Sketches For A Life Of Wassily:

Sketches for a Life of Wassily Lydia Davis, 1981 **The Poetics of Fragmentation in Contemporary British and American Fiction** Vanessa Guignery, Wojciech Drąg, 2019-12-02

The last decades have seen a revival of fragmentation in British and American works of fiction that deny linearity coherence and continuity in favour of disruption gaps and fissures. Authors such as Ali Smith, David Mitchell and David Shields have sought new ways of representing our global media saturated contemporary experience which differ from modernist and postmodernist experimentations from which the writers nevertheless draw inspiration. This volume aims to investigate some of the most important contributions to fragmentary literature from British and American writers since the 1990s with a particular emphasis on texts released in the twenty first century. The chapters within examine whether contemporary forms of literary fragmentation constitute a return to the modernist episteme or the fragmented literature of exhaustion of the 1960s mark a continuity with postmodernist aesthetics or signal a deviation from past models and an attempt to reflect today's accelerated culture of social media and over communication. Contributors theorise and classify literary fragments, examine the relationship between fragmentation and the Zeitgeist influenced by globalisation, media saturation and social networks, analyse the mechanics of multimodal and multimedial fictions and consider the capacity of literary fragmentation to represent personal or collective trauma and to address ethical concerns. They also investigate the ways in which the architecture of the printed book is destabilised and how aesthetic processes involving fragmentation, bricolage and or collage raise ontological, ethical and epistemological questions about the globalised contemporary world we live in and its relation to the self and the other. Besides the aforementioned authors, the volume makes reference to the works of J.G. Ballard, Julian Barnes, Mark Z. Danielewski, David Markson, Jonathan Safran Foer, David Foster Wallace, Jeanette Winterson and several others.

Break It Down Lydia Davis, 2008-09-16

These stories offer a peephole into a distinct fictional world; they attest to the author's gift as an observer and archivist of emotion. The New York Times: The thirty four stories in this seminal collection powerfully display what have become Lydia Davis's trademarks: dexterity, brevity, understatement and surprise. Although the certainty of her prose suggests a world of almost clinical reason and clarity, her characters show us that life, thought and language are full of disorder. Break It Down is Davis at her best. In the words of Jonathan Franzen, she is a magician of self consciousness. Praise for Lydia Davis: Davis is one of the most precise and economical writers we have. Dave Eggers, McSweeney's. An American virtuoso of the short story form. Salon: The best prose stylist in America. Rick Moody: Davis has a capacity to make language unleash entire states of existence. Siddhartha Deb, The New York Times.
