Solar Mystery:

The Codified Mysteries Vashisht Vaid, 2012-08-19 This book The codified Mysteries may provide the reader the required conscious awareness related to normal looking literary text of ancient stories and the symbolic knowledge imbedded in the ancient buildings which is technically the secret knowledge of universe Brahmanda which was imbedded into these various symbolic structures erected upon planet earth as our planet earth is the most important planet in our solar system which is technically the center of our entire evolving universe Brahmanda thus existing subjectively and objectively in the Cosmic Vital Physical plane if looking at it from the spiritual aspect and not only from the normal physical aspect like most humans do

Mysteries of the Bridechamber Victoria LePage, 2007-11-12 Jesus was an initiate and adept of the ancient Judaic mysteries who strove to reinstate the tradition of the bridechamber sacrament in his time Shows that Jesus sought to establish equity of masculine and feminine in both spiritual practice and social traditions particularly in the sacrament of marriage Reinterprets Jesus key teachings in light of the ancient tradition of sacred consortship Reveals what happened to the gnostic heart of Christianity that Jesus embodied Jesus was a high initiate and master adept of the ancient Judaic mysteries who strove to free people from the dead hand of the ritualists He was trained in a dissident Jewish brotherhood that arose in Egypt before he was born which sought to bring back the ancient Judaic mysteries outlawed by the Jerusalem temple At the heart of this movement was a yogic based practice known in the apocrypha as the Gnosis of the Heart which espoused the union of both sexes in a secret initiatic teaching As a fearless social reformer Jesus wanted to restore the authority of the feminine principle including asserting the equality of man and woman in the social contract of marriage He reinstated in his own life the tradition of sacred consortship a rite known to early Church fathers as the bridechamber sacrament whereby the marriage of the masculine and feminine energies was effected This rite Victoria LePage suggests was the primary focus of Jesus teachings the very heart of his exhortations to love thy neighbor and the source of his healing power *Mysteries of the Bridechamber* explains how as a master adept of the Temple of Solomon Jesus derived these teachings directly from ancient Judaic mystery traditions revealing both a life story for Jesus that differs markedly from the version the Church has offered as well as a spiritual practice based on a mystical wisdom tradition of self initiation and transformation

Greek Myths and Christian Mystery Hugo Rahner, 1971 *The Prophets and the Goddess* Dionysios Psilopoulos, 2017-11-06 This text discusses how W B Yeats Aleister Crowley Ezra Pound and Robert Graves had access to the forbidden knowledge of the Goddess These four poets experienced a confrontation with their unconscious and let the grace of the Goddess touch their heart strings Consequently through this surrendering they created avant garde poetry and were inspired to write seditious manifestos that would teach humanity an esoteric creed This creed based on humans eternal divine essence aspires to liberate the eternal feminine These poets became the instruments of the Goddess As defenders of the Light they took arms against the forces of inertia and proclaimed the eleusis of a new faith This creed pledges to

overthrow the anachronistic religious and social institutions and initiate a new world order and a new divinity based on the ancient rites of the Great Goddess No matter how disparate these four were in character they shared the vision of transmitting esoteric knowledge to profane humanity They were specifically chosen by the Goddess as Her troubadours and they pave Her way to the religious consciousness of the people *The Secret Doctrine: Occultism* Helena Petrovna Blavatsky,1897 *The real meaning of the first line of Genesis* Helena Petrovna Blavatsky,2019-09-17 There are two ways of rendering the first line of Genesis one way is exoteric by Christian Bible interpreters the other Kabbalistic divided into the Rabbinical and the purely Kabbalistic or Occult method Why Christians sing never ceasing laudations to the Mosaic Jews who repudiated all the other Gods preserved the most phallic and then most impudently proclaimed themselves Monotheists Jesus ever steadily ignored Jehovah and went against the Mosaic commandments He recognized his Heavenly Father alone and prohibited public worship Ralston Skinner s numerical analysis of the first sentence of Genesis on which hung in blind faith the whole Christian religion shows that the Bible was made to yield Phallicism and that alone To know the full septenary significance of the Primordial Circle the Pyramid and the Kabbalistic Bible must be read in the light of the figure on which the temples of India are built Genesis cannot yield anything higher or more sublime than phallic elements the root and the cornerstone of its dead letter meaning Anthropomorphism and Revelation dig an impassable chasm between the material world and the ultimate spiritual truths The so called creation of Genesis is not the Primary Creation and the Elohim are not God not even the higher Planetary Spirits but the Architects of this physical planet and of man s material body or encasement The Elohim far from being supreme or even exalted powers in Nature are only lower Angels This was the teaching of the Gnostics the most philosophical of all the early Christian Churches They correspond to the Prajapatis of the Hindus the fashioners of man s material and astral form only Mathers censures the translators of the Bible who have suppressed every single reference to the feminine form of Deity With the Occultists of the East the One and Changeless Parabrahman the Absolute All the ONE and Secondless cannot be conceived as standing in any relation to things finite and conditioned But what especially strikes the student of the Kabbalah is the malicious persistency with which the translators of the Bible have jealously crowded out of sight and suppressed every reference to the feminine form of the Deity They have as we have just seen translated the feminine plural Elohim by the masculine singular God They also concealed the fact that Ruah Spirit is feminine It then follows that the Holy Ghost of the New Testament is a feminine Potency In the Hebrew as in the Greek alphabet there are no distinct numeral characters and consequently each letter has a certain numerical value attached to it From this circumstance results the important fact that every Hebrew word constitutes a number and every number a word The conclusion of Mathers analysis of the Elohim is that they are not one nor two nor even a trinity but an army of Creative Powers Madame Blavatsky names the true Creators The First Born or Logos is not an Emanation but an Energy inherent in and co eternal with Parabrahman the ONE Thus it is not the ONE and Unconditioned nor even Its reflection that creates but

only the Seven Gods who fashion the Universe out of primordial Matter vivified into objective life by the reflection into it of the One and only Reality Jehovah is at best the Heavenly Man or Adam Kadmon used by the self created Spirit Logos as a chariot a vehicle in His descent to the phenomenal world of gross matter The Secret Doctrine and the Kabbalah are in perfect concordance in St Paul s Epistles The Zohar is not a genuine production of the Hebrew mind It is a veil over the Secret Doctrine The Zohar is the repository and compendium of the oldest doctrines of the East transmitted orally at first and then written down in independent treatises during the Captivity at Babylon and finally brought together by Rabbi Shimon ben Yohai toward the beginning of the Christian era Modern Christianity is Paganism pure and simple exoterically and transcendental and practical Magic or Occultism esoterically The Solar Trinity is not Mazdean but Universal and as old as man All temples in Antiquity were invariably made to face the Sun their portals opening to the East The last of the Solar Priests in Europe was the Imperial Initiate Julian now called the Apostate He tried to benefit the world by revealing a portion of the great mystery of the Solar Trinity and died for the same crime as Socrates The Roman Catholic Church stands accused not of worshipping under other names the Divine Beings worshipped throughout Antiquity but of declaring idolatrous not only the Pagans ancient and modern but every Christian nation that has freed itself from the Roman yoke Only the Philosophers who studied Astrology and Magic knew that the Last Word was to be sought in the Occult forces emanating from those constellations that are the physical bodies of Divine Beings

DYING EARTH AND LIVING COSMOS RUDOLF STEINER

2015-06-15 These authoritative lectures delivered during a period of deep crisis and conflict in world history present a comprehensive spiritual teaching for contemporary humanity Despite the raging world war Rudolf Steiner was still actively touring Central Europe whilst simultaneously completing work on his architectural masterpiece the first Goetheanum in neutral Switzerland The building of the Goetheanum undertaken by a community of people from seventeen nations at war forms a thematic backdrop to the lectures In speaking of the walls in the new building for example Rudolf Steiner describes how their forms are not confining but rather express an openness to the surrounding cosmos Likewise the carved motifs on the architraves of the wooden pillars are not fixed symbols but are alive and continually metamorphosing These observations are reflected in Steiner s broader discussions He speaks of extending and deepening our connection with the world and the cosmos going beyond our usual narrow limits and definitions to engage in community with the realities of existence We can do this for example with the so called dead who find it difficult to relate to sense bound thinking Rudolf Steiner explains how we can connect with them greatly enriching our lives and making an enormous difference to their souls The distinction between fixed symbols and living motifs takes us to the core of anthroposophy striving never to rest in inert forms of thought In the field of education Steiner thus warns about external measuring of pupils and linear models of cognitive learning Throughout the three lecture courses included here which together form a kind of compendium of anthroposophy at the time Steiner touches upon a wealth of absorbing themes including the discovery of America the

contrast between East and West the qualities of European folk souls Valentin Andrae's *Chymical Wedding* and Darwinism Regardless of his topic however Steiner consistently makes the urgent appeal that we grasp reality looking further than abstract schemes of all kinds such as social and political programmes to participate in the cosmos as conscious and fully human co creators The Imagination of Pentecost Richard Leviton,1994 Carlo Pietzner speaks out of his own ego directed inner experiences about several motifs inherent to inner striving the problem of self in relationship to the world the disintegration of the three soul forces the transition from sense perception to spiritual perception the reality of evil the condition of loneliness and more **The 2012 Story** John Major Jenkins,2010-10-14 From the pioneering author who helped introduce the question of 2012 into the global spiritual community comes an epic exploration of the authentic origins and meaning of this portentous date Drawing from his own groundbreaking research including his involvement in the modern reconstruction of Mayan 2012 cosmology John Major Jenkins has created the crucial guide to 2012 surveying its roots in Mayan cosmology modern astronomy ancient prophecy and metaphysical philosophy and exploring why it has become a focal point for millions today The Secret Doctrine Helena Petrovna Blavatsky,1897 **Humboldt Library of Popular Science Literature** ,1879 **The World's Cyclopedia of Science** ,1883 *UPSC Prelims 2020 Current Affairs: Indian Geography* R P Meena, UPSC Prelims Exam 2020 Current Affair Important Topics Indian Geography IAS exam is all about the important topics which need to be prepared by the UPSC IAS aspirants The candidates must develop the skill to understand and observe any current event of national and international importance from a lens of UPSC IAS syllabus and relevance for the IAS Prelims and Mains exam Special emphasis should be given to filter out the irrelevant events and happenings which are not important for the UPSC IAS exam This skill can only be developed by analysing the IAS question papers of the prelims exam and main exam Current Affairs and the General Studies topics are important for the IAS exam be it IAS prelims main or the IAS interview The IAS exam needs a clear understanding of all aspects of Current affairs and general studies We here provide current affairs important topics for UPSC Exam 2020 from Geography of India and world which were in news Thank You Best wishes for your exams Eternal Night SINYOR,2024-01-01 The impact of darkness on humanity is a theme we have encountered throughout history Yet one of the deepest and most destructive examples of this theme lies on the brink of an impending trauma the extinction of the sun This book explores not only the challenges and struggles humanity will face during those dark days but also the journey of rebirth discovery and hope that follows As the sun occupies the center of our existence its presence serves as the cornerstone of our planet's ecosystem However its unexpected dimming will not only force humanity underground but also bring forth profound psychological and social challenges We must not view this event merely as a physical loss it is also a test of our identity culture and civilization itself During these dark times humanity will prove its resilience and creativity embarking on a quest for new living spaces While constructing underground cities it will nurture the dream of migrating to a new star system without losing hope or erasing the traces of its past Scientific endeavors

alongside social solidarity and ethical values will emerge as humanity's greatest weapons in this struggle. This work invites readers on a journey through humanity's battle against darkness, highlighting the discoveries of science, the tensions of society, and the quest for survival. As you delve into these pages, you will uncover the narrative of a community confronting uncertainty, learning from the mistakes of the past while courageously navigating the ambiguities of the future. I hope this book transcends being merely a work of fiction; it serves as a call to reflect on the human condition and raise societal awareness. Finding the glimmer of hope within darkness is a responsibility we all share. The future may be uncertain, but humanity's determination to survive and its thirst for exploration will always endure. Even in dark days, there exists hope, a power rooted deep within the essence of humanity. The future may be filled with uncertainties, yet every discovery along this journey will remind us what it truly means to be human, preparing us for new beginnings.

Understanding America's Greatest Existential Threats Dr. J. R. Maxwell, 2020-12-08 In this introductory volume, readers will learn about the vital role that the various Critical Infrastructure (CI) sectors play in America in the context of homeland security. The protection, maintenance, and monitoring of these interdependent CI assets is a shared responsibility of governments, private sector owner/operators, first responders, and all those involved in homeland security and emergency management. As this foundational learning resource demonstrates, rapidly advancing technologies combined with exponential growth in demand on the aging infrastructure of America's power grid is setting the stage for a potentially catastrophic collapse that would paralyze each and every facet of civilian life and military operations. This meticulously researched primer will guide readers through the known world of power failures and cyber attacks to the emerging threat from a High-altitude Electromagnetic Pulse (HEMP). A HEMP would cause cascading failures in the power grid, communications, water treatment facilities, oil refineries, pipelines, banking, supply chain management, food production, air traffic control, and all forms of transportation. Each chapter in *America's Greatest Existential Threat Vol 1* begins with learning objectives and ends with a series of review questions to assess take-up of the chapter material. Similarly, subsequent volumes will explore HEMP and emerging issues in closer detail with current research and analysis now in development.
