Song Of Songs Ruth Lamentations Ecclesiastes Esther The Peoples Bible:

Gender in Solomon's Song of Songs Alastair Ian Haines, 2016-12-14 The thesis shows that the Song of Songs can be read as a circular sequence of sub poems that follow logically from one another if they are understood as contributing to two main points made in a woman's voice The woman urges men to take romantic initiative to be committed exclusively and for life and urges women three times to wait until they are approached by such men If this reading is the best explanation of the text of the Song then the Song is a unified work centered on a woman singing about human romantic love from a woman's perspective

Exploring the Unexplained Trent C. Butler,2012 Exploring the Unexplained A Practical Guide to the Peculiar People Places and Things in the Bible An Introduction to the Bible Robert Kugler,Patrick Hartin,2009-07-08 Many current Bible intro volumes focus more on theories about the biblical text than on the text itself They lack the simplicity that has become increasingly crucial as basic biblical literacy has declined Robert Kugler and Patrick Hartin seek to remedy that problem by turning readers back to the text at hand Their Introduction to the Bible surveys the content of all the biblical books section by section focusing on the Bible s theological themes

The Catholic Bible, Personal Study Edition Graziano Marcheschi,Biagio Mazza,2022-04-29 In local parishes upper levels of secondary schools

and introductory college classes the Personal Study Edition provides superb study resources for readers that will open the text of the Bible to new understanding and greater appreciation for all **Holy Imagination** Prof. Judy

Fentress-Williams, 2021-03-03 The many voices in scripture form a dialogue with readers which produce theological truths that are larger than the individual parts This introduction is informed by both literary theory and theology It groups sections of the whole Bible together by genre Each section identifies and describes the genre such as historiography poetry prophecy gospel letter apocalypse and then moves into a discussion about the literary characteristics and theological insights The words of scripture not only come a long way to find us but like a poem must be read with attention Poetry doesn't yield meaning easily and it doesn't promise to make sense We know to look past the words on the page and find the images tropes sounds and metaphors that are meaning full This type of writing invites rather demands the imagination We must accept that we will only get so close but that this is close enough Our imagination spans the gaps left by sparse language and incomplete narratives We return again and again with more information and perhaps more experiences The words are the same but we are not and for that reason there are always new discoveries At last an introduction that students will enjoy reading because it is at once engaging informative and eye opening as well as completely lucid Fentress Williams shows how many books of the Bible reflect the experience of marginalized persons and communities in precarious situations and therefore how they speak in ways both realistic and encouraging to contemporary readers Do your students and yourself a favor adopt this text and get ready for serious conversation about ancient texts that never go out of date Ellen F Davis Amos Ragan Kearns
