Suicide In The Elderly:

Suicide and the Elderly ,1986-10-21 Product information not available *Suicide in the Elderly* Nancy J. Osgood,1985

Suicide and the Elderly United States. Congress. Senate. Special Committee on Aging,1996 **Now I Lay Me Down**

David Lester,Margot Tallmer,1994 Suicide in the elderly an overview David Lester Symptoms and assessment of suicide in the elderly patient Margot Tallmer Suicide across the life span with particular reference to the elderly Antoon A Leenaars Psychiatric treatment of the elderly suicidal patient Bruce L Danto and Joan M Danto Individual and group therapy for the suicidal older person Margot Tallmer Family therapy for the suicidal elderly Joseph Richman Gender issues in counseling the suicidal elderly Silvia Sara Canetto Psychiatric management of the suicidal elderly Henry Rosenvinge Suicidal elders in long term care facilities preventive approaches and management Nancy J Osgood and Nancy R Covey Social work and the suicidal older person Elizabeth J Clark The elderly suicide those left behind Rochelle Balter Helping the suicidal elderly a Hungarian perspective Bea ta Temesva ry Alternatives to suicide Robert Kastenbaum Sara Teasdale case study of a completed suicide David Lester Subintentioned life threatening behavior in the elderly the story of Myra Lenore S Powell Assisted suicide and the elderly David Lester *Rational Suicide in the Elderly* Robert E. McCue,Meera Balasubramaniam,2016-10-27 This book provides a comprehensive view of rational suicide in the elderly a group that has nearly twice the rate of suicide when chronically ill than any other demographic Its frame of reference does not endorse a single point of view about the legitimacy of rational suicide which is evolving across societies with little guidance for geriatric mental health professionals Instead it serves as a resource for both those clinicians who agree that older people may rationally commit suicide and those who believe that this wish may require further assessment and treatment The first chapters of the book provides an overview of rational suicide in the elderly examining it through history and across cultures also addressing the special case of baby boomers This book takes an ethical and philosophical look at whether suicide can truly be rational and whether the nearness of death in late life adults means that suicide should be considered differently than in younger adults Clinical criteria for rational suicide in the elderly are proposed in this book for the first time as well as a guidelines for the psychosocial profile of an older adult who wants to commit rational suicide Unlike any other book this text examines the existential psychological and psychodynamic perspectives A chapter on terminal mental illness and a consideration of suicide in that context and proposed interventions even without a diagnosable mental illness also plays a vital role in this book as these are key issues in within the question of suicide among the elderly This book is the first to consider all preventative measures including the spiritual as well as the psychotherapeutic and pharmacologic A commentary on modern society aging and rational suicide that ties all of these elements together making this the ultimate guide for addressing suicide among the elderly Rational Suicide in the Elderly is an excellent resource for all medical professionals with potentially suicidal patients including geriatricians geriatric and general psychiatrists geriatric nurses social workers and public health officials Suicide Ronald

M. Holmes, Stephen T. Holmes, 2005-07-27 Suicide is an ageless concern that has been with us as long as man has existed Forbidden by all religions suicide has nonetheless become such a practical problem that it is now an everyday concern resulting in more annual deaths than homicide Suicide must be seen as a societal and personal problem it is a complex act with no simple explanation The motivation is multifaceted often not understood by the family or by other survivors Suicide Theory Practice and Investigation is the only text available in paperback form that offers an accessible overview of suicide in the United States Written by Ronald M Holmes and Stephen T Holmes two of the foremost authors of murder and violent crime books in the world this book examines the social problem and criminal justice concerns of suicide from unique perspectives The authors discuss the various forms of suicide and analyze the latest data on regional differences and how gender marital status occupation health drug use and religion all influence the practice of suicide Key Features Analyzes suicide letters to provide students with unique perspectives not found in other books Covers investigative techniques that will be of interest to professionals and students alike Includes carefully selected photos to explicate the material covered Categorizes suicide into different types including anomic egoistic altruistic and fatalistic to distinguish the various reasons for which people have taken their own lives Integrates notes within the chapters to show the state of mind for those who commit suicide Explores learnings from suicidal behavior to help readers recognize how better to prevent the practice Suicide is designed for undergraduate and graduate courses in departments of Criminology Criminal Justice Psychology and Forensic Science In addition it can also be used for a variety of other courses including Psychopathology Sociology of Deviance Abnormal Psychology and Violent Crimes This book will also be of interest to anyone looking for a clear understanding of the extent of suicide in the United States Suicide and the Elderly Karen Grove Sherman, 1980

Seminars in General Adult Psychiatry George Stein, Greg Wilkinson, 2007-04 This second edition of Seminars in General Adult Psychiatry provides a highly readable and comprehensive account of modern adult psychiatry Key features of the first edition that have been retained are the detailed clinical descriptions of psychiatric disorders and historical sections to give the reader access to the classic studies of psychiatry as well as the current evidence Additional topics covered here for the first time include liaison psychiatry psychosexual medicine clinical epidemiology and international and cultural psychiatry Clinical management is given due prominence with extensive accounts of modern drug management cognitive therapy the main psychosocial approaches and current guidelines such as those published by the National Institute for Health and Care Excellence An essential text for trainees studying for their MRCPsych this book is also a one stop reference work for established practitioners providing comprehensive coverage of the whole of adult psychiatry **Suicide Among the Elderly in Long-Term Care Facilities** Nancy Osgood, Barbara Brant, Aaron P. Lipman, 1991 This is the first large scale study of suicide in a population of institutionalized older adults From their findings the authors identify the most at risk groups and highlight the major factors contributing to suicide in older adults in institutions The study described in this work

employed a sample survey design More than 1000 administrators of long term care facilities in the United States were randomly selected and surveyed about their staff and facilities and the incidence and type of suicidal behaviors which occurred among residents in 1984 and 1985 Results of the study confirmed that suicidal behavior occurred in approximately 20 percent of the facilities who responded High risk groups of residents included white males and the old old 75 years and older The survey reveals that certain environmental factors such as the size of the facility staff turnover rate per diem cost and auspices public private and religious were related to the occurrence and outcome of suicidal behavior Suggestions for suicide prevention based on these findings are also presented The book is divided into three parts Part One examines various types of long term care facilities including skilled nursing facilities intermediate care facilities and adult homes Part Two highlights design methodology and findings from the national study of suicide in long term care facilities Case profiles of suicidal residents are included to provide a more personal account of suicide behavior and to illustrate important factors in the older individual's decision to end her his life Case profiles of four institutions are also included to highlight environmental factors related to suicidal behavior Part Three focuses on suicide prevention Suggestions on the treatment of depression in the elderly suicide prevention techniques and the ethics of suicide are discussed in detail This book makes valuable reading for professionals involved in the care of the elderly

Fundamentals of Abnormal Psychology Ronald J. Comer, 2004-04-23 This is a concise textbook on abnormal psychology that integrates various theoretical models sociocultural factors research clinical experiences and therapies The author encourages critical thinking about the science and study of mental disorders and also reveals the humanity behind them

Psychiatric Nursing Mary Ann Boyd, 2008 The AJN Book of the Year award winning textbook *Psychiatric Nursing Contemporary Practice* is now in its thoroughly revised updated Fourth Edition Based on the biopsychosocial model of psychiatric nursing this text provides thorough coverage of mental health promotion assessment and interventions in adults families children adolescents and older adults Features include psychoeducation checklists therapeutic dialogues NCLEX notes vignettes of famous people with mental disorders and illustrations showing the interrelationship of the biologic psychologic and social domains of mental health and illness This edition reintroduces the important chapter on sleep disorders and includes a new chapter on forensic psychiatry A bound in CD ROM and companion Website offer numerous student and instructor resources including Clinical Simulations and questions about movies involving mental disorders

Resilience in Aging Barbara Resnick, Lisa P. Gwyther, Karen A. Roberto, 2010-10-14 The many significant technological and medical advances of the 21st century cannot overcome the escalating risk posed to older adults by such stressors as pain weakness fatigue depression anxiety memory and other cognitive deficits hearing loss visual impairment isolation marginalization and physical and mental illness In order to overcome these and other challenges and to maintain as high a quality of life as possible older adults and the professionals who treat them need to promote and develop the capacity for resilience which is innate in all of us to some degree The purpose of this book is to provide the current

scientific theory clinical guidelines and real world interventions with regard to resilience as a clinical tool To that end the book addresses such issues as concepts and operationalization of resilience relevance of resilience to successful aging impact of personality and genetics on resilience relationship between resilience and motivation relationship between resilience and survival promoting resilience in long term care and the lifespan approach to resilience By addressing ways in which the hypothetical and theoretical concepts of resilience can be applied in geriatric practice Resilience in Aging provides inroads to the current knowledge and practice of resilience from the perspectives of physiology psychology culture creativity and economics In addition the book considers the impact of resilience on critical aspects of life for older adults such as policy issues e g nursing home policies Medicare guidelines health and wellness motivation spirituality and survival Following these discussions the book focuses on interventions that increase resilience The intervention chapters include case studies and are intended to be useful at the clinical level The book concludes with a discussion of future directions in optimizing resilience in the elderly and the importance of a lifespan approach to aging

Aging Harry R. Moody, 2010 The sixth edition of this student friendly textbook provides both a thorough explanation of the issues as well as current research and controversies exploring health care socioeconomic trends and the life course This thoroughly revised new edition contains nine new readings over 35 new photographs and an instructor resource CD

Suicide Nils Retterstøl, 1993-06-17 A sensitive and enlightening account of the problem of suicide and attempted suicide in today's societies

Depression in Old Age Cornelius L. E. Katona, 1994-09-20 Eliminates several misconceptions about depression in the elderly namely that it is an inevitable consequence of aging and that the hazards involved in its treatment outweigh those of the condition itself Condenses the latest research information available on depression in old age identifying some of the questions as yet unanswered and summarizing the answers already known

Men and Aging Edward H. Thompson, 1996-01-30 Until recently older men were not a social phenomenon commanding great attention Older men are a distinct minority among men accounting for 15 percent of the adult male population Among elders older men are still outnumbered by older women three to two and there are only two men for every five women over age 85 However the importance of gender to age and age to gender is being acknowledged by gerontologists as well as gender scholars This work is the first thorough study of the research examining older men as men Thompson was able to locate more than 750 articles which are organized by subject Gendered Aging Health and Well Being Sexuality Suicide and Alcohol Religiosity and Spirituality Stereotypes and Social Constructions Relationships and Social Life Family Relations Caregiving Economics and Retirement Living Arrangements and Resources and Needs and selectively annotated Access is also aided by extensive subject and author indexes This groundbreaking volume will be of great interest to gerontologists sociologists and all researchers concerned with gender issues

Oxford Textbook of Old Age Psychiatry Tom Denning, Alan Thomas, 2013-09-26 Broad in scope and with global appeal The Oxford Textbook of Old Age Psychiatry second edition is the definitive resource on old age psychiatry It

comprehensively provides the latest knowledge on the science and practice of treating later life mental disorders focusing on the health and social issues that arise around ageing dementia co morbidity dependency and the end of life in progressively ageing societies across the world Published in previous incarnations as the much loved Psychiatry in the Elderly this core resource for all old age psychiatrists trainees and other clinical professionals treating older people's mental health has been fully revised updated and significantly expanded Twelve months inclusive access to the online version including the full text which can be browsed by the contents list index or searched links from references to external sources via PubMed ISI and CrossRef and the ability to download all figures and illustrations into PowerPoint ensures that it remains the leading text on old age psychiatry in the field Maintaining the classic combination of comprehensive coverage clear writing style and the provision of authoritative and up to date information from earlier editions this highly respected volume covers the underpinning basic science both the neurobiological and social varieties clinical practice and specific disorders as well as providing information on psychiatric services for older people and medico legal and ethical issues that often present hard challenges for those treating older patients Taking a global approach by highlighting both the common burdens and the differences in management from country to country and with a much expanded cast of contributors providing a truly international perspective The Oxford Textbook of Old Age Psychiatry second edition includes information on all the latest improvements and changes in the field New chapters are included to reflect the development of old age care covering palliative care the ethics of caring and living and dying with dementia Existing chapters have also been revised and updated throughout and additional information is included on brain stimulation therapies memory clinics and services and capacity which now includes all mental capacity and decision making Providing extensive coverage and written by experts the field the second edition of the Oxford Textbook of Old Age Psychiatry is an essential resource no old age psychiatrist trainee or anyone working in the field of mental health care for older people should be without a copy on their bookshelf

Geriatric Emergency Medicine Joseph H. Kahn, Brendan G. Magauran, Jr, Jonathan S. Olshaker, 2014-01-16 As the global geriatric population continues to grow an increasing proportion of people reporting to emergency departments are elderly The work up of these patients uses more time and resources than that of younger patients and is complicated by the fact that acute disease often presents more subtly without the outward manifestations typically seen in younger patients This volume focuses on the unique pathophysiology of the elderly presenting guidelines for resuscitation evaluation and management The first section discusses general principles including demographics pharmacology and pain management The following sections cover high risk chief presenting complaints and review geriatric emergencies Finally topics of particular relevance in the geriatric population are discussed including functional assessment end of life care financial considerations and abuse This book provides a comprehensive practical framework for community and academic emergency medicine practitioners as well as emergency department administrators striving to improve delivery of care to this vulnerable growing population

Suicide in Later Life Nancy J. Osgood, 1992-01-01 Using statistical data and case studies including the deaths of such figures as Ernest Hemingway and Bruno Bettelheim Dr Nancy Osgood realistically portrays the problem of late life suicide and examines how we as a nation might change our behavior toward the elderly to reduce their risk of suicide **Abnormal Psychology** Ronald J. Comer, 2010-07-27 Taking a look at the field of abnormal psychology including major theoretical models of abnormality research directions clinical experiences therapies and controversies this book covers personality disorders the psychodynamic perspective neuroscience the empirically based treatment movement and more

Suicide In The Elderly Introduction

In today's digital age, the availability of Suicide In The Elderly books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Suicide In The Elderly books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Suicide In The Elderly books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Suicide In The Elderly versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Suicide In The Elderly books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Suicide In The Elderly books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Suicide In The Elderly books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and

technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Suicide In The Elderly books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Suicide In The Elderly books and manuals for download and embark on your journey of knowledge?

FAQs About Suicide In The Elderly Books

1. Where can I buy Suicide In The Elderly books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
