**State of Health in the EU Slovenia: Country Health Profile 2019** OECD, European Observatory on Health Systems and Policies, 2019-11-28 This profile provides a concise and policy relevant overview of health and the health system in Slovenia Republic as part of the broader series of the State of Health in the EU country profiles It provides a short synthesis of the health status in the country the determinants of health focussing on behavioural risk factors the organisation of the health system and the effectiveness accessibility and resilience of the health system *The Governance of Inclusive Growth An Overview of Country Initiatives* OECD, 2016-09-22 This publication presents an overview of country initiatives concerning inclusive growth in 39 OECD member and partner countries *Slovenia - Culture Smart!* Jason Blake, Culture

*Smart!*, 2011-09-01 Slovenia seems closer to Austria or Italy than to its Balkan neighbors The richest of the Slavic nation states it has an entirely Western tradition having belonged in the past to the Roman Empire the Frankish kingdom the Holy Roman Empire the Republic of Venice the Habsburg monarchy and the First French Empire After the Second World War it became part of the Republic of Yugoslavia before declaring independence in 1991 This extraordinary cultural legacy is what sets Slovenia apart matched by an amazingly varied topography packed into a small area Traveling toward the coast you see changes in the landscape and in the architecture This reflects both the natural and the historical variety the Venetians built their buildings one way the Austrians another Slovenia's natural beauty is astonishing Legend relates that when God was allotting nature's bounty he forgot Slovenia His last minute solution was to take bits of the best from other places gorgeous Alpine ranges the less craggy Pohorje mountains the Pannonian plain stretching toward Hungary hill after hill rolling southward into the horizon the unique karst landscape rivers aplenty and a few miles of Adriatic coastline Never having had a glorious unified kingdom in the past Slovenians identify themselves not by blood or history but by their language which differs from the other languages of the ex Yugoslavia The older generation is fluent in Serbo Croatian which helps for politics and trade but has little of its historical baggage and the country has geo political importance as a politically stable stepping stone to the Balkans As far as nationhood goes Slovenia's golden age is now There is a sense of change in the country mostly for the better and not the dull stampede toward materialism that one sees in some other former Eastern bloc countries As a tourist destination Slovenia has it all from medieval ruined monasteries to whitewater rafting The people of this lovely land are genuinely glad that others are discovering their country There are no real language problems the younger people all

speaking English. Moreover, membership of the EU means that this is a country in transition. Culture Smart Slovenia will introduce you to the inner world of this moderate, orderly and conservative people who have emerged into the post Communist world hungry for change. **Country Reports on Economic Policy and Trade Practices**, 1995. Destination Brands. Nigel Morgan, Annette Pritchard, Roger Pride, 2012-05-23. This textbook shows how cities, regions and countries adopt branding strategies similar to those of leading household brand names in an effort to differentiate themselves and emotionally connect with potential tourists. It asks whether tourist destinations get the reputations they deserve and uses topical case studies to discuss brand concepts and challenges. It tackles how place perceptions are formed, how cities, regions and countries can enhance their reputations as creative, competitive destinations and the link between competitive identity and strategic tourism policy making. The Global Public Relations Handbook, Revised and Expanded Edition. Krishnamurthy Sriramesh, Dejan Vercic, 2009-01-13. Expanding on the theoretical framework for studying and practicing public relations around the world, The Global Public Relations Handbook, Revised and Expanded Edition extends the discussion in the first volume on the history, development and current status of the public relations industry from a global perspective. This revised edition offers twenty new chapters in addition to the original contents. It includes fourteen additional country or regionally focused chapters exploring public relations practice in Africa, Asia, Europe and the Americas. Contributors use a theoretical framework to present information on the public relations industry in their countries and regions. They also focus on such factors as the status of public relations education in their respective countries and professionalism and ethics. Each country specific chapter includes a case study typifying public relations practice in that country. Additional new chapters discuss political economy, activism, international public relations and United Nations public affairs. **Official Report of Debates**. **Advertising in Developing and Emerging Countries**. Professor Emmanuel C. Alozie, 2012-08-28. This indispensable study offers an in-depth analysis of advertising in developing and emerging economies as they join the global market and seek to improve the socio-economic condition of their citizens. Advertising in Developing and Emerging Countries illustrates the challenges and opportunities for advertising in these countries and explores their critical relationship with developed economies with a multifaceted analysis of the role of advertising in an interdependent global economy. The contributors, academic and professional with world-wide experiences, examine the unique political, cultural and religious systems that affect advertising in a country in both Western and non-Western contexts and chart the consequences of its development from democratization to privatization to cultural hegemony. Emmanuel C. Alozie has put together an essential and unique book for scholars and students of public relations, advertising, marketing, media and international studies as well as practitioners, those teaching and undertaking professional courses and researchers in this critical field.
