**Someone Died Now What? a Youth Pastor's Survival Guide** Tom Morris, 2010-06-25 So you are a Youth Pastor or Youth Worker and someone dies It could be the grandparent or parent of a youth in your ministry Or it could be a youth in your youth who is killed in a terrible accident or it could be a student in a local high school or middle school How will you respond to help the families the individuals in your youth group or the youth in the local high school Could it be that God has put you in the situation for a divine purpose I think that is why you are reading this now I don't believe in accidents I'd venture to guess that there is a reason behind why you are reading this even now This is not the typical book for a youth pastor But this book is about real life problems that happen everyday and in some way affects many of the youth in your group and could be a way to come to know others deeply in a matter of hours

**Can Death Be a Harm to the Person Who Dies?** J. Li, 2013-03-14 It is with great pleasure that I write this preface for Or Li's book which addresses the venerable and vexing issues surrounding the problem of whether death can be a harm to the person who dies This problem is an ancient one which was raised long ago by the early Greek philosopher Epicurus who notoriously argued that death is at no time a harm to its victim because before death there is no harm and after death there is no victim Epicurus's conclusion is conspicuously at odds with our prereflective and in most cases our post reflective intuitions and numerous strategies have therefore been proposed to refute or avoid the Epicurean conclusion that death cannot be an evil after all How then are we to account for our intuition that death is not just an evil but perhaps the worst evil that may befall us This is the key issue that Or Li addresses Or Li's book explores various alternative approaches to the complex and difficult issues surrounding Epicurus's notorious argument and provides a defence of the intuitively plausible conclusion that death can indeed be a harm to the person who dies This challenge to Epicurus's claim that death is never a harm to the person who dies is developed by way of a detailed exploration of the issues raised not only by Epicurus but also by his many successors who have responded variously to the challenging issues which Epicurus raised

**The Magic Pill for Death** Sukan Sethi, 2015-06-24 Death is fair to all and treats everyone alike At the time of Death nobody fails everybody passes away The moment you are born you have a death sentence upon you When Where and How are the only questions but you are on Death Row Your Death is confirmed isn't it Keep in mind that when we were born we weren't sent with a one way ticket A confirmed return ticket has been irrevocably issued at the time of birth We may know the time of coming and choose a desired place for the arrival but the details of the return trip is secretly locked away by the Universe Death is the final destination of the body not of the soul The Magic Pill for Death will not prevent you or others from dying but rather prepare you for it It will strengthen you through awareness to accept the inevitable and accept it with strength and dignity If you have lost a loved one If you have lost a beloved pet If you are facing Death or know somebody who is dying If someone you know has lost a loved one If you want to better understand the phenomena of Death Then look no further this book will help you

**Immortality and the Philosophy of Death** Michael Cholbi, 2015-12-02 Death comes for us all eventually Philosophers have long been perplexed by how we ought to feel about death Many people fear death and believe that death is bad for the person who dies But is death bad for us and if so how is its badness best explained If we do not survive death if death is simply a state of nothingness how can death be bad for us If death is bad for us do we have good reason to live as long as possible Would an immortal life really be a good human life or would even an immortal life eventually become tedious and make us long for mortality This volume presents fourteen philosophical essays that examine our attitudes toward mortality and immortality The topics addressed have become more urgent as scientists attempt to extend the human lifespan perhaps even indefinitely This book invites the reader to critically appraise his or her own attitudes toward death and immortality by exploring the ethical metaphysical and psychological complexities associated with these issues
