

SOLDIERS, STATECRAFT, AND HISTORY

COERCIVE DIPLOMACY
AND INTERNATIONAL ORDER

JAMES A. MATHIAS

Soldiers Statecraft And History

John L. Esposito

Soldiers Statecraft And History:

Soldiers, Statecraft, and History James A. Nathan, 2002-08-30 The increasing capacity of states to muster violence the concomitant rise of military power as a meaningful instrument of foreign policy and the frequent episodic collapse of that power are considered in this examination of force order and diplomacy Nathan points to periods of relative order and stability in international relations the time immediately prior to the rise of Frederick the Great for example or the half century after the Napoleonic Wars as times when states have been most vulnerable to spoilers and rogues Only the power of the Cold War blocs fostered durable order Now notwithstanding novel elements of globalization international relations appear as dependent as ever on the prudent management of force Students scholars and soldiers are frequently exposed to Clausewitz Westphalia Napoleon World War I and the like But what makes these events and individuals so important This book is Clausewitz s successor insisting that soldiers and statesmen know and master the integrative potential of force Nathan provides a narrative account of the people and events that have shaped international relations since the onset of the state system He asserts that an understanding of the limits and utility of persuasion as well as the corresponding limits and utility of force will help assure national security in a world filled with more uncertainties than ever in the last 50 years

The Palatine Family and the Thirty Years' War Thomas Pert, 2023 The Thirty Years War was the most destructive conflict in pre 20th century European history and forced a number of rulers into exile The Palatine Family and the Thirty Years War provides a long overdue examination of the family s experiences of exile in the second half of the Thirty Years War and their efforts to recover lost lands and titles *The Correspondence of Elizabeth Stuart, Queen of Bohemia* Elisabeth (Pfalz, Kurfürstin, 1596-1662), 2011 The first complete edition of Elizabeth Stuart s letters ever published Volume I covers the years between 1603 and 1631 Elizabeth s life as princess and consort charting her transformation from political ingenue to independent stateswoman

Nationalism in Southeast Asia Nicholas Tarling, 2004-08-02 Nationalism in Southeast Asia seeks a definition of nationalism through examining its role in the history of southeast Asia a region rarely included in general books on the topic By developing such a definition and testing it out Tarling hopes at the same time to make a contribution to southeast Asian historiography and to limit its ghettoization Tarling considers the role of nationalism in the nation building of the post colonial phase and its relationship both with the democratic aspirations associated with the winning of independence and with the authoritarianism of the closing decades of the 20th century

Understanding International Law Conway W. Henderson, 2009-11-25 Understanding International Law presents a comprehensive accessible introduction to the various aspects of international law while addressing its interrelationship with world politics Presents well organized balanced coverage of all aspects of international law Features an accompanying website with direct access to court cases and study and discussion questions Visit the site at <http://www.wiley.com/go/internationallaw> Includes discussion of the efficacy of international law a topic unique among international law

texts Offers discussion of other topics that most texts do not address such as complete chapters on making the world safer human rights the environment and the world economy

Status and Security in Southeast Asian State Systems

Nicholas Tarling, 2013-05-07 Southeast Asia serves as an excellent case study to discuss major transformations in the relationship between states This book looks at the changing nature of relationships between countries in Southeast Asia as well as their relationships with other states in Asia and beyond A diverse region in many areas open to outside influence in many fields but not without dynamics of its own Southeast Asia has been through centuries the site of states with very differing levels of power and in a variety of forms It has also been exposed to powerful neighbours seawards empires and contending world powers Adopting a historical approach the book analyses state relations against the background of regional and geopolitical developments from within and without It discusses how Southeast Asian states of the 21st century can best preserve their security in the context of the rise of China and goes on to look at the extent to which they can preserve their autonomy of action Offering a long term perspective on these issues this interdisciplinary study is of interest to scholars and students of Southeast Asian history and politics world history and international relations

A History of Social Justice and Political Power in the Middle East

Linda T. Darling, 2013-05-02 From ancient Mesopotamia into the 20th century the Circle of Justice as a concept has pervaded Middle Eastern political thought and underpinned the exercise of power in the Middle East The Circle of Justice depicts graphically how a government's justice toward the population generates political power military strength prosperity and good administration This book traces this set of relationships from its earliest appearance in the political writings of the Sumerians through four millennia of Middle Eastern culture It explores how people conceptualized and acted upon this powerful insight how they portrayed it in symbol painting and story and how they transmitted it from one regime to the next Moving towards the modern day the author shows how although the Circle of Justice was largely dropped from political discourse it did not disappear from people's political culture and expectations of government The book demonstrates the Circle's relevance to the Iranian Revolution and the rise of Islamist movements all over the Middle East and suggests how the concept remains relevant in an age of capitalism A must read for students policymakers and ordinary citizens this book will be an important contribution to the areas of political history political theory Middle East studies and Orientalism

The Royal Navy

Duncan Redford, Philip D. Grove, 2014-03-27 Since 1900 the Royal Navy has seen vast changes to the way it operates This book tells the story not just of defeats and victories but also of how the navy has adjusted to over 100 years of rapid technological and social change The navy has changed almost beyond recognition since the far reaching reforms made by Admiral Fisher at the turn of the century Fisher radically overhauled the fleet replacing the nineteenth century wooden crafts with the latest in modern naval technology including battleships such as the iconic dreadnoughts aircraft carriers and submarines In World War I and World War II the navy played a central role especially as unrestricted submarine warfare and supply blockades became an integral part of twentieth century combat

However it was the development of nuclear and missile technology during the Cold War era which drastically changed the face of naval warfare today the navy can launch sea based strikes across thousands of miles to reach targets deep inland This book navigates the cross currents of over 100 years of British naval history As well as operational issues the authors also consider the symbolism attached to the navy in popular culture and the way naval personnel have been treated looking at the changes in on board life and service during the period as well as the role of women in the navy In addition to providing full coverage of the Royal Navy s wartime operations the authors also consider the functions of the navy in periods of nominal peace including disaster relief diplomacy and exercises Even in peacetime the Royal Navy had a substantial role to play Covering the whole span of naval history from 1900 to the present this book places the wars and battles fought by the navy within a wider context looking at domestic politics economic issues and international affairs It will be essential reading for anyone interested in naval history and operations as well as military history more generally Soldiers and Statesmen

Monte D. Wright, Lawrence J. Paszek, 1973 Soldiers and Civilization Reed R Bonadonna, 2017-05-15 Soldiers and Civilization covers the history of the military profession in the Western World from the ancient Greeks to the present day Drawing from military history sociology and other disciplines it goes beyond traditional insights to locate the military profession in the context of both literary and cultural history Reed Bonadonna maintains that soldiers have made an unacknowledged contribution to the theory and practice of civilization and that they will again be called upon to do so in important ways The comprehensive nature of the book and the extent to which Bonadonna draws on the disciplines of the humanities to make his points set this volume apart from others on the subject The military profession in its broadest consideration might be viewed as an interdisciplinary branch of the humanities A soldier is made of the words of history poetry and the laws and language of his calling With each new conflict the military may be called upon to preserve the values of civilization To fulfill its future role the military professionals of today must know heed and apply the examples and narratives of the most successful and exemplary military professionals of the past at their best **The New Cambridge**

History of Islam: Volume 2, The Western Islamic World, Eleventh to Eighteenth Centuries Maribel Fierro, 2010-11-04 Volume 2 of The New Cambridge History of Islam is devoted to the history of the Western Islamic lands from the political fragmentation of the eleventh century to the beginnings of European colonialism towards the end of the eighteenth century The volume embraces a vast area from al Andalus and North Africa to Arabia and the lands of the Ottomans In the first four sections scholars all leaders in their particular fields chart the rise and fall and explain the political and religious developments of the various independent ruling dynasties across the region including famously the Almohads the Fatimids and Mamluks and of course the Ottomans The final section of the volume explores the commonalities and continuities that united these diverse and geographically disparate communities through in depth analyses of state formation conversion taxation scholarship and the military *Proceeding's of the Military History Symposium, USAF Academy United*

States. Air Force,1969 *History of Rome, and of the Roman People* Victor Duruy,1883 **A History of Protestant Missions in the Near East** Julius Richter,1910 **Rome Enters the Greek East** Arthur M. Eckstein,2012-01-25 This volume examines the period from Rome s earliest involvement in the eastern Mediterranean to the establishment of Roman geopolitical dominance over all the Greek states from the Adriatic Sea to Syria by the 180s BC Applies modern political theory to ancient Mediterranean history taking a Realist approach to its analysis of Roman involvement in the Greek Mediterranean Focuses on the harsh nature of interactions among states under conditions of anarchy while examining the conduct of both Rome and Greek states during the period and focuses on what the concepts of modern political science can tell us about ancient international relations Includes detailed discussion of the crisis that convulsed the Greek world in the last decade of the third century BC Provides a balanced portrait of Roman militarism and imperialism in the Hellenistic world

Abraham Lincoln, a History John George Nicolay,John Hay,1909 **History of Rome, and of the Roman people, from its origin to the ...** Victor Duruy,1886 **The Oxford History of Islam** John L. Esposito,2000-04-06 Lavishly illustrated with over 300 pictures including more than 200 in full color The Oxford History of Islam offers the most wide ranging and authoritative account available of the second largest and fastest growing religion in the world John L Esposito Editor in Chief of the four volume Oxford Encyclopedia of the Modern Islamic World has gathered together sixteen leading scholars both Muslim and non Muslim to examine the origins and historical development of Islam its faith community institutions sciences and arts Beginning in the pre Islamic Arab world the chapters range from the story of Muhammad and his Companions to the development of Islamic religion and culture and the empires that grew from it to the influence that Islam has on today s world The book covers a wide array of subjects casting light on topics such as the historical encounter of Islam and Christianity the role of Islam in the Mughal and Ottoman empires the growth of Islam in Southeast Asia China and Africa the political economic and religious challenges of European imperialism in the nineteenth and twentieth centuries and Islamic communities in the modern Western world In addition the book offers excellent articles on Islamic religion art and architecture and sciences as well as bibliographies Events in the contemporary world have led to an explosion of interest and scholarly work on Islam Written for the general reader but also appealing to specialists The Oxford History of Islam offers the best of that recent scholarship presented in a readable style and complemented by a rich variety of illustrations

Rethinking U.S. Labor History Donna T. Haverty-Stacke,Daniel J. Walkowitz,2010-10-21 *History of Rome and the Roman People* Victor Duruy,1886
