Silvani,2014-06-16 Man has ever striven to lift the black mysterious veil that hangs between mortality and immortality Instinctively or intuitively he realizes that earth life his first conscious existence in his upward career in the great cycle of necessity is only a preparation for some higher infinitely grander plane of life and he cannot will not stifle his longings to learn of that higher plane As this knowledge is not forbidden fruit provided he comply with the conditions necessary to obtain

it it sometimes happens that some spirit that has climbed far up the heights of life in the spirit world returns Such a spirit was Ahrinziman whose life is told by himself in this book Its hero was a Persian prince and for a brief period ruler of his nation Then 2 300 years ago he fell by the swords of the soldiers of another claimant of the throne From his father Artaxerxes Longimanus he had inherited the kingly stature the imperious powerful will and alas the royal vices and passions From his mother a Greek slave he inherited rare spiritual gifts especially clairvoyance and the power of leaving his body and journeying into the astral world From her he also inherited a germ of true nobility of character the sprang into life blossomed and bore rich fruit centuries after he awoke to life on the astral plane His life as he recounts its chapters shows as vividly as words can show how we live not for time but eternity How if our deeds have been evil if we have lived only for selfish purposes if we have strove only for our own happiness regardless of others if we have wrecked the lives and happiness of others in order to bring a few brief moments of imagined joy to our own we have but accumulated a debt that we must pay to the uttermost farthing before one gleam of sunshine can reach us in the life beyond
