Soldier Talk:

Soldier Talk Paul Vincent Budra, Michael Zeitlin, 2004 *Soldier Talk* is a collection of essays about the Vietnam combat veteran and his representation of his experience. The Vietnam War created a vast archive of recorded accounts of the war, permitting an unprecedented opportunity to confront its brutal secrets. This book is about how to read and how to hear the historical, psychological, and narrative truths of soldiers' talk. The ten chapters explore the phenomenon of soldier talk, the oral narrative form of so much of the Vietnam War literature, the collection of veteran interviews published under the title *Nam*, Vietnam War poetry, the strange tale of Bobby Garwood, the private who disappeared 10 days before he was to return home and surfaced 13 years later in Hanoi, Vietnam, oral history and revolutionary socialism, the historiography of the Vietnam War, queering Vietnam, the African American experience of Vietnam and women and the war. Along the way, the authors touch on most of the best known and most important writing to come out of the war. *Army Talk*, *Mastering Soldiers* Eyal Ben-Ari, 2001-01-01. Studies of the military that deal with the actual experience of troops in the field are still rare in the social sciences. In fact, this ethnographic study of an elite unit in the Israeli Defense Force is the only one of its kind. As an officer of this unit and a professional anthropologist, the author was ideally positioned for his role as participant observer. During the eight years he spent with his unit, he focused primarily on such notions as conflict, the enemy, and soldiering, because they are, he argues, the key points of reference for what we are and what we are trying to do and form the basis for interpreting the environment within which armies operate. Relying on the latest anthropological approaches to cognitive models and the social constructions of emotion and masculinity, the author offers an in-depth analysis of the dynamics that drive the men's attitudes and behavior and a rare and fascinating insight into the reality of military life. ***The Court-Martial of Jackie Robinson*** Michael Lee Lanning, 2020-02-21. Includes bibliographical references and index. ***War Slang*** Paul Dickson, 2014-08-01. From the homegrown boodles of the 19th century to current misunderstandings in the Middle East, America's foremost expert on slang reveals military lingo at its most colorful, innovative, brutal, and ironic. Author Paul Dickson introduces some of the new words and phrases born of conflict, boredom, good humor, bad food, new technology, and the pure horror of war. This newly updated reference extends to the post-9/11 world and the American military presence in Iraq and Afghanistan. Recommended by William Safire in his *On Language* column of *The New York Times*, it features dictionary-style entries arranged chronologically by conflict, with helpful introductions to each section and an index for convenient reference. Paul Dickson is a national treasure who deserves a wide audience, declared *Library Journal*. The author of more than 50 books, Dickson has written extensively on language. This expanded edition of *War Slang* features new material by journalist Ben Lando, Iraq Bureau Chief for *Iraq Oil Report*, and a regular contributor to *The Wall Street Journal* and *Time*. It serves language lovers and military historians alike by adding an eloquent new dimension to our understanding of war. *Department of the Army Pamphlet*, 1974. *The Black Prairie Archives* Karina Vernon, 2020-02-19. *The Black Prairie Archives*: An Anthology recovers

a new regional archive of black prairie literature and includes writing that ranges from work by nineteenth century black fur traders and pioneers all of it published here for the first time to contemporary writing of the twenty first century This anthology establishes a new black prairie literary tradition and transforms inherited understandings of what prairie literature looks and sounds like It collects varied and unique work by writers who were both conscious and unconscious of themselves as black writers or as prairie people Their letters recipes oral literature autobiographies rap and poetry provide vivid glimpses into the reality of their lived experiences and give meaning to them The book includes introductory notes for each writer in non specialist language and notes to assist readers in their engagement with the literature This archive and its supporting text offer new scholarly and pedagogical possibilities by expanding the nation s and the region s archives They enrich our understanding of black Canada by bringing to light the prairies black histories cultures and presences **Army**

Equality or Discrimination strives to close the gap in existing literature and address the often neglected field of research on the discrimination of African Americans in the U S Armed Forces during the Vietnam War Despite the awakened interest of academics authors artists and experts from a multitude of fields and the vast selection of literature on the Vietnam War and its veterans African Americans have received little attention until now Based on initial findings Dr Kimbrough analyzes key issues including whether or not African Americans experienced racial discrimination while serving The study also focuses on whether the Vietnam War was indeed the first fully integrated conflict in which the U S attempted to engage in militarily without racial division The findings contradict the traditional image of equality in the U S Armed Forces and provide the basis for the dissertation Proving that soldiers in the Vietnam War were NOT treated equally Dr Kimbrough argues that African Americans experienced various forms of discrimination during a tumultuous time in U S history in which the opposite treatment of its soldiers was required Combat Medic Field Reference Casey Bond, 2005 The ability to save lives in war conflicts and humanitarian interventions requires sophisticated skills above and beyond first aid Today s Combat Medic must be an expert in emergency care force health protection limited primary care and warrior skills The Combat Medic Field Reference provides easy access to essential information on triage treatment and US Army procedures This handy pocket sized reference features waterproof pages for making temporary or permanent notes **Armor** ,1970 *Catching Shrimp with Bare Hands* Michelle Robin La, 2015-01-31 Catching Shrimp with Bare Hands is the true story of Luong La a boy growing up in the Mekong Delta in the midst of the Vietnam War When the 1968 Tet Offensive forces Luong s family to flee the countryside his mother continues to travel back and forth to their island farm despite threats from the Viet Cong and nearby firefights Out on their farm in the middle of the Mekong River Luong wants to catch fish and slingshot birds but Viet Cong called mysterious misters by the villagers stop by his family s hut and stay The frog dies because of its big mouth his mother warns The mysterious misters behead a neighbor and Luong s aunt goes missing Luong plans to join the Army as soon as he s old enough to fight but the war ends before he has a chance Communism descends pulling him back in time to a land without electricity or fuel where his family has to hide the books that haven t already been burned Propaganda that kneads their skulls neighbors spying on each other and the threat of starvation drive Luong to escalating acts of defiance About to get caught by the authorities he drops out of school to help his family build a boat to escape
