Premiere paddler and Texas Canoe Racing Hall of Famer Bob Spain presents a thorough and personal guide to all aspects of canoeing. He opens with a brief history of canoes and canoe making in North America followed by an illustrated how to section on proper paddling technique and posture. Instructional photos and drawings by Spain's paddling partner and wife Joy Emshoff help make your first time paddling adventure less intimidating and more enjoyable. Readers will learn how to hold a paddle, perform basic strokes, and improve their technique, as well as gain important information on the various types of canoes available. A handy checklist in the back of the book outlines important safety gear and essential equipment to pack in your canoe for day trips and overnight expeditions. Both newcomers to the sport and seasoned paddlers will find Spain's detailed descriptions of his ten favorite inland and coastal Texas paddling trails entertaining and helpful. He provides useful logistical information such as launch and take out locations, GPS coordinates, available camping sites, and suggestions for nearby paddling trails. These trails offer paddlers a unique opportunity to explore the state and its varied wildlife while promoting the importance of preserving waterways. Spain concludes with a discussion on pressing conservation issues: water pollution, urban growth, habitat destruction, invasive species, and natural disasters, and the role ordinary people can have in protecting these natural resources for future generations. Full of tips, tricks, and know-how, this book has all you need to know to paddle your own canoe, stay safe, and have fun. *Canoeing the Adirondacks with Nessmuk* Dan Brennan, 1993-08-01. She's all my fancy painted, her she's lovely, she is light. She waltzes on the waves by day and rests with me at night. But I had nothing to do with her painting. The man who built her did that. And I commence with the canoe because that is about the first thing you need on entering the Northern Wilderness, Nessmuk. Thus opened Nessmuk's first commissioned letter for *Forest and Stream* in 1880. For years thereafter, George Washington Sears, under the penname Nessmuk, contributed a glorious series of pieces on canoeing the Adirondacks, exploring rivers and streams, climbing the many mountains and peaks, and chronicling his long relationship with one of the greatest canoe builders, J. Henry Rushton. These letters brought Nessmuk fame and served to increase the magazine's circulation tremendously. They hold a special place in wilderness writing and unfold in vivid detail the pageantry of the waterways from a bygone era. **Technical Skills**
