Buddhism And Nichiren Shoshu/Soka Gakkai Buddhism -A Critique and Biblical Analysis John Weldon,2012-08-21

Buddhism is the fourth largest religion in the world and Nichiren Shoshu Soka Gakkai is the largest Buddhist religion in America The purpose of Buddhism is to eradicate suffering and attain enlightenment Nichiren Shoshu to receive material benefits and find happiness This book demonstrates the fundamental incompatibility of Buddhism and Christianity and shows the consequences particularly religious ones which lie outside the truth This eBook was written from material which originally comprised the authors Master s Thesis Buddhist Politics: Japan's Clean Government Party A.

Palmer,2012-12-06 On November 17 1964 a new and rather unique political organization was inaugurated in Japan This organization was called Komeito or the Clean Government Party The mother organization was the lay Buddhist group Soka Gakkai 2 or Value Creation Society It had previously been engaged in some political activities but the establish ment of the party was an indication of serious intent to become even more involved in Japanese political affairs The rather militant posture of Soka Gakkai and its phenomenal success in converting literally millions of Japanese to the Nichiren Buddhist religion was somewhat disconcerting for observers both Japanese and foreign Because of its political activism many persons viewed the organization as similar to the pre World War II ultra nationalist movement while others ap plauded Soka Gakkai for giving new life and hope to a large segment of Japanese society that was only receiving a marginal share of Japan s increasing prosperity Any mass movement may appear rather ominous to some people and a rapidly expanding and aggressive movement is bound to be perceived as a threat to society Soka Gakkai is no exception and therefore has been the subject of much debate and controversy in both Japan and abroad As is often the case with controversial matters a new perspective will help to clarify some of the more contentious issues of this movement **Soka Gakkai** Noah S.

Brannen,1968 *Daisaku Ikeda and the Soka Gakkai International* Federico Carretta,2022-03-23 This study analyses the Peace Proposals to the UN formulated by Daisaku Ikeda a Japanese political philosopher and religious leader of S ka Gakkai International supporter of the ideals of Engaged Buddhism This NGO strives to contribute to world society through culture peace activism disaster relief and education Since 1983 Ikeda has written annual Peace Proposals containing ideas from Buddhist humanism for viable responses to global issues to support a strengthened role of the UN and encourage a sense of global citizenship They give a non Western centric point of view on major global issues and problems providing innovative solutions for the pacifist movement all over the world **Nichiren Shoshu Buddhism and the Soka Gakkai in America**

Jane D. Hurst,1992 *Japan Army Library (U.S.)*,1972 **The God Who Is** Hans Schwarz,2011-01-01 Who is the God in whom Christians believe Is he just a figment of the human mind as critics of religion claimed in the nineteenth century and as crusading atheists assert again today Since the beginnings of rational thought the brightest minds among humanity have attempted to assert that God does indeed exist But even the so called proofs for God s existence always started with the

assumption that there is someone to prove As soon as we move beyond that which is within space and time mere proofs or disproofs no longer suffice Both believers and unbelievers live to a certain degree by faith Yet religion is inextricably connected with human history When we journey through the landscape of religion and witness its gradual unfolding we soon realize that not all religions are equal Though they may be witnesses of the same God the way they talk about God is so different that this not only leads to very different concepts of God but also to different approaches to life on this earth At the end of this long journey we finally arrive at the Judeo Christian tradition which witnesses to the God in whom Christians believe This book seeks to show how this belief matured and what difference this belief still makes today Japan David John Lu,1997 Covering the full spectrum of political economic diplomatic as well as cultural and intellectual history this classroom resource offers insight not only into the past but also into Japan s contemporary civilisation This is a combination of volumes one and two **The Making of Modern Japan** Marius B. Jansen,2009-07-01 Magisterial in vision sweeping in scope this monumental work presents a seamless account of Japanese society during the modern era from 1600 to the present A distillation of more than fifty years engagement with Japan and its history it is the crowning work of our leading interpreter of the modern Japanese experience Since 1600 Japan has undergone three periods of wrenching social and institutional change following the imposition of hegemonic order on feudal society by the Tokugawa shogun the opening of Japan s ports by Commodore Perry and defeat in World War II The Making of Modern Japan charts these changes the social engineering begun with the founding of the shogunate in 1600 the emergence of village and castle towns with consumer populations and the diffusion of samurai values in the culture Marius Jansen covers the making of the modern state the adaptation of Western models growing international trade the broadening opportunity in Japanese society with industrialization and the postwar occupation reforms imposed by General MacArthur Throughout the book gives voice to the individuals and views that have shaped the actions and beliefs of the Japanese with writers artists and thinkers as well as political leaders given their due The story this book tells though marked by profound changes is also one of remarkable consistency in which continuities outweigh upheavals in the development of society and successive waves of outside influence have only served to strengthen a sense of what is unique and native to Japanese experience The Making of Modern Japan takes us to the core of this experience as it illuminates one of the contemporary world s most compelling transformations Japanese Religions Past and Present Esben Andreasen,Ian Reader,Finn Stefansson,2013-10-08 Each of the eight chapters deals with a specific topic such as Shinto Buddhism the new religions and Christianity there is an introduction that outlines the subject to be considered followed by a series of readings **Introduction to Japanese Politics** Louis D. Hayes,2016-09-17 This classic introduction to the Japanese political system has been revised and updated to take the account of a time of turmoil in the country s political life It incorporates new coverage of the end of the Koizumi era the brief and troubled premiership of Abe and the selection of Fukuda as prime minister This edition also includes

expanded material on bubble and post bubble economic developments as well as all new coverage of health care policy The text opens with an overview of Japan s geographical setting and history The next group of chapters covers political institutions processes and actors Two sections then address the country s distinctive social order and economy educational healthcare and public safety systems Part five looks at the increasingly contentious realm of foreign relations and security issues including China s expanding role and the issue of North Korea A concluding section considers dynamics of change in Japanese politics

*The Darkest Sides of Politics, II* Jeffrey M. Bale, 2017-10-04 This book examines a wide array of phenomena that arguably constitute the most noxious extreme terrifying murderous secretive authoritarian and or anti democratic aspects of national and international politics Scholars should not ignore these dark sides of politics however unpleasant they may be since they influence the world in a multitude of harmful ways The second volume in this two volume collection focuses primarily on assorted religious extremists including apocalyptic millenarian cults Islamists and jihadist terrorist networks as well as CBRN chemical biological radiological and nuclear terrorism and the supposedly new nexus between organized criminal and extremist groups employing terrorist operational techniques A range of global case studies are included most of which focus on the lesser known activities of certain religious extremist milieus This collection should prove to be essential reading for students and researchers interested in understanding seemingly arcane but nonetheless important dimensions of recent historical and contemporary politics

**Japan: A Documentary History: v. 1: The Dawn of History to the Late Eighteenth Century** David J. Lu, 2015-03-04 An updated edition of David Lu s acclaimed *Sources of Japanese History* this two volume book presents in a student friendly format original Japanese documents from Japan s mythological beginnings through 1995 Covering the full spectrum of political economic diplomatic as well as cultural and intellectual history this classroom resource offers insight not only into the past but also into Japan s contemporary civilisation This volume covers up to the late 18th century Three major criteria used in the document selection were that the selection avoids duplication with other collections 75% of the documents presented here are newly translated a document accurately reflects the spirit of the times and the life styles of the people and emphasis is on the development of social economic and political institutions

*Beyond Religion and the Secular* Wayne Hudson, 2022-11-17 Deploying a distinctive disaggregative approach to the study of religion this volume shows that spiritual movements with extensive counterfactual beliefs have been much more creative than one might expect Specifically Wayne Hudson explores the creativity of six spiritual movements the Bah s a Persian movement Soka Gakkai a Japanese movement Ananda Marga and the Brahma Kumaris two reformed Hindu movements and two controversial American churches The Church Universal and Triumphant and the Church of Jesus Christ of Latter day Saints Most of these movements have counterintuitive features that have led Western scholars making Enlightenment assumptions to dismiss them as irrational and or inconsequential However this book reveals that these movements have responded to modernity in ways that are creative and practical resulting in a wide range of social

educational and cultural initiatives Building on research surrounding the ways in which spiritual movements engage in cultural productions this book takes the international research in a new direction by exploring the utopian intentionality such cultural productions reveal **Encountering the Dharma** Richard Hughes Seager,2006-03-16 This work offers an enlightening look at Soka Gakkai Buddhism one of Japan s most influential and controversial religious movements and one that is experiencing explosive international growth The Illustrated Guide to World Religions Michael David Coogan,1998 Graced with rich illustrations and written by a team of eminent scholars this book presents a wealth of information on faiths around the world Each chapter in this volume examines one of seven major world religions from Judaism to Christianity and from Islam to Buddhism **Department of the Army Pamphlet** ,1972 *Religious and Spiritual Groups in Modern America* Robert Ellwood,Harry Partin,2016-11-03 This text explores the major new or unconventional religions and spiritual movements in America that exist outside the Judeo Christian tradition **Japan: Analytical Bibliography with Supplementary Research Aids and Selected Data On: Okinawa, Republic of China (Taiwan), Republic of Korea** Army Library (U.S.),1972 *Overcoming Barriers to Evangelization in Japan* David J. Lu,2019-09-04 With the advent of the Reiwa era and 2020 Tokyo Olympics the world s attention is riveted on Japan s grand tradition Yet these same traditions are the ones that are hindering our efforts for evangelization A college student knows he will be disowned by his family if baptized and a Christian wife cannot receive baptism because of her Buddhist husband s strong opposition How can we combat against these There are two approaches 1 We can condemn Japanese practices as total darkness and preach against them or 2 We can follow Paul s teaching and deem the Japanese people as worshiping an unknown god Acts 17 22 31 and try to emphasize common grace at each turn This book follows the second approach but provides judiciously placed caution signs It will tell you how to engage in conversation with non Christians while providing an insider s view of Japan s rich cultural heritage Its main purpose is to obtain conversion among the die hard Buddhists Shintoists and traditionalists When that is done God s kingdom will be enriched in a manner similar to the time when Saul of Tarsus became Paul the apostle
