American Arcadia Peter James Holliday, 2016 American Arcadia explores the innumerable ways Californians shaped their visual and social culture using models and ideals from the classical tradition *Golden Dreams* Kevin Starr, 2011-09-09 A narrative tour de force that combines wide ranging scholarship with captivating prose Kevin Starr's acclaimed multi volume *Americans and the California Dream* is an unparalleled work of cultural history In this new volume Starr covers the crucial postwar period 1950 to 1963 when the California we know today first burst into prominence In a powerful blend of telling events colorful personalities and insightful analyses he brilliantly illuminates the dominant economic social and cultural forces in California in these pivotal years **Agricultural Libraries Information Notes**, 1978 [The Bermuda Triangle Love](#) Harshini J., 2021-03-15 Love is a Phoenix love failure is just ephemeral wedlock doesn't guarantee amorous love Dr Mithran can manoeuvre his daughter Dr Maya's wedding with Dr Shreyas but can't make the two hearts beat as one The marriage is just a tactical gambit for Maya to achieve her academic goal As Dr Shreyas's ordeal of past lost love wreaked havoc in his family he obliged to marry Maya reluctantly Those lost traveller of the hoodoo sea only stood to have known the mystery behind it Navigate through the chapters experience The enigma unwrap the mystery of the bewitchingly beautiful Bermuda triangle love of Maya Shreya Aditi Let your heart sink deep in the Twilight Zone until it absorbs and oozes out the highest degree of pleasure of love and decide is love mystique or mythic Beware it is too Eddy [Italian Folk](#) Joseph Sciorra, 2011 Sunday dinners basement kitchens and backyard gardens are everyday cultural entities long associated with Italian Americans yet the general perception of them remains superficial and stereotypical at best For many people these scenarios trigger ingrained assumptions about individuals beliefs politics aesthetics values and behaviors that leave little room for nuance and elaboration This collection of essays explores local knowledge and aesthetic practices often marked as folklore as sources for creativity and meaning in Italian American lives As the contributors demonstrate folklore provides contemporary scholars with occasions for observing and interpreting behaviors and objects as part of lived experiences Its study provides new ways of understanding how individuals and groups reproduce and contest identities and ideologies through expressive means Italian Folk offers an opportunity to reexamine and rethink what we know about Italian Americans The contributors to this unique book discuss historic and contemporary cultural expressions and religious practices from various parts of the United States and Canada to examine how they operate at local national and transnational levels The essays attest to people's ability and willingness to create and reproduce certain cultural modes that connect them to social entities such as the family the neighborhood and the amorphous and fleeting communities that emerge in large scale festivals and now on the Internet Italian Americans abandon reproduce and or revive various cultural elements in relationship to ever shifting political economic and social conditions The results are dynamic hybrid cultural forms such as valtarò accordion music Sicilian oral poetry a Columbus Day parade and witchcraft stregheria By taking a closer look and an ethnographic

approach to expressive behavior we see that Italian American identity is far from being a linear path of assimilation from Italian immigrant to American of Italian descent but is instead fraught with conflict negotiation and creative solutions Together these essays illustrate how folklore is evoked in the continual process of identity revaluation and reformation
