The Summer Before the Dark Doris Lessing, 2010-11-17 As the summer begins Kate Brown attractive intelligent forty five happily enough married with a house in the London suburbs and three grown children has no reason to expect anything will change But when the summer ends the woman she was living behind a protective camouflage of feminine charm and caring no longer exists This novel Doris Lessing s brilliant excursion into the terrifying stretch of time between youth and old age is her journey from London to Turkey to Spain from husband to lover to madness on the road to a frightening new independence and a confrontation with self that lets her finally come truly of age *The Summer Before the Dark* Doris Lessing, 1973

Doris Lessing Bootheina Majoul, 2016-04-26 Doris Lessing is a writer for all times she is a historiographer and a transnational translational mediator between the East and the West This volume provides a collection of articles analysing Doris Lessing s literature The first part entitled Lessing s World of Words offers a broad vision of the writer s novels it introduces her many genres and sheds light on her literary affiliations This is followed by Lessing s Other Spaces which dives into the novelist s imaginary and spiritual universes The final part *Intersections Lessing and Other Writers* establishes an analogy between Lessing s texts and Ahlem Mustaghanemi s *Memory in the Flesh* Atiq Rahimi s *Earth and Ashes* and Salman Rushdie s *Shame* **Beyond Innocence, Or, The Altersroman in**

Modern Fiction Linda A. Westervelt, 1997 In this groundbreaking work Linda A Westervelt defines an important yet previously unidentified and therefore unnamed type of novel the altersroman or age novel Fictions focusing on a protagonist s confrontation with mortality toward the end of middle age are likely to become ever more prominent in a Western world in which the average age of the population increases and more people reach late middle age and old age Working from a diverse sample of modern literature Westervelt analyzes the variety of responses to the life evaluation Some characters achieve a level of affirmation that allows renewal redirection or simply peace while others confront feelings of disgust or despair that so little time is left them Her altersromane are books about seeking wisdom though not everyone of this age becomes wise The use of the term altersroman highlights the fact that the altersroman is a classification comparable to but also clearly distinguishable from the bildungsroman wherein characters make the transition from youth to adulthood

Westervelt contrasts her older protagonists characteristics with the equivalent characteristics in the bildungsroman through an examination of Don Quixote part 2 as well as six American novels The Ambassadors by Henry James The Professor's House by Willa Cather The Mansion by William Faulkner The Angle of Repose by Wallace Stegner A Book of Common Prayer by Joan Didion and Jazz by Toni Morrison These seven works though remarkably different share the common features of the altersroman Westervelt articulates the traits clearly rests them on the psychological literature and then shows in depth how the characteristics of the altersroman can enrich and more deeply inform our reading of a significant subset of modern literature that previously went unheralded Readers can use Westervelt's analysis to identify altersromane in literature other than their own and she begins this process by identifying exemplars written in other languages Beyond Innocence or the Altersroman in Modern Fiction introduces readers to the altersroman as a tool for classification and analysis and demonstrates the power and utility of that tool It offers a meaningful and enriching complement to the more established category of the bildungsroman
