Soldiers Of Light:

Light Calvary In Interstellar Xiao Zu,2020-01-08 As the humans continued to expand their horizons the Star Alliance which was formed by the humans began to fight against the other races in the universe And the Pang Great Emperor which was formed by the Talambo people became the strongest opponent for the human race Having just joined the light cavalry army An Chunhua relied on the military training he received when he was young to quickly display his skills in battle In the many battles that followed An Chun Hua was able to see the ugliness of war After abandoning the idea of building a career He Chunhua only wanted his comrades to survive in this seemingly endless war under his leadership

Some of the most brutally intense infantry combat in World War II occurred within Germany s Hrtgen Forest Focusing on the bitterly fought battle between the American 22d Infantry Regiment and elements of the German LXXIV Korps around Grosshau Rush chronicles small unit combat at its most extreme and shows why despite enormous losses the Americans persevered in the Hrtgenwald meat grinder a battle similar to two punch drunk fighters staggering to survive the round On 16 November 1944 the 22d Infantry entered the H rtgen Forest as part of the U S Army s drive to cross the Roer River During the next eighteen days the 22d suffered more than 2 800 casualties or about 86 percent of its normal strength of about 3 250 officers and men After three days of fighting the regiment had lost all three battalion commanders After seven days rifle company strengths stood at 50 percent and by battle s end each had suffered nearly 140 percent casualties Despite these horrendous losses the 22d Regiment survived and fought on due in part to army personnel policies that ensured that unit strengths remained high even during extreme combat Previously wounded soldiers returned to their units and new replacements green to battle arrived to follow the remaining battle hardened cadre The attack halted only when no veterans remained to follow The German units in the Hrtgenwald suffered the same horrendous attrition with one telling difference German replacement policy detracted from rather than enhanced German combat effectiveness Organizations had high paper strength but low manpower and commanders consolidated decimated units time after time until these ever dwindling

bands of soldiers disappeared forever killed wounded captured or surrendered The performance of American and German forces during this harrowing eighteen days of combat was largely a product of their respective backgrounds training and organization This pre battle aspect not normally seen in combat history helps explain why the Americans were successful and the Germans were not Rush s work underscores both the horrors of combat and the resiliency of American organizations While honoring the sacrifice and triumph of the common soldier it also compels us to reexamine our views on the requisites for victory on the battlefield

Galaxy Ecaterina Barnutz,2024-09-04 A divinity made of Millions of Lights appeared in the empty infinite dark cold space After millions of years of flying continuously he created seven universes The force entered a deep sleep waiting for the perfect moment to wake up and act He left behind a gray boiling living material that created the powerful Invictus Cold handsome and without feelings he dominated everything Like a magician with amazing powers he created galaxies planets and perfect Gray Soldiers who worked for him days and nights One day from the living substance in the burning huge forge something new was born a celestial He was different from the rest and more powerful than anybody He was born from blue light and was named Deus Invictus hated Deus and tried to kill him considering him the biggest mistake They fought for many years Deus had an extraordinary group of heroes who had powers and they were loyal to him Their adventures could be found on every page of this book and continued in the next book Galaxy 2 Every chapter would take you to a world you could not imagine and to discover people with powers you have never heard of I will stop here and let the reader start the adventure of their life
