

Sunset Park

David Kirk

Sunset Park:

The Bluegrass Reader Thomas Goldsmith, 2004 A chronological guide to bluegrass music that describes and traces the development of the musical genre *Multifamily Housing Rehabilitation* United States. Congress. Senate. Committee on Banking, Housing, and Urban Affairs. Subcommittee on Housing and Urban Affairs, 1979 Michigan Geographic Names Information System Alphabetical List, 1988 The Citrus Industry, 1924 **Beyond Sun and Sand** Sherrie L. Baver, Barbara D. Lynch, 2006 Annotation Bringing together ten essays by social scientists and activists this book provides the most comprehensive exploration of the range of environmental issues facing the region and the social movements that have developed to deal with them The authors consider the role that global and regional political economies play in this process

America's Changing Neighborhoods Reed Ueda, 2017-09-21 A unique panoramic survey of ethnic groups throughout the United States that explores the diverse communities in every region state and big city Race ethnicity and immigrants lives and identity these are all key topics that Americans need to study in order to fully understand U S culture society politics economics and history Learning about place through our own historical and contemporary neighborhoods is an ideal way to better grasp the important role of race and ethnicity in the United States This reference work comprehensively covers both historical and contemporary ethnic and immigrant neighborhoods through A Z entries that explore the places and people in every major U S region and neighborhood America s Changing Neighborhoods An Exploration of Diversity uniquely combines the history of ethnic groups with the history of communities offering an interdisciplinary examination of the nation s makeup It gives readers perspective and insight into ethnicity and race based on the geography of enclaves across the nation in regions and in specific cities or localized areas within a city Among the entries are nearly 200 neighborhood biographies that provide histories of local communities and their ethnic groups Images sidebars cross references at the end of each entry and cross indexing of entries serve readers conducting preliminary as well as in depth research The book s state by state entries also offer population data and an appendix of ancestry statistics from the U S Census Bureau details ethnic and racial diversity

Cumulative List of Organizations Described in Section 170 (c) of the Internal Revenue Code of 1954 United States. Internal Revenue Service, 2002 **Cumulative List of Organizations Described in Section 170 (c) of the Internal Revenue Code of 1986**, 1990 **Publication**, 1991 *Library of Congress Subject Headings* Library of Congress, 2010 *Contemporary Asian American Communities* Linda Trinh Võ, Rick Bonus, 2009 Once thought of in terms of geographically bounded spaces Asian America has undergone profound changes as a result of post 1965 immigration as well as the growth and reshaping of established communities This collection of original essays demonstrates that conventional notions of community of ethnic enclaves determined by exclusion and ghettoization now have limited use in explaining the dynamic processes of contemporary community formation Writing from a variety of perspectives these contributors expand the concept of community to include sites not necessarily bounded by space formations around gender class sexuality and

generation reveal new processes as well as the demographic diversity of today's Asian American population. The case studies gathered here speak to the fluidity of these communities and to the need for new analytic approaches to account for the similarities and differences between them. Taken together, these essays forcefully argue that it is time to replace the outworn concept of a monolithic Asian America.

Chinatown around the World Bernard P. Wong, Chee-Beng Tan, 2013-03-21

The phenomenon of Chinatown has been of great interest to the general public as well as scholars. Movies and story books have made Chinatown to be exotic, mysterious, gangster-filled, and sometimes a gilded ghetto, an ethno-polis, a cultural diaspora, as well as a model community. The authors of *Chinatown around the World* seek to expose the social reality of Chinatowns with empirical data. The authors also examine the changing nature and functions of Chinatowns around the world while scrutinizing how factors emanating from larger societies and other external factors have shaped Chinatown development and transformation. The activities of the recent Chinese transnational migrants are also critically appraised.

New People in Old Neighborhoods Louis Winnick, 1990-10-30

The recent wave of immigration into this country has given rise to myriad concerns, from the worries about the impact of immigration on the nation's economy to questions about whether multilingual education should be used in public schools. The resulting debates have overshadowed some very good news: this influx of New Immigrants has resulted in an astonishing rebirth of many of our older, decaying cities. Nowhere has this demographic renewal been more apparent than in New York City, as Louis Winnick demonstrates in *New People in Old Neighborhoods*, a timely and perceptive study of the effects of immigration in Brooklyn's Sunset Park. Sunset Park was born of the late nineteenth-century flood of immigrants who developed a prosperous waterfront commerce by the end of World War I; the community had achieved a thriving maturity. Yet the decades following World War II brought about a period of urban decay, lifted only by the post-1965 influx of more than 20,000 immigrants, most notably from Asia and the Caribbean Basin. These New Immigrants not only revived the dying community but enriched it with greater ethnic diversity than it had ever known. Winnick combines data on ethnic change and living patterns with data on employment, housing, school enrollment, and subway ridership to study the revitalization of Sunset Park. He discusses the ethnic composition and characteristics of the new immigrants, trends in self-employment and entrepreneurship, microcapitalism, immigrant impact upon retailing, manufacturing, and the lower echelons of the service industries, skill and education levels, and presence in the professions. Winnick also discusses the immigrants' positive effect on faltering New York systems such as the subways and public schools, and places immigrant renewal within the larger context of overall housing and economic regeneration in New York City. *New People in Old Neighborhoods* views today's immigrants as the historic heirs to the community builders of the last century and offers important insights into the often troubled yet transforming relationship between the nation and its foreign-born population. The future of these immigrants will be a yardstick to measure the quality and performance of our cities and their neighborhoods in the years ahead.

Ethics in Design and Communication Laura Scherling, Andrew DeRosa, 2020-02-20

This timely collection brings together critical analytic historical and practical studies to address what ethics means in the practice of design. Designers face the same challenges as everyone else in the complex conditions of contemporary cultural life: choices about consumption, waste, exploitation, ecological damage, and political problems built into the supply chains on which the global systems of inequity currently balance precariously. But designers face the additional dilemma that their paid work is often entangled with promoting the same systems such critical approaches seek to redress: how to reconcile this contradiction among others in seeking to chart an ethical course of action while still functioning effectively in the world. Ethics in Design and Communication acknowledges the complexity of this subject matter while also demonstrating that in the ongoing struggle towards an equitable and sustainable world the talents of design and critical thought are essential. Featured case studies include graphic design internships today, the dark web, and media coverage of the 2016 US presidential election. The fact that within this book such a wide array of practitioners, scholars, critics, and professionals commit to addressing current injustices is already a positive sign. Nonetheless, it is essential that we guard against confusing the coercive force of moral imperatives with ethical deliberation when conceiving a foundation for action.

Green Gentrification Kenneth Gould, Tammy Lewis, 2016-07-15 Green Gentrification looks at the social consequences of urban greening from an environmental justice and sustainable development perspective. Through a comparative examination of five cases of urban greening in Brooklyn, New York, it demonstrates that such initiatives while positive for the environment tend to increase inequality and thus undermine the social pillar of sustainable development. Although greening is ostensibly intended to improve environmental conditions in neighborhoods, it generates green gentrification that pushes out the working class and people of color and attracts white wealthier migrants. Simply put, urban greening richens and whitens, remaking the city for the sustainability class. Without equity-oriented public policy intervention, urban greening is negatively redistributive in global cities. This book argues that environmental injustice outcomes are not inevitable. Early public policy interventions aimed at neighborhood stabilization can create more just sustainability outcomes. It highlights the negative social consequences of green growth coalition efforts to green the global city and suggests policy choices to address them. The book applies the lessons learned from green gentrification in Brooklyn to urban greening initiatives globally. It offers comparison with other greening global cities. This is a timely and original book for all those studying environmental justice, urban planning, environmental sociology, and sustainable development, as well as urban environmental activists, city planners, and policy makers interested in issues of urban greening and gentrification.

Savoring Gotham, 2015-11-11 When it comes to food, there has never been another city quite like New York. The Big Apple, a telling nickname, is the city of 50,000 eateries, of fish wriggling in Chinatown baskets, huge pastrami sandwiches on rye, fizzy egg creams, and frosted black and whites. It is home to possibly the densest concentration of ethnic and regional food establishments in the world, from German and Jewish delis to Greek diners, Brazilian steakhouses, Puerto Rican and Dominican bodegas, halal food carts, Irish pubs, Little Italy, and two

Koreatowns Flushing and Manhattan This is the city where if you choose to have Thai for dinner you might also choose exactly which region of Thailand you wish to dine in Savoring Gotham weaves the full tapestry of the city's rich gastronomy in nearly 570 accessible informative A to Z entries Written by nearly 180 of the most notable food experts most of them New Yorkers Savoring Gotham addresses the food people places and institutions that have made New York cuisine so wildly diverse and immensely appealing Reach only a little ways back into the city's ever changing culinary kaleidoscope and discover automats the precursor to fast food restaurants where diners in a hurry dropped nickels into slots to unlock their premade meal of choice Or travel to the nineteenth century when oysters cost a few cents and were pulled by the bucketful from the Hudson River Back then the city was one of the major centers of sugar refining and of brewing too 48 breweries once existed in Brooklyn alone accounting for roughly 10% of all the beer brewed in the United States Travel further back still and learn of the Native Americans who arrived in the area 5 000 years before New York was New York and who planted the maize squash and beans that European and other settlers to the New World embraced centuries later Savoring Gotham covers New York's culinary history but also some of the most recognizable restaurants eateries and culinary personalities today And it delves into more esoteric culinary realities such as urban farming beekeeping the Three Martini Lunch and the Power Lunch and novels movies and paintings that memorably depict Gotham's foodscapes From hot dog stands to haute cuisine each borough is represented A foreword by Brooklyn Brewery Brewmaster Garrett Oliver and an extensive bibliography round out this sweeping new collection

The North Carolina Birding Trail North Carolina Birding Trail, 2011-01-20 North Carolina harbors an incredible diversity of habitats that provide food and shelter for more than 440 bird species throughout the year making the state a destination for birders and nature lovers The North Carolina Birding Trail is a driving trail linking birders and tourists with great birding sites across the state and the local communities in which they are found The first of three regional guides the Coastal Plain Trail Guide presents 102 birding destinations east of Interstate 95 The spiral bound volume features maps detailed site descriptions and color photographs throughout Each site description includes directions as well as information on access focal species and habitats and on site visitor amenities Special while you're in the area listings accompany each of sixteen site groupings so visitors can travel to a cluster of birding destinations and enjoy other local highlights and attractions along the way

Metropolitan Detention Center, Brooklyn, 1991 **A People's Guide to New York City** Carolina Bank Muñoz, Penny Lewis, Emily Tumpson Molina, 2022-01-25 This alternative guidebook for one of the world's most popular tourist destinations explores all five boroughs to reveal a people's New York City The sites and stories of A People's Guide to New York City shift our perception of what defines New York placing the passion determination defeats and victories of its people at the core Delving into the histories of New York's five boroughs you will encounter enslaved Africans in revolt women marching for equality workers on strike musicians and performers claiming streets for their art and neighbors organizing against landfills and industrial toxins and in support of

affordable housing and public schools The streetscapes that emerge from these groups struggles bear the traces and this book shows you where to look to find them New York City is a preeminent global city serving as the headquarters for hundreds of multinational firms and a world renowned cultural hub for fashion art and music It is among the most multicultural cities in the world and also one of the most segregated cities in the United States The people that make this global city function immigrants people of color and the working classes reside largely in the so called outer boroughs outside the corporations neon and skyscrapers of Manhattan A People s Guide to New York City expands the scope and scale of traditional guidebooks providing an equitable exploration of the diverse communities throughout the city Through the stories of over 150 sites across the Bronx Manhattan Queens Brooklyn and Staten Island as well as thematic tours and contemporary and archival photographs a people s New York emerges one in which collective struggles for justice and freedom have shaped the very landscape of the city
