Thomae in sua Summa ab eodem autore editum** Charles René Billuart,1884      *Summa summae S. Thomae, sive Compendium theologiae, R. Patris Caroli Renati Billuart...* Saint Thomas (Aquinas), Charles René Billuart,1754      *The Passion of Love in the Summa Theologiae of Thomas Aquinas* Daniel Joseph Gordon,2023-05-19 This book is an introduction to three questions on love according to St Thomas Aquinas Summa Theologiae I II qq 26 28 These three questions reflect on the nature of love q 26 the causes of love q 27 and the effects of love q 28 It is thus an introduction to the entire phenomenon of love both as a bodily passion and an act of the will The purpose is to present the Thomistic and broadly scholastic account of human and divine love from a philosophical and theological perspective It aims to be a theological and philosophical study of the topic useful both for a graduate professional audience as part of an undergraduate or graduate course and perhaps for the educated reader The thesis of the book is that contrary to contemporary conceptions not all loves are created equal Some loves perfect us and some loves corrupt us The worth of a love depends on its object and end St Thomas thus presents an objective and teleological account of human and divine love that is of philosophical and theological interest The method is broadly exegetical presenting a careful reading of the text and supplying the philosophical and theological background which the text of Aquinas assumes The scope of the work is limited to three questions ST I II qq 26 28 References to interpretative disputes of Aquinas and references to further resources in the secondary literature will be mostly limited to the footnotes making the body of the text accessible to more readers      **Spheres of Philosophical Inquiry and the Historiography of Medieval Philosophy** John Inglis,1998-04-09 Recent writers in the historiography of philosophy have placed into question the paradigms that structure our historical writing This volume continues this discussion with particular reference to medieval philosophy Inglis shows that the modern historiography of medieval philosophy had its origins in certain nineteenth century German reactions to Kantian idealism He uncovers the philosophical political and theological origins of how we have come to interpret medieval philosophy according to the standard spheres of philosophy By keeping such historiography in mind and paying attention to the context in which the medieval actually wrote Inglis raises serious questions concerning the accuracy of the dominant model and proposes an historically sensitive alternative The genealogy will interest medievalists and intellectual historians the alternative model will interest historians of medieval philosophy and theology      **The Providence of God** Francesca Aran Murphy, Philip G. Ziegler,2009-08-13 This text comprises a comprehensive analysis of the doctrine of providence from

historical philosophical theological systematic and practical perspectives The essays in this book discuss the doctrine of providence from four central angles First three chapters give an historical introduction to the modern interpretation of the notion of providence examining how it was progressively naturalised and secularized in modern times Second over seven chapters and from different perspectives the book restates the Christian notion of providence in relation to the problem of evil and the theory of evolution Third in two chapters the book exhibits providence as a core theme in systematic theology Finally over three chapters the book shows the ethical and political relevance of the doctrine of providence today

*Do Not Resist the Spirit's Call* Michael D. Torre, 2013-08-20 The relationship of God's grace and man's free will is one of the most disputed topics in the history of Catholic theology At the time of the Counter Reformation a famous quarrel arose between Jesuit defenders of Molina and Dominican defenders of Bañez This led to a series of Roman congregations on the aids of God's grace de auxiliis which looked into the matter but settled very little beyond the pope declaring that neither position was heretical Leo XIII's call to advance Thomism led to this quarrel resurfacing with renewed force in the first quarter of the twentieth century Into this fray stepped a renowned Dominican of the University of Fribourg Francisco Marín Sola 1873-1932 whose published work on the development of Catholic doctrine had secured his fame among Catholic theologians In three celebrated articles published in the *Ciencia Tomista* in 1925 and 1926 he presented a new and revised version of the Dominican position on this question Marín Sola suggested that his new version rightly developed the principles of Aquinas and was supported in major part if only implicitly by earlier Dominican commentators Marín Sola's position was instantly controversial with some respondents decrying an abandonment of Dominican ideas and others declaring that Marín Sola had resolved central objections and ended the quarrel of de auxiliis In this book Michael D Torre makes Marín Sola's articles available in English for the first time The articles are preceded by an introduction on Marín Sola and followed by a conclusion that traces the reception of his thought within the Catholic theological community In Torre's afterword he defends Marín Sola's position as substantively the same as that of Aquinas

**Fine** Caroli Renati Billuart,1754      **Principles of Catholic Theology** Thomas Joseph White,2023 In the Nicene Creed Christians profess belief in the Church one holy catholic and apostolic The Church is also called the mystical body of Christ and the bride of Christ What is the Church and how can we understand her mystery in light of the mystery of Christ Principles of Catholic Theology Book 4 explores Catholic ecclesiology and the theology of the Virgin Mary as an exemplar of the Church s life It also considers the people of Israel in light of the Church and Christ The second half of the book considers human nature in light of the grace of Christ and ecclesial humanity so as to consider thematic and universal relations of grace to human nature Major controversies are addressed such as the natural desire to see God and the Thomistic understanding of election and predestination Effectively this volume seeks to receive and interpret the teaching of the Second Vatican Council Constitution on the Church Lumen Gentium within the Thomistic theological tradition and in light of that tradition Principles of Catholic Theology Book 4 is a continuation of Fr Thomas Joseph White s collection of essays extending over a range of fundamental topics in Catholic dogmatic theology      *Innovation in Early Modern Catholicism* Ulrich L. Lehner,2021-11-29 This volume demonstrates that the Catholic rhetoric of tradition disguised both novelties and creative innovations between 1550 and 1700 Innovation in Early Modern Catholicism reveals that the period between 1550 and 1700 emerged as an intellectually vibrant atmosphere shaped by the tensions between personal creativity and magisterial authority The essays explore ideas about grace physical predetermination freedom and probabilism in order to show how the rhetoric of innovation and tradition can be better understood More importantly contributors illustrate how disintegrated historiographies which often excluded Catholicism as a source of innovation can be overcome Not only were new systems of metaphysics crafted in the early modern period but so too was a new conceptual language to deal with the pressing problems of human freedom and grace natural law and Marian piety Overall the volume shines significant light on hitherto neglected or misunderstood traits in the understanding of early modern Catholic culture Re presenting early modern Catholicism more crucially than any other currently available study Innovation in Early Modern Catholicism is a useful tool for advanced undergraduates postgraduates and scholars in the fields of philosophy early modern studies and the history of theology      *Union Catalog of the Graduate Theological Union* Graduate Theological Union.
