The Browning High-Power Pistol Leroy Thompson, 2020-04-30 Making its debut in 1935 the Browning High Power was the world's most widely used military pistol for much of the 20th century Military and law enforcement agencies in more than 90 countries have issued the High Power and it has seen combat in conflicts from World War II through to the War on Terror After conquering Belgium Nazi Germany produced more than 300 000 High Powers for use by the Waffen SS Fallschirmjäger and others and after 1945 the High Power became standard for most NATO armed forces as well as scores of others Chambered for the 9 19mm Luger cartridge John Browning's High Power improved on the classic Colt M1911 design especially in its use of a far simpler takedown system The pistol's innovative 13 round magazine designed by Dieudonné Saive staggered the cartridges for higher capacity without unduly increasing the grip size During its 82 year production run at Fabrique Nationale FN in Belgium the design evolved slightly but a 2017 High Power was still easily recognizable as a descendant of the original model Packed with gripping material including detailed technical specifications contemporary photographs and highly accurate artist's renditions this title is a comprehensive and informative guide to the world's most iconic semi automatic pistol

important that new approaches be sought on how to integrate and power these electronics To assist in addressing this problem the Army requested the National Research Council to review the state of the art and to recommend technologies that will support the rapid development of effective power systems for the future warrior This report presents the results of that review It provides an assessment of various technology options for different power level requirements power system design and soldier energy sinks The report also describes future design concepts focusing on low power systems

Matthew Fox, 2010-09-24 It is no secret that men are in trouble today From war to ecological collapse most of the world's critical problems stem from a distorted masculinity out of control Yet our culture rewards the very dysfunctions responsible for those problems To Matthew Fox our crucial task is to open our minds to a deeper understanding of the healthy masculine than we receive from our media culture and religions Popular religion forces the punitive imagery of fundamentalism on us pushing most men away from their natural yearning for spirituality and toward intolerance and domination Meanwhile many men particularly young men are looking for images of healthy masculinity to emulate and finding nothing To awaken what Fox calls the sacred masculine he unearths ten metaphors or archetypes ranging from the Green Man an ancient pagan symbol of our fundamental relationship with nature to the Grandfatherly Heart to the Spiritual Warrior He explores archetypes of sacred marriage showing how partnership becomes the ultimate expression of healthy masculinity By stirring our natural yearning for healthy spirituality Fox argues these timeless archetypes can inspire men to pursue their higher calling to reinvent the world Signal, 2010 The Soldier's Catechisme, Composed for the Parliament's Army: Consisting of Two Parts: Wherein are Chifely Taught, 1. the Justification, 2. the Qualification of Our Souldiers. ...
