**Solution Behavior of Surfactants** K. L. Mittal, Eleanor J. Fendler, 1982 This symposium represented the third event in the series of symposia dealing with the topic of surfactants in solution In this symposium a number of ramifications of surfactants were covered It should be added that both aggregation and adsorption of surfactants were covered and the applications of surfactants were given due cognizance A number of speakers were specifically asked to provide state of the art overviews of certain topics and those were augmented by unpublished original research contributions

**Surfactants in Solution** K.L. Mittal, P. Botherel, 2012-12-06 This and its companion Volumes 5 and 6 document the proceedings of the 5th International Symposium on Surfactants in Solution held in Bordeaux France July 9 13 1984 This symposium was the continuation of the series of symposia initiated in 1976 in Albany New York under the title Micellization Solubilization and Microemulsions The next two symposia were labelled Solution Chemistry of Surfactants and Solution Behavior of Surfactants Theoretical and Applied Aspects held in Knoxville TN in 1978 and Potsdam N Y in 1980 respectively In 1982 at the time of the 4th Symposium in this series it became amply evident that there was a definite need to have more a generic title to describe these biennial events and after much deliberation it was decided that an appropriate title would be Surfactants in Solution as both the aggregation and adsorption aspects of surfactants were addressed So the 4th Symposium was held in Lund Sweden under this new rubric and it was decided to continue these symposia in the future under this appellation Naturally the Bordeaux Symposium was dubbed as the 5th International Symposium on Surfactants in Solution and our logo became SIS which is very apropos and appealing It was in Bordeaux that the decision was made to hold the 6th SIS Symposium in New Delhi and it is scheduled for August 18 22 1986 in the capital of India
