Something Is Missing In Beijing:

Something Is Missing in Beijing Eric W. K. Tsang, 1991-07 **The Man from Beijing** Henning Mankell, 2010-02-16

From the dean of Scandinavian noir Henning Mankell the internationally bestselling and universally acclaimed Kurt Wallander series an incredible stand alone masterpiece a bone chilling mystery that spans two centuries and four continents In the far north of Sweden a small quiet village has been almost entirely wiped out by a mass murderer The only clue left at the scene is a red ribbon Among the victims are the grandparents of Judge Birgitta Roslin who sets out to find the killer Despite being brushed off by the police Birgitta is determined to prove that the murders were not a random act of violence but are part of something far more dark and complex Her investigation leads to the highest echelons of power and into the recesses of history where the seeds of evil deeds were planted

Someone Is Hiding Something Richard Belzer, George Noory, David Wayne, 2015-02-17 A year after the disappearance and commencement of the international search for Malaysia Airlines Flight 370 no sign of the plane has been found no debris no bodies no sign of the much talked about black box Richard Belzer George Noory and David Wayne want to know why Scrutinizing the theories the media and politicians claim are the most likely reasons the plane crashed Belzer Noory and Wayne argue that if a year after a huge Boeing 777 has gone missing and there s still no sign of it whatsoever it s time to think outside the box The public needs to stop being misled If a plane and its passengers went missing once what s to stop it from happening again Some of the theories the authors consider seem implausible on the surface but the thorough research they ve done and the continual failure of politicians aviation authorities and military members around the world to give any indication they re wrong makes their arguments as good if not better than the more widely shared ones The title of this thought provoking volume Someone is Hiding Something is a line spoken by former Malaysian Prime Minister Mahathir Mohamad perhaps the only government official to publicly acknowledge the true reason that neither Flight 370 nor the 239 people onboard have been found

town Macpherson Yenke famed yet controversial quantum physicist joins the hazardous rescue mission to the remote colony and finds himself uncovering the deadly truth that threatens the extinction of humanity itself **East Asia in Transition** Ingyu Oh, 2021-10-07 Both the Cold War view and the so called clashes of civilization view within the post Cold War perspective of international relations fail to explain why the entirety of East Asia is experiencing a worsening of intranational and international confrontations in the 21st century despite the high level of standards of living and the expanding freedom and democracy in the region Hong Kong and Taiwan refuse to reunite with China despite their cultural and ethnic similarities while South Korea and Japan are at loggerheads despite their long term friendship and strategic alliance with the US While Taiwan and Hong Kong are trying to maintain a distance from China South Korea wants to become closer to China and North Korea than ever before All these puzzles are explained by this book using the fresh concept of culture wars that has been developed by minority scholars of international relations Culture wars denote conflicts between peoples nations and states based purely on cultural differences despite similar levels of economic and civilizational progress What looms large in the East Asian culture war in the 21st century is the new conflict between Westernized cultural values and local cultures
