulations its seeming imperviousness to aesthetics Nonetheless the past two decades have seen an unprecedented outpouring of poetry that seeks to describe and come to terms with that bitterly divisive conflict In *Radical Visions* Vince Gotera argues that poetry written by Vietnam veterans underlines the failure of traditional American myths to help Americans understand the war and its aftermath The book blends sociohistorical commentary with close readings of individual works by such poets as Michael Casey Walter McDonald and W D Ehrhart In the book's first section The Nam Gotera examines several key mythic structures the Wild West a violent extension of the mythic virgin land the machine in the garden the city on the hill regeneration through violence all of which helped delude Americans about Vietnam and the war being fought there In the second part The World Gotera shows how another myth the American Adam as an exemplar of ahistorical innocence proved unusable for returning veterans attempting to readjust to American life In addition to exposing these failed myths Gotera argues the poetry by Vietnam veterans reflects an effort to construct new myths most notably that of the warrior against war an oxymoronic structure arising from the difficulties faced by returning veterans In the book's final chapters Gotera examines the work of Bruce Weigl and Yusef Komunyakaa two poets whom the author considers most successful at portraying the moral absurdity of the Vietnam war without sacrificing lyrical aesthetics The first comprehensive study devoted exclusively to poetry by Vietnam veterans *Radical Visions* argues that this body of writing registers an important advance in the aesthetics and poetics of war literature and offers a cogent antiwar statement rooted in personal experience **Sniper's Song** Georg Edvard Mateos, 2009 **Masterplots II.** Philip K. Jason, Tracy Irons-Georges, 2002 Comprehensive coverage of the most commonly studied poems written in or translated into English *Song Of The Rolling Earth* John Lister-Kaye, 2017-10-05 Conservationist and naturalist John Lister Kaye founder of the Aigas Field Centre writes about his life in the glens the wildlife that surrounds him and the primeval magical exchange that takes place between man and nature once so central to ancient civilisations He describes finding the ruined nineteenth century estate that is to become Aigas taking it over and turning it into a going concern as an Educational Centre and his own personal motivation following the Torrey Canyon oil spillage and natural disasters in the 1960s to become a conservationist Interspersed within

Acts and Shadows Philip K. Jason, 2000 The imaginative literature of the Vietnam War participates both overtly and covertly in a struggle for national memory First generation Vietnam War literature focusing on representations of combat and life in the battlefield strove to give testimony to write history Later writings in their range of genre and style investigate and interrogate the very meaning of war To reflect these two stages Philip Jason divides his newest book of literary criticism into two sections acts and shadows In Acts Jason provides formal and cultural readings of combat narratives by such authors as James Webb Larry Heinemann and Joe Haldeman and explores the meaning of authenticity as applied to Vietnam War texts Shadows looks both forward and backward from the combat zone challenging the parameters of what we define as Vietnam War literature
