## **Sociology Through The Eyes Of Faith:**

Sociology Through the Eyes of Faith David A. Fraser, Anthony Campolo, 2013-04-23 Colorfully written by two popular and respected sociologists this volume shows how sociology has evolved how it became divided from Christian faith and how Christian sociologists can make sense of this branch of social science      **The Outrageous Idea of Christian Scholarship** George M. Marsden, 1997 In this book Marsden argues forcefully that mainstream American higher education needs to be more open to explicit expressions of faith and to accept what faith means in an intellectual context      Matty: An American Hero Ray Robinson, 1994-12-08 When all time pitching great Christy Mathewson died of tuberculosis in 1925 at the age of 45 it touched off a wave of national mourning that remains without precedent for an American athlete The World Series was underway and the game the day after Mathewson's death took on the trappings of a state funeral officials slowly lowered the flag to half mast each ballplayer wore a black armband and fans joined together in a chorus of Nearer My God to Thee The pitcher known to one and all as Matty or Big Six was as beloved for the strength of character he brought to the national pastime as for his stunning 373 career victories In Matty Ray Robinson tells the story of a man who became America's first authentic sports hero Until Mathewson Robinson reveals Americans loved baseball but looked down on ballplayers and other athletes as hard drinking skirt chasing ne'er-do-wells Mathewson changed this attitude showing an eager public that a real life role model could be found in the athletic arena Drawing on rare interviews press clips and long overlooked eyewitness accounts Matty brings baseball's golden age to life offering fascinating insight into the making of an early twentieth century American hero      Scholarship and Christian Faith Douglas Jacobsen, Rhonda Hustedt Jacobsen, 2004-04-08 This book enters a lively discussion about religious faith and higher education in America that has been going on for a decade or more During this time many scholars have joined the debate about how best to understand the role of faith in the academy at large and in the special arena of church related Christian higher education The notion of faith informed scholarship has of course figured prominently in this conversation But argue Douglas and Rhonda Jacobsen the idea of Christian scholarship itself has been remarkably under discussed Most of the literature has assumed a definition of Christian scholarship that is Reformed and evangelical in orientation a model associated with the phrase the integration of faith and learning The authors offer a new definition and analysis of Christian scholarship that respects the insights of different Christian traditions e.g Catholic Lutheran Anabaptist Wesleyan Pentecostal and that applies to the arts and to professional studies as much as it does to the humanities and the natural and social sciences The book itself is organized as a conversation Five chapters by the Jacobsens alternate with four contributed essays that sharpen illustrate or complicate the material in the preceding chapters The goal is both to map the complex terrain of Christian scholarship as it actually exists and to help foster better connections between Christian scholars of differing persuasions and between Christians and the academy as a whole      **Faith and Learning on the Edge** David Claerbaut, 2004 Beginning with an autobiographical journey through his disappointing experiences with faith

and learning both in his student and professorial career in Christian colleges David Claerbaut addresses the issues of faith and learning in higher education      **Christian Morality** Geoffrey W. Sutton, Brandon Schmidly, 2016-08-08 Should society care about Christian morality Are Christians out of touch with complex moral decision making Christian Morality An Interdisciplinary Framework for Thinking about Contemporary Moral Issues provides readers with a framework for identifying and applying Christian moral principles to divisive issues First readers learn of the theological and philosophical foundations of Christian ethics Two additional chapters explain how personal and social factors influence our capacity to think critically and Christianly about morality Second readers will learn about forming Christian moral judgments by seeing how different thinkers address six contemporary moral issues abortion same sex relationships equal treatment of men and women in the workplace sex education and racial bias in incarceration polices      **Twentieth-century Shapers of Baptist Social Ethics** Larry L. McSwain, William Loyd Allen, 2008 Twentieth Century Shapers of Baptist Social Ethics provides an overview of the major historical framework within which Baptists emerged with significant contributions to Christian social thought and action in the twentieth century This book provides a summary of the life principal ideas writings and most significant contributions of nineteen Baptists since 1900      Christian Worldview and the Academic Disciplines Deane E. D. Downey, Stanley E. Porter, 2009-04-15 This book an edited compilation of twenty nine essays focuses on the difference s that a Christian worldview makes for the disciplines or subject areas normally taught in liberal arts colleges and universities Three initial chapters of introductory material are followed by twenty six essays each dealing with the essential elements or issues in the academic discipline involved These individual essays on each discipline are a unique element of this book These essays also treat some of the specific differences in perspective or procedure that a biblically informed Christian perspective brings to each discipline Christian Worldview and the Academic Disciplines is intended principally as an introductory textbook in Christian worldview courses for Christian college or university students This volume will also be of interest to Christian students in secular post secondary institutions who may be encountering challenges to their faith both implicit and explicit from peers or professors who assume that holding a strong Christian faith and pursuing a rigorous college or university education are essentially incompatible This book should also be helpful for college and university professors who embrace the Christian faith but whose post secondary academic background because of its secular orientation has left them inadequately prepared to intelligently apply the implications of their faith to their particular academic specialty Such specialists be they professors or upper level graduate students will find the extensive bibliographies of recent scholarship at the end of the individual chapters particularly helpful      A Critical Examination of the Doctrine of Revelation in Evangelical Theology Carisa A. Ash, 2015-07-14 How God reveals himself is an important matter for Christians especially evangelicals For too long Carisa Ash contends evangelicals have rightly affirmed that God reveals through the created world but then they functionally neglect such revelation In this monograph Ash offers a corrective to this practice by presenting a theology of

revelation that explores the commonalities between various forms of revelation world written and spoken word and Incarnate Word Particularly aimed at theologians interested in theological method Ash s study will also benefit people interested in faith and learning or interdisciplinary integration Ash argues that evangelicals must strive to align more closely their affirmations and their practice Her critique of current practices in theological method and integration along with the proposed theology of revelation are designed to help move the conversation forward

**Encyclopedia of Evangelicalism** Randall Herbert Balmer,2004 In this completely revised and expanded edition of the Encyclopedia of Evangelicalism Randall Balmer gives readers the most comprehensive resource about evangelicalism available anywhere With over 3 000 separate entries the Encyclopedia of Evangelicalism covers historical and contemporary theologians preachers laity cultural figures musicians televangelists movements organizations denominations folkways theological terms events and much more all penned in Balmer s engaging style Students scholars journalists and laypersons will all benefit from Balmer s insights

Faith and Learning David S. Dockery,2012 Two dozen Christian higher education professionals thoroughly explore the question of the faith s place on the university campus whether in administrative matters the broader academic world or in student life

**Academically Speaking** Rick Ostrander,2024-02-01 A personal odyssey through the world of Christian higher education narrated by a professional who has worked on both sides of the faculty administrative divide What is the world of Christian higher education really like With thirty years of experience in Christian academia Rick Ostrander provides an insider s perspective on the field and its future Ostrander cut his teeth as an undergraduate at Moody Bible Institute and the University of Michigan before completing his PhD with George Marsden at Notre Dame From there he worked as a professor and administrator at various Christian colleges a vice president at the Council for Christian Colleges and Universities and an independent academic consultant Throughout he witnessed the many dramatic transformations of Christian higher education Ostrander traces an attempt to cultivate evangelical intellectualism in the 90s to the political and economic forces that shake Christian colleges today Through lively storytelling Ostrander highlights the qualities and quirks of Christian higher education His experiences offer readers insight into how Christian colleges can flourish in an age of uncertainty

*Christian Contours* Douglas S. Huffman,2012-01-12 What does it mean to think and live Christianly in a world of competing worldviews *Christian Contours* answers this question by inviting readers to consider the understanding of reality proposed by the Bible Though it is easy to divide life into separate compartments religious and secular theological and practical faith invites us to view all of life in the light of that Biblical understanding Presenting a clear compelling case for unity in essential Christian tenets the authors of *Christian Contours* guide the reader through developing internalizing and articulating a biblical worldview This robust worldview enables the Christian to be a critically thinking participant in culture and to be a faithful disciple of Christ with both heart and mind

The Integrated Protestant Ethic and the Spirit of Environmentalism S. Steiner-Aeschliman,1999 The theory and data of environmental science suggest that growth in rates of

population consumption and environmental degradation as a result of the activities of industrialized societies has created an ecological crisis to which modern societies must adapt. However, adaptation is problematic. Max Weber studied adaptive social change during the industrial revolution. The evolution of this new way of life was initially problematic because individuals who established industrialism were socialized under feudalism. In this dissertation, I consider The Protestant Ethic and the Spirit of Capitalism as a theoretical treatise framed by modern human ecology in order to study social change in the context of the ecological crisis of industrialism. The Protestant Ethic is known for describing how religious ideas influenced the unfolding of modern capitalism in the West. However, there is nothing inherent in Protestantism that requires linkage to industrialism. I argue that Protestantism has evolved and that it need not necessarily promote environmental exploitation, although under industrialism it has. I identify a green subculture within Protestantism and consider how Protestantism's weakness may also be its strength. The very sociological structure that in the absence of ecologically realistic norms permits widespread ecosystem degradation by industrial capitalism may also generate ecologically realistic norms for a natural capitalism. Weber contended that rationality was problematic because it paradoxically results in a dual crisis of management and meaning where human agency becomes imprisoned as if in an iron cage. The irrational continuation of environmentally degrading social practices eventually contributes to a legitimation crisis. People turn to religion as an alternative authority. If science and religion converge on environmental values, they might catalyze social change unless they are too distorted by ideological bias. Adaptive social change only occurs if ethical and ecological values are in accordance with the sustainability of ecosystems. Hence, to adapt to the ecological crisis, sociocultural systems require socialization into ecological realism because ecologically rational societies may still be maladaptively organized around environmentally unsustainable trajectories.

**Christian Faith and the Problem of Evil** Peter Van Inwagen, 2004. Gathers some of the most meaningful recent reflections on the problem of evil.

Shaping a Christian Worldview David S. Dockery, Gregory Alan Thornbury, 2002-09-01. Shaping a Christian Worldview presents a collection of essays that address the key issues facing the future of Christian higher education.

**Conflict and Community in Corinth** Ben Witherington, 1995-01-24. This commentary applies an exegetical method informed by both sociological insight and rhetorical analysis to the study of I and 2 Corinthians. The study also analyzes the two letters of Paul in terms of Greco-Roman rhetoric and ancient social conditions and customs to shed fresh light on the context and content of the message.

**The Social Roots Of Biblical Yahwism** Stephen L. Cook, 2004. Sure to provoke discussion and debate as it offers a unique approach to some old and perplexing issues in the history of ancient Israel and its religion. Cook's study is a bold new proposal for synthesizing the social history of Israel's religious traditions. Among the many Yahwisms coexisting in ancient Israel was an initially small minority stream of theological tradition composed of geographically and socially diverse groups in northern and southern Israel. These groups shared a religious commitment to a covenantal village-based land-oriented Yahwism that arose before the emergence of

Israelite kingship It eventually rose to dominance and its theology provided robust resources for dealing with the Babylonian exile It thus came to occupy a prominent place in the present canon of the Hebrew Bible Cook combines detailed study of biblical texts with a carefully constructed social scientific method and body of data to argue for the early origins of biblical Yahwism This book is written to be accessible to lay readers and also of significant interest to Hebrew Bible students and specialists Paperback edition is available from the Society of Biblical Literature [www.sbl-site.org](http://www.sbl-site.org) Research in the Social Scientific Study of Religion David O. Moberg, Ralph L. Piedmont, 2001-11-01 Ten articles are presented covering psychological sociological and cross cultural topics or relevance to religious spiritual researchers and academics
