Sioux A Proud People:

Unsettling America C. Richard King, 2015-05 *Unsettling America* explores the cultural politics of Indianness in the 21st century. It concerns itself with representations of Native Americans in popular culture, the news media, and political debate, and the ways in which American Indians have interpreted, challenged, and reworked key ideas about them. It examines the means and meanings of competing uses and understandings of Indianness, unraveling their significance for broader understandings of race and racism, sovereignty and self-determination, and the possibilities of decolonization. To this end, it takes up four themes: false claims about or on Indianness that are distortions or ongoing stereotyping; claiming Indianness to advance the culture wars or how indigenous peoples have figured in post-9/11 political debates; making claims through metaphors and juxtaposition or the use of analogy to advance political movements or enhance social visibility; and reclamations or exertion of cultural sovereignty.

Rebel Women of the West Coast Rich Mole, 2011-01-31 Here are the stories of singularly courageous West Coast women: driven, obsessed, sometimes desperate people whose nonconformist beliefs and actions made them rebels in society's eyes. Many faced hardship and ridicule as they pursued their goals. In these vivid biographies, Rich Mole chronicles the lives of some of the most celebrated and controversial women in BC, Washington, and Oregon, including pioneer Catherine Schubert who faced danger and starvation on her heroic journey west; ballot box rebel Abigail Scott Duniway who endured poverty and scathing criticism during her fight for women's suffrage; Irene Bonnie Baird who disguised herself as a nurse to write an exposé of their ordeals; Depression-era protesters; complex and contradictory doctor Bethenia Owens Adair who broke gender barriers yet is also remembered for a more tragic legacy. By demanding equality and respect in lecture halls, shipyards, government assemblies, and operating theatres, these women helped shape the society we live in today.

Alcoholism And The Family Saturo Saitoh, Peter Steinglass, Marc A. Schuckit, 2013-05-24 The science of the etiology and treatment of alcoholism has made notable progress in recent years. Since the early 1970s, there have been growing insights made concerning the relevance of hereditary factors in alcoholism. This has led to the presentation of various innovative hypotheses in this field. In conjunction with this, there has been much discussion and study of the alcoholic personality and its possible characteristics. These may be considered the longitudinal aspects linked to the transmission of alcoholism.
