Models and Mirrors Don Handelmann, 1998 Ritual is one of the most discussed cultural practices yet its treatment in anthropological terms has been seriously limited characterized by a host of narrow conceptual distinctions One major reason for this situation has been the prevalence of positivist anthropologies that have viewed and summarized ritual occasions first and foremost in terms of their declared and assumed functions By contrast this book which has become a classic investigates them as epistemological phenomena in their own right Comparing public events a domain which includes ritual and related occasions the author argues that any public event must first be comprehended through the logic of its design It is the logic of organization of an occasion which establishes in large measure what that occasion is able to do in relation to the world within which it is created and practiced

Lessons from an Indian Day School Adrea Lawrence, 2011-10-18 Clara D True and Clinton J Crandall teacher and superintendent for the Indian Day School of the Santa Clara Pueblo were typical agents in the campaign waged by the federal government to assimilate Native Americans into mainstream American society As the primary Office of Indian Affairs officials for the Pueblo True and Crandall administered the school and also served as de facto health officials demographers arbiters and legal consultants as well as the eyes and ears of the government Drawing upon an extensive correspondence between True and Crandall from 1902 to 1907 Adrea Lawrence provides an intimate look at the daily lives and challenges that the two educators faced as they worked with a diverse community of Tewa Indians and Hispanos Through this long overlooked correspondence Lawrence introduces us to two fascinating characters flawed but intent individuals charged with the task of carrying out the government's colonialist Indian education policy Through descriptions of such episodes as their disdain for older Indians suspicion of vaccination True and Crandall provide clear examples of the inherent contradictions in the federal government's culturally insensitive approach toward its Indian population Yet they were also great advocates for the Indians often stepping in to mediate in matters involving land and taxation The complex portrait of these educators that emerges is based not just on the letters but also on corresponding documents from Pueblo Indians periodicals legal cases statutes Indian Office circulars and anthropological studies conducted by both Native and non Native scholars Lawrence reveals the challenges federal employees faced as they tried to execute the federal policy of assimilation while dealing with educative issues relating to land disease citizenship and modes of education that confronted Santa Clara Pueblo and its neighbors Several recurring themes are traced through each chapter such as colonization as negotiation place as a participant True and Crandall's notions of good and bad Indians and the significance of the relationships among Pueblo Indians Hispanos and Anglos Simultaneously caring and condescending dedicated yet

oblivious to cultural complexities True and Crandall in these letters offer a rare and nuanced look at the daily interactions between OIA employees and their charges It makes a unique contribution to both Native American and education history

Palkovich,2024-05-11 This volume introduces the place of Arroyo Hondo Pueblo in our understanding of Southwestern Archaeology in the Northern Rio Grande The author discusses the reanalysis of the skeletal and mortuary remains that draws on a half century of research since the original excavations were conducted by the School of American Research from 1970 1974 under the direction of Douglas W Schwartz The volume offers a close read of the mortuary evidence at Arroyo Hondo Pueblo and integrates ideas about corn as a central feature of Tewa cosmology with this crop as the paramount dietary staple The author discusses the health consequences of dry farming subsistence and present evidence for malnutrition and other dietary issues and finally describes the impact of malnutrition and other maladies on the everyday lives of Arroyo Hondo s villagers This volume is for readers interested in bioarchaeology paleopathology and Southwestern Archaeology **The Sunlight Solution** Laurie Winn Carlson,2009-12-02 In this informative overview of an often neglected topic Carlson examines the historical and cultural factors that have created an indoor lifestyles and the medical evidence that suggests that people need to get out in the sun **Let Me Be Libra** Nneka,2012-02-07 As a child I was drawn to the written word For me writing was like a soothing balm or a quiet friend comforting Writing poetry gave life to the words of my unspoken voice Writing poetry was my personal journey that gave meaning or order to my life **Tewa Worlds** Samuel Duwe,2020-04-21 Tewa Worlds tells a history of eight centuries of the Tewa people set among their ancestral homeland in northern New Mexico Bounded by four sacred peaks and bisected by the Rio Grande this is where the Tewa after centuries of living across a vast territory reunited and forged a unique type of village life It later became an epicenter of colonialism for within its boundaries are both the ruins of the first Spanish colonial capital and the birthplace of the atomic bomb Yet through this dramatic change the Tewa have endured and today maintain deep connections with their villages and a landscape imbued with memory and meaning Anthropologists have long trekked through Tewa country but the literature remains deeply fractured among the present and the past nuanced ethnographic description and a growing body of archaeological research Samuel Duwe bridges this divide by drawing from contemporary Pueblo philosophical and historical discourse to view the long arc of Tewa history as a continuous journey The result is a unique history that gives weight to the deep past colonial encounters and modern challenges with the understanding that the same concepts of continuity and change have guided the people in the past and present and will continue to do so in the future Focusing on a decade of fieldwork in the northern

political change even more important evolutionary forces are the tensions between co operation and competition for status and leadership Although relying primarily on archaeological data the book also includes oral histories historical accounts and ethnographic records as it introduces readers to the deep history of the Puebloan Southwest *Kokopelli Ceremonies*
