Some Modern Faiths Pocketbooks:

Living with Siva Pocketbook , **Christian Rememberancer. Leaves from the Christian Remembrancer**
[Pocket-Books]. With a Preface by the Bishop of Ripon ,1871 **The Advertiser's Pocketbook** International
Correspondence Schools,1910 **Educational Philosophy of Dr S Radhakrishnan** Dr V N Deshpande,2017 The spiritual
homelessness of modern man cannot last long thus believed Dr Sarvepalli Radhakrishnan 1888 1975 a prominent philosopher
educationalist and one of the makers of modern India His solution to the problems of humanity is a return to the religion of
spirit to be achieved through the right kind of education Radhakrishnan advocated a sound educational philosophy aimed at
harmonious development of the human personality with utmost emphasis on moral and spiritual education This book
effectively presents Radhakrishnan s thoughts highlighting their relevance to the present day The author has at length
discussed Indian philosophy in comparison with the Western thought and successfully established that the East West
synthesis as propagated by Radhakrishnan is the need of the hour to arrest the self destructive tendency of the world and
ensure development and peace Readers will also get an account of Radhakrishnan s life story in the backdrop of the political
history of pre and post Independent India **Pocketbook Politics** Meg Jacobs,2007-03-12 How much does it cost We think
of this question as one that preoccupies the nation s shoppers not its statesmen But as Pocketbook Politics dramatically
shows the twentieth century American polity in fact developed in response to that very consumer concern In this
groundbreaking study Meg Jacobs demonstrates how pocketbook politics provided the engine for American political conflict
throughout the twentieth century From Woodrow Wilson to Franklin Roosevelt to Richard Nixon national politics turned on
public anger over the high cost of living Beginning with the explosion of prices at the turn of the century every strike
demonstration and boycott was in effect a protest against rising prices and inadequate income On one side a reform coalition
of ordinary Americans mass retailers and national politicians fought for laws and policies that promoted militant unionism
government price controls and a Keynesian program of full employment On the other small businessmen fiercely resisted this
low price high wage agenda that threatened to bankrupt them This book recaptures this dramatic struggle beginning with
the immigrant Jewish Irish and Italian women who flocked to Edward Filene s famous Boston bargain basement that opened
in 1909 and ending with the Great Inflation of the 1970s Pocketbook Politics offers a new interpretation of state power by
integrating popular politics and elite policymaking Unlike most social historians who focus exclusively on consumers at the
grass roots Jacobs breaks new methodological ground by insisting on the centrality of national politics and the state in the
nearly century long fight to fulfill the American Dream of abundance **The Spectator** ,1877 A weekly review of politics
literature theology and art **The Christian Century** ,1928 **People of Faith** John Schmalzbauer,2018-10-18 Over the
past two decades a host of critics have accused American journalism and higher education of being indifferent even openly
hostile to religious concerns These professions more than any others are said to drive a wedge between facts and values faith

and knowledge the sacred and the secular However a growing number of observers are calling attention to a religious resurgence journalists are covering religion more frequently and religious scholars in academia are increasingly visible John Schmalzbauer provides a compelling investigation of the role of Catholic and evangelical Protestant beliefs in the newsroom and the classroom His interviews with forty prominent journalists and academics reveal how some people of faith seek to preserve their religious identities in purportedly secular professions What impact he asks does their Christianity have on their jobs What is the place of personal religious conviction in professional life Individuals featured include the journalists Fred Barnes Cokie Roberts Peter Steinfelds Cal Thomas and Kenneth Woodward and the scholars John DiIulio Elizabeth Fox Genovese Andrew Greeley George Marsden and Mark Noll Some of the journalists and academics with whom Schmalzbauer spoke qualified displays of personal religious belief with reminders of their own professional credibility drawing a line between advocacy and objectivity Schmalzbauer highlights the persistent tensions between the worlds of public endeavor and private belief yet he maintains there is room for faith even in professional environments that have tended to prize empiricism and detachment over expressions of personal conviction

Religion, Faith and Crime Kim Sadique, Perry Stanislas, 2016-05-28 This unique collection brings together international contributors from a range of disciplines to explore crime and responses to crime through a religious faith based lens At a time when religion is under the media spotlight in terms of religiously motivated hate crime terrorism and child abuse this book provides an important platform for academic debate It examines these and other key issues including faith as a coping strategy religion as a motivating factor and the role of religion and morality in shaping criminal justice responses This collection clearly places religion faith at the heart of criminological enquiry and illustrates its relevance in addressing wider social issues and would be of benefit to students and academics researching or studying in these areas It will also be of interest to community and criminal justice practitioners and those with an interest in community engagement and multi faith work

Global Rebellion Mark Juergensmeyer, 2008-05-16 Why has the turn of the twenty first century been rocked by a new religious rebellion From al Qaeda to Christian militias to insurgents in Iraq a strident new religious activism has seized the imaginations of political rebels around the world Building on his groundbreaking book *The New Cold War Religious Nationalism Confronts the Secular State* Mark Juergensmeyer here provides an up to date road map through this complex new religious terrain Basing his discussion on interviews with militant activists and case studies of rebellious movements Juergensmeyer puts a human face on conflicts that have become increasingly abstract He revises our notions of religious revolution and offers positive proposals for responding to religious activism in ways that will diminish the violence and lead to an accommodation between radical religion and the secular world
