Bowker Company, 1982 **The Nation**, 1988 **The Novel in England, 1900-1950** Robert L. Caserio, 1999 In the first half of the twentieth century English fiction played a crucial role in the artistic and intellectual movement called modernism In recent decades however modernism and its proponents have come under attack Today's critics claim that modernist fiction has been socially and politically harmful and that literary modernism has fortunately been superseded by post modernism Library Journal, 1991 Includes beginning Sept 15 1954 and on the 15th of each month Sept May a special section School library journal ISSN 0000 0035 called Junior libraries 1954 May 1961 Also issued separately **AB Bookman's Weekly**, 1988-03 **Bringing Up War-Babies** Amanda Jones, 2018-08-06 The figure of the wartime child in the mid twentieth century unsettles and disturbs This book employs a range of material biographical literary and historical to chart some of the surprising and unanticipated crossovers between women's writing and early psychoanalysis in the years of the Second World War and the decades before and after This volume includes examples of children's adventure fiction as well as works written for adult audiences and important and previously unrecognized similarities are noted The war was a disruptive influence in the lives of all who lived through it Although active self censorship is observed in the behaviour and attitudes of adults at this time this book demonstrates how fictional children are able to articulate feelings such as anxiety and fear that adults were under pressure to conceal or to repress and at times

the figure of the wartime child becomes a surrogate for the writer herself or her suppressed fears and anxiety When peace returned this study finds women writers quick to identify and communicate a discomfiting new ambivalence between parents and children
