[Sun Yat-Sen, Nanyang and the 1911 Revolution](#) Lee Lai To,2003-08-01 In view of the 100th anniversary of the 1911 Revolution and Sun Yat sen s relations with the Nanyang communities the Institute of Southeast Asian Studies and the Chinese Heritage Centre came together to host a two day bilingual conference on the three way relationships between Sun Yat sen Nanyang and the 1911 Revolution in October 2010 in Singapore This volume is a collection of papers in English presented at the conference While there are extensive research and voluminous publications on Sun Yat sen and the 1911 Revolution it was felt that less had been done on the Southeast Asian connections Thus this volume tries to chip in some original and at times provocative analysis on not only Sun Yat sen and the 1911 Revolution but also contributions from selected Southeast Asian countries

Sun Yatsen, Robert Wilcox and Their Failed Revolutions, Honolulu and Canton 1895 Patrick Anderson,2021-06-28 Dynamite on the Tropic of Cancer is the radical explosive retelling of the first decade of the Father of Modern China Dr Sun Yatsen s globally shaped formation as a professional revolutionist and of the impact of the adult Sun s revolutionary relationship with Hawai i and with his varied communities of supporters there during its own most turbulent political decade the 1890s years in which this remote island nation transformed from native monarchy via sovereign independent republic to become the USA s first overseas territory

Drawn from neglected primary sources *Dynamite* reveals the hitherto untold story of the secret revolutionary alliance forged in Honolulu's backstreets between Sun's Xingzhonghui and the idiosyncratic Italophile soldier Robert Wilcox. Hawai'i's Garibaldi and leader of the Kanaka Native Hawaiian counterrevolution of January 1895. This failed uprising to restore Hawai'i's tragic last Queen witnessed firsthand by Sun Yatsen became the archetype upon which ten months later Sun would base his own first attempt at armed insurrection in China the Canton uprising of 26 October 1895. With an epic sweep across the Pacific's Tropic of Cancer *Dynamite* is the most important study yet written on the origins of Sun Yatsen's Chinese Revolution and its dynamic interface with Hawaiian history. Origins of the Chinese Revolution, 1915-1949 Lucien Bianco, 1971

Marxism in the Chinese Revolution Arif Dirlik, 2005. Representing a lifetime of research and writing by noted historian Arif Dirlik, the essays collected here explore developments in Chinese socialism and the issues that have occupied historians of the Chinese revolution for the past three decades. Dirlik engages Chinese socialism critically but with sympathy for the aspirations of revolutionaries who found the hope of social, political, and cultural liberation in Communist alternatives to capitalism and the intellectual inspiration to realize their hopes in Marxist theory. The book's historical approach to Marxist theory emphasizes its global relevance while avoiding dogmatic and Eurocentric limitations. These incisive essays range from the origins of socialism in the early twentieth century through the victory of the Communists in mid-century to the virtual abandonment by century's end of any pretense to a socialist revolutionary project by the leadership of the Chinese Communist Party. All that remains of the revolution in historical hindsight are memories of its failures and misdeeds, but Dirlik retains a critical perspective not just toward the past but also toward the ideological hegemonies of the present. Taken together, his writings reaffirm the centrality of the revolution to modern Chinese history. They also illuminate the fundamental importance of Marxism to grasping the flaws of capitalist modernity despite the fact that in the end the socialist response was unable to transcend the social and ideological horizons of capitalism.
