Socrates Jun Lim,2006-01-15 Biography of Greek philosopher and teacher Socrates describing his lasting influence on human understanding *Socrates* Jim Whiting, One of the most famous executions in ancient times took place in Athens Greece in 399 BCE The philosopher Socrates was found guilty of several crimes by a jury of 500 of his fellow citizens He might have escaped the death penalty if he had been willing to leave his beloved city and go into exile Instead he suggested that the city provide his meals for the rest of his life This suggestion enraged the jurors including many who had voted not to convict him His fate was sealed Soon afterward he drank poisonous hemlock Socrates was dead But his legacy would live on Even today he is one of the most famous thinkers of all time *Euclid* Chris Hayhurst,2005-12-15 Biography of Greek mathematician Euclid describing the lasting influence he has had on the field of geometry **Aristotle** Mick Isle,2005-12-15 Biography of Greek philosopher and natural scientist Aristotle describing his lasting influence on human understanding

Saxonhouse,2005-12-19 This book illuminates the distinctive character of our modern understanding of the basis and value of free speech by contrasting it with the very different form of free speech that was practised by the ancient Athenians in their democratic regime Free speech in the ancient democracy was not a protected right but an expression of the freedom from hierarchy awe reverence and shame It was thus an essential ingredient of the egalitarianism of that regime That freedom was challenged by the consequences of the rejection of shame *aidos* which had served as a cohesive force within the polity Through readings of Socrates s trial Greek tragedy and comedy Thucydides s History and Plato s Protagoras this volume explores the paradoxical connections between free speech democracy shame and Socratic philosophy and Thucydidean history as practices of uncovering *MultiCultural Review* ,2006 **Fear and Loathing in Ancient Athens** Alexander Rubel,Michael Vickers,2014-09-11 Athens at the time of the Peloponnesian war was the arena for a dramatic battle between politics and religion in the hearts and minds of the people Fear and Loathing in

Smith,2017-04-12 For two decades students and instructors have relied on award winning author Craig Smith s detailed description and analysis of rhetorical theories and the historical contexts for major thinkers who advanced them He employs key themes from important philosophical schools in this well researched chronicle of rhetoric and human consciousness One is that rhetoric is a response to uncertainty The modern philosophers like the naturalists of ancient Greece and the Scholastics who preceded them tried to end uncertainty by combining the discoveries of science and psychology with rationalism Their aim was progress and a consensus among experts as to what truth is However where modernism proved ineffective rhetoric was revived to fill the breach Another significant theme is that different conceptions of human consciousness lead to different theories of rhetoric and for every major school of thought another school of thought forms in reaction Classic and contemporary examples demonstrate the usefulness of rhetorical theory especially its ability to inform and guide By providing probes for rhetorical criticism discussions also demonstrate that rhetorical criticism illustrates verifies and refines rhetorical theory Thus the synergistic relationship between theory and criticism in rhetoric is no different than in other arts Theory informs practice analysis of successful practice refines theory Smith s absorbing study has been expanded to include thorough treatments of rhetoric in the Romantic Era feminist and queer theory and historical context for the creation of rhetorical theory and its use in public address **A History of Philosophy** Joseph Haven,1876 The Biographical History of Philosophy: Ancient philosophy George Henry Lewes,1883 *A Companion to Ancient Education* W. Thornton, 2014-05-13 A stirring and sobering diagnosis of the challenges that confront anyone laboring to renew America's tradition of ordered liberty Classicist Bruce Thornton's *Plagues of the Mind* is a forceful vindication of the West's tradition of rational critical inquiry a legacy now largely jettisoned in favor of a host of new deities environmentalism feminism primitivism New Age and the cult of the therapeutic among them
