## **Some Psychic Experiences:**

Debating Psychic Experience Stanley Krippner, Harris L. Friedman, 2010-09-02 This book presents a provocative debate between parapsychological advocates who claim that Western science's worldview is incomplete and counteradvocates who insist that parapsychological data is either spurious or can be explained by standard scientific principles. Despite ongoing and repeated attempts to prove or disprove the existence of parapsychological events, there are still no conclusive findings and certainly no consensus across the worldwide community of scholars, scientists, and proponents of psychic phenomena. Still, there is no shortage of information about this fascinating topic to allow everyone to draw their own conclusions. This book has been expressly written to make each chapter and topic accessible to a general audience despite containing a vast amount of theoretical material. The book is organized into two parts: in the first section, proponents of the validity of parapsychological data and critics who reject that validity state their respective positions. In the second part, each group responds to each other's statements in the form of a debate. Other experts from the United States as well as from Australia and Great Britain provide overviews and conclusions.

*Ghosts I Have Seen, and Other Psychic Experiences* Violet Tweedale, 2022-07-20 In *Ghosts I Have Seen and Other Psychic Experiences*, Violet Tweedale explores the ethereal realm of the supernatural, intertwining personal anecdotes with her rich lyrical prose. This collection of narratives delves into her encounters with ghosts and various psychic phenomena, richly illustrated through vivid detail and evocative imagery. The book sits at the intersection of Victorian fascination with spiritualism and the emerging field of psychological inquiry, reflecting the era's burgeoning interest in the occult and the unseen forces believed to influence human life. Violet Tweedale, a prominent figure in early 20th-century spiritualism, draws upon her own experiences as a psychic medium and her extensive social connections with other contemporaneous practitioners. The influences of her upbringing and her active participation in the spiritualist movement of her time provided her with both the literary and experiential foundation necessary to compose this intriguing work. Her narrative is not only a reflection of her own beliefs but also a response to the cultural milieu that questioned the boundaries between the tangible and the mystical. For readers intrigued by the paranormal or the historical context of spiritualism, *Ghosts I Have Seen* serves as a compelling window into the complexities of human perception. Tweedale invites the reader to consider the deeper questions of existence and the unseen dimensions of life, making this book a worthwhile exploration for both enthusiasts and skeptics alike.

My Psychic Stories Jayne Wallace, 2012-02-10 Jayne Wallace's early life was blighted by an incredibly painful condition that almost led her to turn her back on her spirit guide, Star, and her calling to be a psychic medium. At the age of 12, she was diagnosed with juvenile rheumatoid arthritis and registered disabled. Fighting against her illness and dealing with the loss of her mother, it was hard to accept Star in her life. But Jayne eventually made peace with Star, who brought her an amazing gift: a connection with her mother in the spirit world. As Star helped Jayne, so Jayne has gone on to help others, channelling loved ones on the Other Side, offering guidance for the future and hope and

healing to those who are grieving This is the most inspiring page turner on the psychic experience in the market today

**Psychic Development: Enhance Your Life Experience** Dayanara Blue Star, Thank you for choosing this fantastic guide Psychic Development Enhance Your Life Experience The unique thing about this book is that it is not a black and white text that you either have read or don't. Most of the time, some psychic power within them, whether they realize it or not. They don't learn the basics of the development for beginners. To understand how psychic work works, it is helpful to understand. Think of psychic abilities like musical talent. Most of the time, you don't realize it if it is minuscule. Some are born with great musical talent while others are relatively tone deaf. But while their innate ability is a factor, the bigger determinant is how hard you exercise it. Let's get started. *Touched by the Light* Yvonne Kason, 2019-08-03

Using fascinating case stories Dr Yvonne Kason shares the results of her research and experience counselling hundreds of STE experiencers. **Parapsychology** Caroline Watt, 2017-07-05 Many people believe that they have experienced paranormal phenomena and others claim to possess psychic abilities. For the past hundred years or so, researchers have undertaken systematic and scientific work into these alleged experiences and abilities. This collection of articles provides readers with a general sense of the methods used in this research, the findings that have been obtained, and the controversies generated by this work. They cover a wide range of issues including the psychology of paranormal belief, investigations into ghosts and hauntings, laboratory research into extra sensory perception and psychokinesis, and controlled tests of psychics and mediums. An introductory essay sets each of the selected papers in context and provides additional references for those wishing to delve deeper into the issues surrounding each of the areas covered. *Are You Psychic or Making It Up?* Lynne, Carole, 2014-09-01 *Are You Psychic or Making It Up* is a must-have book for anyone who is having psychic or mediumistic experiences and their friends and families. Carole Lynne begins with some badly needed truths. If everyone in the world were psychic, there wouldn't be so many people wondering if they are going crazy. The truth is, not everyone is psychic. While everyone can develop their intuition and get in touch with the inner psychic voice, within those who are psychic and mediumistic have received special spiritual gifts. In this book, readers will learn how to take care of their extra-sensitive selves. They will learn how to evaluate their experiences and to make choices about whether to further develop their gifts. They will be advised on what type of further training and study they might most benefit from. Their friends and families will learn to appreciate their psychic loved ones and that it is an honor to be psychic. **The Best Psychic Stories** Joseph Lewis
