biography of one of the most controversial personalities of the nineteenth century Barbara Belford breaks new ground in the evocation of Oscar Wilde's personal life and in our understanding of the choices he made for his art Published for the centenary of Wilde's death here is a fresh full scale examination of the author of *The Importance of Being Earnest* and *The Picture of Dorian Gray* a figure not only full of himself but enjoying life to the fullest Based on extensive study of original sources and animated throughout by historical detail anecdote and insight the narrative traces Wilde's progression from his childhood in an intellectual Irish household to his maturity as a London author to the years of his European exile Here is Wilde the Oxford Aesthete becoming the talk of London going off to tour America lecturing on the craftsmanship of Cellini to the silver miners of Colorado condemning the ugliness of cast iron stoves to the ladies of Boston Here is the domestic Wilde building sandcastles with his sons and the generous Wilde underwriting the publication of poets lending and spending with no thought of tomorrow And here is the romantic Wilde enthralled with Lord Alfred Douglas in an affair that thrived on laughter smitten with Florence Balcombe flirting with Violet Hunt obsessed with Lillie Langtry loving Constance his wife Vividly evoked are the theatres clubs restaurants and haunts that Wilde made famous More than previous accounts Belford's biography evaluates Wilde's homosexuality as not just a private matter but one connected to the politics and culture of the 1890s Wilde's timeless observations which make him the most quoted playwright after Shakespeare are seamlessly woven into the life revealing a man of remarkable intellect energy and warmth Too often portrayed as a tragic figure persecuted imprisoned sent into exile and shunned Wilde emerges from this intuitive portrait as fully human and fallible a man who realizing that his creative years were behind him committed himself to a life of sexual freedom which he insisted was the privilege of every artist Even now we have yet to catch up with the man who exhibited some of the more distinguishing characteristics of the twentieth century's preoccupation with fame and zeal for self advertisement Wilde's personality shaped an era and his popularity as a wit and a dramatist has never ebbed NOTE This edition does not include a photo insert

Reflecting the Audience Jim Davis, Victor Emeljanow, 2005-04 This innovative work begins to fill a large gap in theatre studies the lack of any comprehensive study of nineteenth century British theatre audiences In an attempt to bring some order to the enormous amount of available primary material Jim Davis and Victor Emeljanow focus on London from 1840 immediately prior to the deregulation of that city's theatres to 1880 when the Metropolitan Board of Works assumed responsibility for their licensing In a further attempt to manage their material they concentrate chapter by chapter on seven representative theatres from four areas the Surrey Theatre and the Royal Victoria to the south the Whitechapel Pavilion and the Britannia Theatre to the east Sadler's Wells and the Queen's later the Prince of Wales's to the north and Drury Lane to the west Davis and Emeljanow thoroughly examine the composition of these theatres audiences their behavior and their attendance patterns by looking at topography social demography police reports playbills autobiographies and diaries newspaper accounts economic and social factors as seen in census returns maps and transportation data and the managerial

policies of each theatre
