throughout the 1970s The International Cat Association TICA granted official recognition to it in 1979 and subsequently other prominent cat registries followed suit Somali cats are characterized by their distinctive features which include a voluminous tail a coat with ticking patterns resembling the Abyssinian breed prominent almond shaped eyes and ears adorned with tufts of hair They are available in a range of colors such as ruddy red blue and fawn Personality Somali cats are distinguished for their lively and energetic disposition They possess high levels of intelligence exhibit sociable behavior and frequently establish robust connections with their owners They derive pleasure from engaging in interactive play and have a tendency to express themselves vocally Popularity Somali cats have experienced a surge in popularity as domesticated pets throughout the years Due to their distinctive appearance and amiable personalities they are highly favored by cat fans Currently Somali cats are acknowledged and valued in the realm of cat enthusiasts actively taking part in several cat exhibitions and contests They are still highly valued as affectionate and energetic companions worldwide [Somali Cats](#)
