into the church of payments to minstrels and skilled craftsmen The People of the Moor have to face up to religion shock as a reform movement rocks their foundations They contend with a tsunami pirates and soldiers As the generations roll by we experience life in an 18th century village and witness a remarkable experiment by Hannah and her sisters An in depth look at the mid Victorians holds up a mirror to social transformation on wheels and the challenge of educating and providing for the poor Some intriguing characters pass each other in the street in 1840 Who is the village tailor a yeoman farmer with relatives sentenced to death or transportation to Australia a Quaker girl and the old gypsy who will die next year in the workhouse In time new forms of power take hold and rural communities between the wars experience rapid social change This story of small communities on their journey through time is a microcosm of English history The march of 60 generations is our story too
