Connie Eaton

Delight the eye and please the spirit with attractive stained glass sun- or lightcatchers. When time's at a premium, craftworkers will find miniature stained glass art just the thing to satisfy the creative urge. Lightcatchers need far less time to complete than larger projects but still produce a rainbow of dazzling colors.

With over 100 patterns to choose from, beginners can fashion a butterfly, birds, flowers, toys, a whale, dolphins and candles. For advanced craftworkers, there's a more challenging cornucopia brimming with fruit, a sailing ship and a clown. Hang these stunning showpieces in windows, on lampshades, in front of burning candles—any place where they can catch and refract the light. The results are spectacular.

Templates of sturdy stock (many in actual project size) are ready to be cut out. Patterns can be enlarged, reduced or used as is—to suit personal needs.

Stained glass artists will want to add this affordable volume to their working libraries as a source of gift ideas, holiday decorations or simply to create unique items for personal enjoyment.

Original Dover (1987) publication. Introduction. 120 black-and-white designs. Color illustrations on covers. 84pp. 8 1/2" x 11". Paperbound.
