There was also Kate Sessions the mother of Balboa Park whose nursery growing grounds just outside the original Mission Hills subdivision proved difficult for her clientele to traverse leading her to convince transportation mogul John D Spreckles to expand the streetcar route to accommodate her business In 1905 George Marston a San Diego civic leader commissioned landscape architect and urban planner John Nolan to implement a development plan for the city Nolan s plan however was never adopted In 1908 as if to prove what was possible Marston s syndicate formed the restricted subdivision of Mission Hills Then in 1909 the city announced plans to celebrate the opening of the Panama Canal The fuse was lit and the boom that followed brought builders and skilled artisans to San Diego As a result Mission Hills became architecturally magnificent

Empire on Display Sarah J. Moore,2013-05-31 The world s fair of 1915 celebrated both the completion of the Panama Canal and the rebuilding of San Francisco following the devastating 1906 earthquake and fire The exposition spotlighted the canal and the city as gateways to the Pacific where the American empire could now expand after its victory in the Spanish American War Empire on Display is the first book to examine the Panama Pacific International Exposition through the lenses of art history and cultural studies focusing on the event s expansionist and masculinist symbolism The exposition displayed evidence visual spatial geographic cartographic and ideological of America s imperial ambitions and accomplishments Representations of the Panama Canal play a central role in Moore s argument much as they did at the fair itself Embodying a manly empire of global dimensions the canal was depicted in statues and a gigantic working replica as well as on commemorative stamps maps murals postcards medals and advertisements Just as San Francisco s rebuilding symbolized America s will to overcome the forces of nature the Panama Canal represented the triumph of U S technology and sheer determination to realize the centuries old dream of opening a passage between the seas Extensively illustrated Moore s book vividly recalls many other features of the fair including a seventy five foot tall Uncle Sam American railroads in their heyday in 1915 contributed a five acre scale model of Yellowstone complete with miniature geysers that erupted at regular intervals A mini Grand Canyon featured a village where some twenty Pueblo Indians lived throughout the fair Moore interprets these visual and cultural artifacts as layered narratives of progress civilization social Darwinism and manliness Much as the globe had ostensibly shrunk with the completion of the Panama Canal the Panama Pacific International Exposition compressed the world and represented it in miniature to celebrate a reinvigorated imperial masculine and technologically advanced nation As San Francisco bids to host another world s fair in 2020 Moore s rich analytic approach gives readers much to ponder about symbolism American identity and contemporary parallels to the past The California Landscape Garden Mark Francis,Andreas Reimann,1999-01-01 The beauty resources and natural processes of the California landscape are brought to the home garden in this fine testament to ecological gardening culture and design 117 illustrations 30 in color 4 site plans 6 tables Conserving Words Daniel J.
