Arturo Pérez-Reverte, 2015-04-14 Flandes 1625 alistado como mochilero del capitán Alatriste en los tercios viejos que asedian Breda Iigo Balboa es testigo excepcional de la rendición de la ciudad **Arturo Pérez-Reverte** Anne L. Walsh, 2007 The complex narrative technique of one of Spain's most renowned contemporary authors The writings of Arturo Pérez-Reverte one of Spain's most renowned contemporary authors have been described as a minefield This monograph examines the complexities behind the narrative technique employed in creating such a minefield including an analysis of the role played by both male and female characters the relevance of the past as a motif and aspects of the role of storytelling in creating mystery where none should exist Both Revertian novels and journalistic writing are seen to be part of an overall game which is played between their author and his readers Film too forms part of the material reviewed as though Pérez-Reverte is not a script writer many films have been based on his novels The text centred analysis concludes that the themes of interest in all Revertian output revolve around two main areas the significance of the past whether historical cultural or literary and the role of the written word in communicating in rescuing and in challenging versions of that past in order to combat what Pérez-Reverte terms dismemory

Between History and Fiction Tracy Crowe Morey, 2010 This study explores a number of early modern comedias that deal with historical siege or military episodes in the history of the Iberian peoples Cervantes's *La Numancia* Lope de Vega's *El asalto de Mástrique* and his lesser known *La nueva victoria de don Gonzalo de Córdoba* Calderón de la Barca's *El sitio de Breda* and Vélez de Guevara's *El Hércules de Ocaña* are key texts examined here Taking the distinction between history and fiction in Neo-Aristotelian literary theory as a point of departure this book considers the intellectual and historical conditions that affect the ways in which early modern dramatists interpret historical events according to their own literary and ideological purposes The interplay of history and fiction demonstrates uses and discontents of legitimizing fiction in the early modern period Parallel themes of epic and siege intermingled with romance and carnivalesque humour provide alternative perspectives to early modern representations of empire and war on the Spanish stage

The Dutch Revolt Through Spanish Eyes Yolanda Rodríguez Pérez, 2008 Historical and literary works from the Spanish Golden Age offer a wealth of information about the Spanish view of the conflict in the Netherlands during the Dutch Revolt and the ensuing Eighty Years War 1568-1648 The war in the cold north was to become a fixed component in the lives of the Spaniards of the Golden Age for many years This book reconstructs the images that the Spanish had of the Netherlands and its inhabitants These images are inextricably intertwined with the picture that the Spanish constructed of themselves as participants in the conflict This book follows the developments of these images from the construction of an image of the enemy that reached a climax

between 1621 and 1648 and then gradually faded away Which images and representations circulated the most and where did they come from Which rhetoric was used to present them to the public and in which genres and contexts were they disseminated and preserved On the basis of a varied collection of sources war chronicles and plays as well as pamphlets poems historical works and prose writings the author illustrates the appearance of the Netherlands through Spanish eyes during the course of the Eighty Years War

The Power of Satire Marijke Meijer Drees, Sonja de Leeuw, 2015-10-15 Satire is clearly one of today's most controversial socio cultural topics In this edited volume *The Power of Satire* it is studied for the first time as a dynamic discursive mode of performance with the power of crossing and contesting cultural boundaries The collected essays reflect the fundamental shift from literary satire or straightforward literary rhetoric with a relatively limited societal impact to satire's multi mediality in the transnational public space where it can cause intercultural clashes and negotiations on a large scale An appropriate set of heuristic themes space target rhetoric media time serves as the analytical framework for the investigations and determines the organization of the book as a whole The contributions written by an international group of experts with diverse disciplinary backgrounds manifest academic standards with a balance between theoretical analyses and evaluations on the one hand and in depth case studies on the other

Crossroads Dr Debra D Andrist, 2019-11-14 *Crossroads* Intersections physical and or metaphorical demand processes of consideration determination decision and commitment Stasis is no longer an option where convergence is poised before the unknown Where categories such as gender culture ethnicity socio economic status philosophy and religion clash the multivariate process can reach such complexity that literary sociological and psychological tools can have differing interpretations Real life intersections range from the mundane choosing among food items on a menu according to taste preferences to survival determinants evaluating the efficacy of various medical procedures But such intersections are at the two ends of a very long continuum that takes in issues of form function and traditional vs modern For example Home may be defined both as a physical place and or a mental construct In more esoteric contexts artists chiefly known for visual production representing their ideas with color and form not infrequently cross media to paint with words Philosophy religion art and literature cross paths via symbols and other visual

and linguistic constructs Writers deal with how and where their own or their characters multiple identities intersect The Hispanic world is an extraordinarily vivid place to explore these crossroads This collection of essays addresses a multitude of crossroads in numerous Hispanic contexts across the intersections of time e g the visual architectural how Spains age old oenological tradition meets modern technology how the vestiges of long term dictatorship lurk in the spaces of Spains democracy and how space architecture and art poetry cross in Latin America Painters Pablo Picasso and Frida Kahlos productions cross the visual to the written and magical realism products of the twentieth century Latin American artistic movement defy nature science time and space
