white man on trail in the Yukon a sled dog a tramp or a professor or engaging questions of manhood and mastery in terms of work race politics class or sexuality London created a public persona for the purpose of exploiting the conventions of the publishing world and marketplace Revising critical commonplaces about both Jack London s work and the meaning of nature within literary naturalism and turn of the century ideologies of masculinity Auerbach s analysis intriguingly complicates our view of London and sheds light on our own postmodern preoccupation with celebrity Male Call will attract readers with an interest in American studies American literature gender studies and cultural studies [Congressional Record](#) United States.
