Someone Like That Life Stories:

Life Stories Maureen O'Connor, 2011-08-23 Memoirs autobiographies and diaries represent the most personal and most intimate of genres as well as one of the most abundant and popular. Gain new understanding and better serve your readers with this detailed genre guide to nearly 700 titles that also includes notes on more than 2 800 read alike and other related titles. The popularity of this body of literature has grown in recent years and it has also diversified in terms of the types of stories being told and persons telling them. In the past readers advisors have depended on access by names or Dewey classifications and subjects to help readers find autobiographies they will enjoy. This guide offers an alternative organizing the literature according to popular genres subgenres and themes that reflect common reading interests. Describing titles that range from travel and adventure classics and celebrity autobiographies to foodie memoirs and environmental reads. Life Stories: A Guide to Reading Interests in Memoirs, Autobiographies, and Diaries presents a unique overview of the genre that specifically addresses the needs of readers advisors and others who work with readers in finding books. Before the Diagnosis: Stories of Life and Love Before Dementia Gincy Heins, 2018-02-24 This book is a love story and a labor of love. It is an anthology of stories by 36 authors each about a relative they have known and loved before that person was diagnosed with Alzheimer's disease or another type of dementia. First and foremost these stories are about human beings. They are about moms, dads, attorneys, teachers, sailors, dreamers, doers, and lovers. They are about people like you and me, people with hopes and plans for the future who lived or are still living a life worth remembering. I hope what you read in these pages touches your life. **Researching Life Stories** Peter Clough, Dan Goodley, Rebecca Lawthom, Michelle Moore, 2004-04-29 It has long been argued that an age of biography is upon us; certainly the life story now has a well recognised role as a key resource in social research. This book is the first to offer a comprehensive and practical guide to carrying out **Her Own Worth** Eerika Koskinen-Koivisto, 2014 In this study I examine the life narrative of a female factory labourer Elsa Koskinen nee Kiikkala born in 1927. I analyze her account of her experiences related to work, class and gender because I seek to gain a better understanding of how changes in these aspects of life influenced the ways in which she saw her own worth at the time of the interviews and how she constructed her subjectivity. Elsa's life touches upon many of the core aspects of 20th century social change: changes in women's roles, the entrance of middle class women into working life, women's increasing participation in the public sphere, feminist movements, upward social mobility, the expansion of the middle class, the growth of welfare and the appearance of new technologies. What kind of trajectory did Elsa take in her life? What are the key narratives of her life? How does her narrative negotiate the shifting cultural ideals of the 20th century? A life story, a retrospective evaluation of a life lived, is one means of constructing continuity and dealing with the changes that have affected one's life identity and subjectivity. In narrating one's life the narrator produces many different versions of her/himself in relation to other people and to the world. These dialogic selves and their relations to others may manifest internal contradictions. Contradictions may

also occur in relation to other narratives and normative discourses Both of these levels subjective meaning making and the negotiation of social ideals and collective norms are embedded in life narratives My interest in this study is in the ways in which gender and class intersect with paid labour in the life of an ordinary female factory worker I approach gender class and work from both an experiential and a relational perspective considering the power of social relationships and subject formations that shape individual life at the micro level In her narratives Elsa discusses ambivalence related to gendered ideals social class and especially the phenomenon of social climbing as well as technological advance I approach Elsa s life and narratives ethnographically The research material was acquired in a long standing interview process and the analysis is based on reflexivity of the dialogic knowledge production and contextualization of Elsa s experiences In other words I analyze Elsa s narratives in their situational but also socio cultural and historical contexts Specific episodes in one s life and other significant events constitute smaller narrative entities which I call micro narratives The analysis of micro narratives key dialogues and cultural ideals embedded in the interview dialogues offers perspectives on experiences of social change and the narrator s sense of self

heartfelt spirit lacking the physical proof that science demand of me My life is dedicated to my Lord Jesus patients and residents As a physician I have reached the top in America I am a professor of both neurological surgery and anesthesiology and I am well published in famous medical journals As an academic teacher I trained for more than thirty four years graduating thousands of trainee But all is nothing as I strive for the Christian holiness and fullness In a weeping healthcare with many patients falling victims I included actual patients miracles testimonials and sincere quotes as a testament to the Almighty and the dire need for faith and integral goodhearted medicine This book is full of many vibrant stories that I love to share It is timely since I consider my generation soon will be viewed obsolete to the future generations and what will remain are the books I authored The book is a text of wealth covering broad and diverse topics of my life s journey in 134 chapters and organized over 14 sections So many chapters are written about my special love for Lord Jesus Christ and His children In poems deep reflections and spiritual release of mind I wrote extensively In fact I shut my senses and impersonated the human brains of the men of God and the children of the Most High in their prominent biblical stories A special section is dedicated to the mothers newborns and little children While my soul is grieving a section is designated on the ongoing Christian persecution especially the genocide of Christians in my country Egypt the ancient region of the Middle East and the oldest historic continent of Africa Furthermore I wrote some of my dreams and thoughts that I couldn t otherwise convey for one reason and another such as neuroscience in aerospace and some of the timely touching subjects like drug overdose human trafficking and healthcare crises Few chapters included are about my personal views and introducing spirituality into the recent turmoil in politics Friends human life starts with love and ends with eternal love for our Savior It is never enough to share our love write about love and talk about actual love stories of heavenly roses joy Christmas healing touch miracles and our calling for his purpose This is what my twelfth book is all about
