Daughters of the Shtetl Susan A. Glenn, 2019-06-30 In this fascinating portrait of Jewish immigrant wage earners Susan A Glenn weaves together several strands of social history to show the emergence of an ethnic version of what early twentieth century Americans called the New Womanhood She maintains that during an era when Americans perceived women as temporary workers interested ultimately in marriage and motherhood these young Jewish women turned the garment industry upside down with a wave of militant strikes and shop floor activism and helped build the two major clothing workers unions

History of Women's Suffrage Nicky Huys, 2025-09-29 History of Women's Suffrage delves into the remarkable journey of women's fight for the right to vote tracing its roots from the early 19th century to the present day This comprehensive account highlights key figures pivotal moments and the socio political landscapes that shaped the movement Readers will explore the struggles faced by suffragettes the intersectionality of race and class and the global implications of women's suffrage The book illuminates the tireless efforts of activists who challenged societal norms leading to significant legislative changes Through engaging narratives and historical analysis this work not only honors the past but also reflects on the ongoing quest for equality Ideal for scholars activists and anyone interested in understanding the evolution of women's rights this book serves as a vital resource for appreciating the sacrifices made and the work still needed to achieve true gender parity

Women, the State, and War Joyce P. Kaufman, Kristen P. Williams, 2007-12-24 Women the State and War looks at the intersection of gender citizenship and nationalism marriage intermarriage and how states gender that relationship and the ways in which women are used as symbols to reinforce or further nationalistic goals Women have long struggled with issues of citizenship identity and the challenge of being recognized as equal members of the community Governments use feminine imagery e.g mother country to create a national identity while simultaneously minimizing the role that women play as productive contributors to the society Authors Joyce P Kaufman and Kristen P Williams examine the relationship of government and women in four different countries the United States Israel the former Yugoslavia and Northern Ireland In each case numerous similarities appear conflict plays a significant role in the definition of citizenship for women women's movements have worked in contradiction to the state and citizenship and marriage are gendered undertakings
