Solo of Fortune Mike Pondsmith, William Moss, Michael Pondsmith, 1989-06-01 **Solo of Fortune** Derek Quintanar, Ross Winn, 1994-01-01 **The Music of the Waters** Laura Alexandrine Smith, 1888 Fresh as the breezes of that ocean to which they owe their inspiration the chanties and songs here collected come to us as a most interesting and unique contribution to our literature of the sea For this volume contains no mere study compilation of more or less authentic sea ditties mingled with the nautical effusions of landsmen It is original in its conception and execution With one or two trifling exceptions it is a collection of what may be styled the genuine article not the creation of landsmen written for or about sailors but the actual working songs of the sea that were in use at the present time Still further this book contains not merely the ditties of our own Jack Tars but a selection of the sea songs of nearly all maritime nations translated and ably commented on from a literary musical and nautical point of view together with a good deal of interesting information regarding them

Knowledge Governance Reasserting the Public Interest, Anna Célia Castro, Rainer Kattel, 2014-10-01 This book argues that the current international intellectual property rights regime led by the World Trade Organization WTO has evolved over the past three decades toward overemphasizing private interests and seriously hampering public interests in access to knowledge and innovation diffusion This approach concentrates on tangible and codified knowledge creation and diffusion in research and development R D that can be protected via patents and other intellectual property rules and regulations In terms of global policy initiatives however it is becoming increasingly clear that the WTO in particular is mostly a conflict resolution facility rather than a global governance body able to generate cooperation and steer international coordinated policy action At the same time rent extraction and profits streaming from legal hyperprotection have become pervasively important for firm strategies to compete in a globalized marketplace *Knowledge Governance* Reasserting the Public Interest offers a novel approach knowledge governance in order to move beyond the current regime

Making Music in Selznick's Hollywood Nathan Platte, 2018 This book tells the fascinating story of the evolution of David O Selznick's style through the many artists whose work defined Hollywood sound *Beyond Memory* Max Mojapelo, 2008 South Africa possesses one of the richest popular music traditions in the world from marabi to mbaqanga from boeremusiek to bubblegum from kwela to kwaito Yet the risk that future generations of South Africans will not know their musical roots is very real Of all the recordings made here since the 1930s thousands have been lost for ever for the powers that be never deemed them worthy of preservation And if one peruses the books that exist on South African popular music one still finds that their authors have on occasion jumped to conclusions that were not as foregone as they

had assumed Yet the fault lies not with them rather in the fact that there has been precious little documentation in South Africa of who played what or who recorded what with whom and when This is true of all music making in this country though it is most striking in the musics of the black communities Beyond Memory Recording the History Moments and Memories of South African Music is an invaluable publication because it offers a first hand account of the South African music scene of the past decades from the pen of a man Max Thamagana Mojaelo who was situated in the very thick of things thanks to his job as a deejay at the South African Broadcasting Corporation This book astonishing for the breadth of its coverage is based on his diaries on interviews he conducted and on numerous other sources and we find in it not only the well known names of recent South African music but a countless host of others whose contribution must be recorded if we and future generations are to gain an accurate picture of South African music history of the late 20th and early 21st centuries
