Song Of Solomon Modern Critical Interpretations:

Toni Morrison's Song of Solomon Harold Bloom, 2009 Presents a collection of interpretations of Toni Morrison's novel Song of Solomon *Spectrality in the Novels of Toni Morrison* Melanie R. Anderson, 2013-03-30 At first glance Beloved would appear to be the only ghost story among Toni Morrison's nine novels but as this provocative new study shows spectral presences and places abound in the celebrated author's fiction Melanie R Anderson explores how Morrison uses specters to bring the traumas of African American life to the forefront highlighting histories and experiences both cultural and personal that society at large too frequently ignores Working against the background of magical realism while simultaneously expanding notions of the supernatural within American and African American writing Morrison peoples her novels with what Anderson identifies as two distinctive types of ghosts spectral figures and social ghosts Deconstructing Western binaries Morrison uses the spectral to indicate power through its transcendence of corporality temporality and explication and she employs the ghostly as a metaphor of erasure for living characters who are marginalized and haunt the edges of their communities The interaction of these social ghosts with the spectral presences functions as a transformative healing process that draws the marginalized figure out of the shadows and creates links across ruptures between generations and between past and present life and death This book examines how these relationships become increasingly more prominent in the novelist's canon from their beginnings in *The Bluest Eye* and *Sula* to their flowering in the trilogy that comprises *Beloved* *Jazz* and *Paradise* and onward into *A Mercy* An important contribution to the understanding of one of America's premier fiction writers *Spectrality in the Novels of Toni Morrison* demonstrates how the Nobel laureate's powerful and challenging works give presence to the invisible voice to the previously silenced and agency to the oppressed outsiders who are refused a space in which to narrate their stories Melanie R Anderson is an Instructional Assistant Professor of American Literature at the University of Mississippi
