Song Of The Bird:

The Song of the Bird Anthony De Mello, 2016-07-05 Every one of these stories is about YOU Anthony de Mello Everyone loves stories and in this book the bestselling author of *Sadhana A Way to God* shares 124 stories and parables from a variety of traditions both ancient and modern Each story resonates with life lessons that can teach us inescapable truths about ourselves and our world De Mello's international acclaim rests on his unique approach to contemplation and ability to heighten self awareness and self discovery His is a holistic approach and in the words of one reviewer his mysticism cuts across all times and peoples and is truly a universal invitation The Song of the Bird uses the familiar yet enduring medium of the story to illustrate profound realities that bring us in touch with the problems and concerns of daily life as well as with our common spiritual quest The aim is to develop the art of tasting and feeling the message of each story to the point that we are transformed Let the story speak to your heart not to your brain the author directs This may make something of a mystic out of you Enhanced by lovely ink drawings this is indeed a volume to treasure to share and to read many times over for it is everyone's best companion on the road to spiritual growth Bird Song Clive K. Catchpole, Peter J. B. Slater, 2003-10-30 Explains how and why birds sing to one another **Bird Song** Ernie Jardine, 2011 No superficial re telling of a bird's song This is a thorough teaching oriented guide to learning bird song The author organizes the songs of over 200 birds according to a practical system which allows a birder to access and identify a mystery song often right in the field while the bird is singing More importantly each song is described in detail by its overall make up and quality and the nuances and progress of the notes within each is clearly explained as well as illustrated Songs are also defined and organized according to specific habitats as well as according to groupings with similar sounding deliveries Hundreds of original recordings available on the author's website complement and amplify what is being explained in each section of the book Alternate songs flight songs and calls are included as well as information on habitat nesting and summer and winter ranges This book will be welcomed by the birder and the non birder alike by anyone trying to learn and understand more about bird song Birds of Mississippi William H.
