Suishou I:

China's Local Councils in the Age of Constitutional Reform, 1898-1911 Roger R. Thompson, 2020-03-23 Dazzled by the model of Japan's Western style constitutional government Chinese officials and elite activists made plans to establish locally elected councils By October 1911 government agencies had reported the establishment of about 5 000 councils Throughout the period data on self government reforms collected from localities were compiled in provincial capitals then collated summarized and archived in Beijing Simultaneously directives were being sent from the capital to the provinces From this wealth of previously unexamined material Roger R Thompson draws a portrait in motion of the reforms He demonstrates the energy and significance of the late Qing local self government movement while making a compelling case that it was separate from the well studied phenomenon of provincial assemblies and constitutionalism in general

Disputed Dharmas Collett Cox, 1995 **The Peking Gazette in Late Imperial China** Emily Mokros, 2021-05-20 How news circulated from the Qing dynasty court In the Qing dynasty 1644 1911 China experienced far greater access to political information than suggested by the blunt measures of control and censorship employed by modern Chinese regimes A tenuous partnership between the court and the dynamic commercial publishing enterprises of late imperial China enabled the publication of gazettes in a wide range of print and manuscript formats For both domestic and foreign readers these official gazettes offered vital information about the Qing state and its activities transmitting state news across a vast empire and beyond And the most essential window onto Qing politics was the Peking Gazette a genre that circulated globally over the course of the dynasty This illuminating study presents a comprehensive history of the Peking Gazette and frames it as the cornerstone of a Qing information policy that paradoxically prized both transparency and secrecy Gazettes gave readers a glimpse into the state's inner workings but also served as a carefully curated form of public relations Historian Emily Mokros draws from international archives to reconstruct who read the gazette and how they used it to guide their interactions with the Chinese state Her research into the Peking Gazette's evolution over more than two centuries is essential reading for anyone interested in understanding the relationship between media information and state power **The Eccentric Doctor of the Moon Flower Kingdom Vol. 10** Tohru Himuka, 2025-06-10 Koyou and Singdam's shared past finally comes to light In Orchid province a young Koyou attracts suspicion and mockery from adults and fellow children alike for her unique talents while Singdam languishes in tortured isolation on the streets as a Nankin refugee But when Koyou's unlikely friendship with a local scholar sparks trouble for her Singdam will put his life on the line to save her Meanwhile in the present as hope of changing Noah's mind dwindles Koyou shows her father her true skills as a doctor and Keiun reveals his true feelings

The Chinese Gazette in European Sources Nicolas Standaert, 2022-01-31 The Chinese gazette as a publicly available government publication was distributed in a variety of formats since the twelfth century Little is known however about its form and content before 1800 By looking at China from the periphery this study shows how European sources offer a unique

way of expanding the knowledge about the gazette of the seventeenth and eighteenth centuries Its interconnected history illustrates how the Chinese gazette as translated by European missionaries became a major source for reflections on state and society by Enlightenment thinkers It thus joined a global public much earlier than so far assumed A Glossary of the Principal Chinese Expressions Occurring in Postal Documents Jan Willem Helenus Ferguson,1906 **Monarchs and Ministers** Beatrice S. Bartlett,1994-01-01 No one in the West knows the archives of China s last dynasty better than Professor Bartlett *Monarchs and Ministers* affords us one of the first truly informed views of imperial Chinese policy making from the inside Frederic Wakeman University of California Berkeley *Monarchs and Ministers* is one of those rare works that commands unanimous assent and constitutes a breakthrough Pierre Henri Durand Centre National de la Recherche Scientifique Paris *Chindian Myth of Mulian Rescuing His Mother - On Indic Origins of the Yulanpen Sūtra* Xiaohuan Zhao,2023-09-05 This book addresses the thorny issue regarding the authenticity of the Yulanpen S tra the scriptural source for the Yulanpen Festival or Hungry Ghost Festival in East Asia The s tra which features Mulian Skr Maudgaly yana adventuring into the Preta realm to rescue his mother is catalogued in the Chinese Buddhist bibliography with the Indo Scythian Dharmarak a Ch Zhu Fahu ca 266 308 given as the translator However in modern Chinese Japanese and Western scholarship the s tra is more often than not regarded as a Chinese Buddhist apocryphal scripture and the Mulian myth as an apocryphal story created by Chinese Buddhists to foster the sinicisation and transformation of Indian Buddhism mainly on the grounds that there is no extant Yulanpen S tra in Indic sources and that the s tra stresses Confucian filial piety and ancestor worship This book challenges these widely held beliefs by demonstrating that filial piety and ancestor worship are not peculiar to Confucian China but also inherent in Indic traditions and that the s tra is a Chinese creative translation rather than an indigenous Chinese composition Tuttle Chinese-English Dictionary Li Dong,2009-06-10 This is an extensive and user friendly Chinese to English dictionary The Tuttle Chinese English Dictionary provides clear and accurate definitions in idiomatic English for the 18 000 most common Chinese vocabulary items characters and compounds including all words required for the official HSK Chinese Language Proficiency Examination used by the Chinese government as well as corporations and universities worldwide This Chinese dictionary is designed specifically for English speakers All entries are listed alphabetically in their romanized form using the standard Hanyu Pinyin romanization system To ensure that the dictionary is up to date recently coined terms have been included reflecting the dramatic changes taking place in Chinese society business and education Entries contain idiomatic expressions and detailed notes on Chinese culture grammar and usage that are extremely useful for foreigners a unique feature found in no other Chinese dictionary Over 8 000 example Chinese sentences are provided showing how Chinese words are used in real life situations A concise guide to Chinese pronunciation tones and grammar and lists of common character components measure words are given at the front of the dictionary while Chinese personal and place names are given at the back Indexes list characters by strokes and also by

radicals to enable the reader to look up characters when the pronunciation is not known Key features of this Chinese dictionary include Clear and concise definitions for 18 000 common vocabulary items The only Chinese dictionary designed specifically for English speakers All entries listed alphabetically in romanized Hanyu Pinyin form Includes all words for the HSK Chinese language Proficiency Examination Early Chinese Religion John Lagerwey, Pengzhi Lü, 2009-10-30 After the Warring States treated in Part One of this set there is no more fecund era in Chinese religious and cultural history than the period of division 220-589 AD During it Buddhism conquered China Daoism grew into a mature religion with independent institutions and together with Confucianism these three teachings having each won its share of state recognition and support formed a united front against shamanism While all four religions are covered Buddhism and Daoism receive special attention in a series of parallel chapters on their pantheons rituals sacred geography community organization canon formation impact on literature and recent archaeological discoveries This multi disciplinary approach without ignoring philosophical and theological issues brings into sharp focus the social and historical matrices of Chinese religion Soulstealers Philip A. Kuhn, 1992-01-01 During the reign of Emperor Chienlung mass hysteria broke out among the common people who feared that sorcerers were roaming the land and clipping the ends of men's braids in order to steal their souls In his chronicle of this epidemic of fear and the official prosecutions that ensued Kuhn opens a window on eighteenth century China *Wang Anshi and Song Poetic Culture* Xiaoshan Yang, 2022-03-07 A poetic culture consists of a body of shared values and conventions that shape the composition and interpretation of poetry in a given historical period This book on Wang Anshi 1021-1086 and Song poetic culture the first of its kind in any Western language brings into focus a cluster of issues that are central to the understanding of both the poet and his cultural milieu These issues include the motivations and consequences of poetic contrarianism and the pursuit of novelty the relationship between anthology compilation and canon formation the entanglement of poetry with partisan politics Buddhist orientations in poetic language and the development of the notion of late style Though diverse in nature and scope the issues all bear the stamp of the period as well as Wang Anshi's distinct personality Conceived of largely as a series of case studies the book's individual chapters may be read independently of each other but together they form a varied if only partial mosaic of Wang Anshi's work and its critical reception in the larger context of Song poetic culture **Chinese Politics: Documents and Analysis : Ninth Party Congress (1969) to the Death of Mao (1976)** James T. Myers, Jürgen Domes, Milton D. Yeh, 1989 An analytical overview of the period with the overall aim being to provide a comprehensive reference work together with narrative commentary that will make the most important personalities events of this period of Chinese political history available to interested readers in a convenient accessible series of volumes **The Laws and Economics of Confucianism** Taisu Zhang, 2017-10-12 Zhang argues that property institutions in preindustrial China and England were a cause of China's lagging development in preindustrial times *Early Chinese Religion, Part Two: The Period of Division (220-589 AD) (2 vols.)* John Lagerwey, Pengzhi Lü, 2009-11-23

After the Warring States treated in Part One of this set there is no more fecund era in Chinese religious and cultural history than the period of division 220 589 AD During it Buddhism conquered China Daoism grew into a mature religion with independent institutions and together with Confucianism these three teachings having each won its share of state recognition and support formed a united front against shamanism While all four religions are covered Buddhism and Daoism receive special attention in a series of parallel chapters on their pantheons rituals sacred geography community organization canon formation impact on literature and recent archaeological discoveries This multi disciplinary approach without ignoring philosophical and theological issues brings into sharp focus the social and historical matrices of Chinese religion The Oxford Handbook of Classical Chinese Literature Wiebke Denecke, Wai-Yee Li, Xiaofei Tian, 2017-03-21 This volume introduces readers to classical Chinese literature from its beginnings ca 10th century BCE to the tenth century CE It asks basic questions such as How did reading and writing practices change over these two millennia How did concepts of literature evolve What were the factors that shaped literary production and textual transmission How do traditional bibliographic categories modern conceptions of genre and literary theories shape our understanding of classical Chinese literature What are the recurrent and evolving concerns of writings within the period under purview What are the dimensions of human experience they address Why is classical Chinese literature important for our understanding of pre modern East Asia How does the transmission of this literature in Japan Korea and Vietnam define cultural boundaries And what in turn can we learn from the Chinese style literatures of Japan Korea and Vietnam about Chinese literature In addressing these questions the Oxford Handbook of Classical Chinese Literature departs from standard literary histories and sourcebooks It does not simply categorize literary works according to periods authors or texts Its goal is to offer a new conceptual framework for thinking about classical Chinese literature by defining a four part structure The first section discusses the basics of literacy and includes topics such as writing systems manuscript culture education and loss and preservation in textual transmission It is followed by a second section devoted to conceptions of genre textual organization and literary signification throughout Chinese history A third section surveys literary tropes and themes The final section takes us beyond China to the surrounding cultures that adopted Chinese culture and produced Chinese style writing adapted to their own historical circumstances The volume is sustained by a dual foci the recuperation of historical perspectives for the period it surveys and the attempt to draw connections between past and present demonstrating how the viewpoints and information in this volume yield insights into modern China and east Asia **Astrology and Cosmology in Early China** David W. Pankenier, 2013-10-10 The ancient Chinese were profoundly influenced by the Sun Moon and stars making persistent efforts to mirror astral phenomena in shaping their civilization In this pioneering text David W Pankenier introduces readers to a seriously understudied field illustrating how astronomy shaped the culture of China from the very beginning and how it influenced areas as disparate as art architecture calendrical science myth technology and political and military decision making As elsewhere in the ancient

world there was no positive distinction between astronomy and astrology in ancient China and so astrology or more precisely astral omenology is a principal focus of the book Drawing on a broad range of sources including archaeological discoveries classical texts inscriptions and paleography this thought provoking book documents the role of astronomical phenomena in the development of the Celestial Empire from the late Neolithic through the late imperial period The Grand Scribe's Records, Volume VII Ssu-ma Ch'ien, 2021-03-09 This volume is part of the first complete translation in nine volumes of the Shih chi The Grand Scribe's Records one of the most important narratives in traditional China Compiled by Ssu ma Ch ien 145 c 86 B C it draws upon most major early historical works and was the foremost model for style and genre in Chinese history and literature through the eleventh century A D and through the early twentieth century for some genres Volume 7 The Memoirs of Pre_Han China translates twenty eight Lieh chuan or memoirs which depict more than a hundred men and women sages and scholars recluses and rhetoricians persuaders and politicians commandants and cutthroats of the Ch in and earlier dynasties Although the memoirs also begin with what is now often considered myth an account of the renowned recluses Po Yi and Shu Ch i the emphasis in these texts is on the fate of various states and power centers as seen through the biographies of key individuals from the seventh to the third centuries B C *Law and Order in Sung China* Brian E. McKnight, 1992-10-30 This work is the first comprehensive study of law enforcement in traditional China The depth and rigour to which the subject is treated makes it invaluable in the study of Chinese society or law and order *Cultural Transplantation: The Writing of Classical Chinese Poetry in Colonial Singapore (1887-1945)* Lap Lam, 2023-12-28 Classical style poetry in modern China and other Sinitic speaking localities is attracting greater attention with the recent upsurge in academic revision of modern Chinese literary history Using the concept of cultural transplantation this monograph attempts to illustrate the uniqueness compatibility and adaptability of classical Chinese poetry in colonial Singapore as well as its sustained connections with literary tradition and homeland It demonstrates how the reading of classical Chinese poetry can better our understanding of Singapore's political social and cultural history deepen knowledge of the transregional relationship between China and Nanyang and fine tune redress and enrich our perception of Singapore Chinese literature Sinophone literature the Chinese diaspora and global Chinese identity
